from the Savannah River Site

Class 2 Notification Hazardous Waste Permit Application Modification Requested

The United States Department of Energy (DOE)-Savannah River Operations Office has requested from the South Carolina Department of Health and Environmental Control (SCDHEC) modifications to Savannah River Site's (SRS) 1992 Resource Conservation and Recovery Act (RCRA) Part B Permit Renewal Application for Volume IV. This modification adds 1000 feet of barrier wall system to the F-Area Hazardous Waste Management Facilities (HWMF) corrective action.

This revision (Revision 24 of Volume IV) proposes to add two, four-hundred feet underground barrier wall segments and one, two hundred-feet gate segment. The gate segment will allow for the injection of base or silver solution for metal treatment.

This notice begins a 60 day comment period. More information, including the actual permit applications, is available for review and copying at the DOE Public Reading Room located in the University of South Carolina-Aiken Library, or by contacting personnel identified in this notice. The Permittee's compliance history during the life of the permit being modified is available from SCDHEC.

A public meeting will be held on Wednesday, October 28th at 3:00 p.m. at the Aiken County Public Library. Representatives from SRS will be available to answer questions on the modifications. Written Comments may be sent to SCDHEC. All comments will be considered in the final decision. For additional information, contact Paul Sauerborn, Savannah River Nuclear Decisions, LLC, Savannah River Site, 742-A, Aiken, SC 29808. Please send your comments to R. A. Haynes, Director, Division of Waste Management, South Carolina Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201-1708.
