1.0 DEFINITIONS

- A. "Company" or "the Company" shall mean Savannah River Nuclear Solutions, LLC (SRNS), the Management and Operating Contractor for the U.S. Department of Energy, Savannah River Site under Prime Contract DE-AC09-0SR22470.
- B. "Contracting Officer" shall mean the Government official who is authorized to execute, administer, and terminate Prime Contract No. DE-AC09-08SR22470 between Company and DOE. This includes the authorized representatives thereof, when such individuals are acting within the limits of their authority as delegated by the Contracting Officer.
- C. "DEAR" shall mean Department of Energy Acquisition Regulation.
- D. "DOE" shall mean the United States Department of Energy or any duly authorized representative thereof, including any successor or predecessor agency thereof, including the Contracting Officer.
- E. "FAR" shall mean Federal Acquisition Regulation.
- F. "Government" shall mean the United States Government and includes the U.S. Department of Energy (DOE), the National Nuclear Security Administration (NNSA), and/or any duly authorized representative thereof.
- G. "Head Of the Agency" or "Secretary" shall mean the Secretary, the Under Secretary, and Assistant Secretary, or any other head or assistant head of the executive or military department or other Federal agency.
- H. "Lower-Tier Subcontract" shall mean a purchase order, subcontract, agreement, price agreement, basic ordering agreement, task order, or modification thereof between a higher-tier Subcontractor and a lower-tier Subcontractor.
- I. "Lower-Tier Subcontractor" shall mean a Subcontractor to furnish supplies or services for performance to a prime contractor or a Subcontractor.
- J. "Parties" shall mean Company and Subcontractor together; individually to be referred to as "Party."
- K. "Procurement Representative" means the applicable Company individual(s) authorized to execute and/or administer Subcontract for the Company.
- L. "Services" shall mean labor, direction of labor, production of technical information, consulting services or any other services furnished by Subcontractor under this Subcontract.
- M. "Subcontract" shall mean purchase order, order, subcontract, agreement, price agreement, basic ordering agreement, task order, or modification of any of the foregoing.
- N. "Subcontractor" shall mean the person or organization entering into a Subcontract with Company.
- O. "Supplies" shall mean items, goods, equipment, components, parts, and materials to be provided by Subcontractor and its lower-tier Subcontractor at any tier pursuant to this Subcontract.
- P. "Work" shall mean all the stated or implied activities to be performed by Subcontractor as required by the Subcontract, including the furnishing and supervision of all technical personnel and labor, and the supply of equipment, items, materials, and supplies necessary to perform this Subcontract.

2.0 ORDER OF PRECEDENCE

Any inconsistencies shall be resolved in accordance with the following descending order of precedence:

- (1) Negotiated Terms and Conditions
- (2) Terms and Conditions

- (3) Articles Incorporated by Reference
- (4) Statement of Work or other description of services or Supplies

3.0 AGREEMENT FOR THE BENEFIT OF DOE

Assignment by Company. This Subcontract may be unilaterally assigned by the Company to DOE or DOE's designee, with subsequent written electronic notice of such assignment to Subcontractor. Following such transfer and assignment, the Company shall have no further responsibilities hereunder.

Assignment by Subcontractor. Unless permitted in paragraph C of this Article, Subcontractor shall not assign Subcontract, including any rights or obligations thereunder, wholly or in part, voluntarily, by operation of law, or otherwise without the prior written electronic consent of the Company. Any assignment of Subcontract in violation of the foregoing shall, at the unilateral option of Company, be void. Subcontractor shall submit the documentation prescribed in FAR 42.12 when requesting Company acceptance of Subcontractor's successor in interest or to recognize Subcontractor's change of name.

Assignment of Rights to be Paid. Subcontractor may assign rights to be paid amounts due or to become due to a bank, trust company, or other financing institution, including a Federal lending agency, if the Procurement Representative is promptly furnished written notice and a signed copy of such assignment, provided that any assignment of monies shall be subject to (1) proper setoffs in favor of Company and (2) any deductions provided for in this Subcontract.

Funding. Unless at the unilateral discretion of Company, Company shall make all payments under this Subcontract from Government funds advanced and agreed to be advanced by DOE, and not from its own funds. In almost all circumstances, funds recovered by Company from Subcontractor are Government funds.

Right to Recovery. If Company seeks recovery from Subcontractor, Subcontractor agrees it shall not plead, assert or raise in any manner a defense that Company has no right to recover (1) because Company, itself, rather than DOE, has suffered no damages on account of the cost-reimbursable nature of Company's Prime Contract with DOE, or (2) because DOE has accepted the project or task performed under this Subcontract.

4.0 ACCEPTANCE OF TERMS AND CONDITIONS

- A. Subcontractor, by signing this Subcontract or delivering the items identified herein, agrees to comply with all the terms and conditions and all specifications and other documents that this Subcontract incorporated by reference or attachment. Subcontractor shall be solely responsible for requesting instructions and interpretations and shall be solely liable for costs and expenses arising from Subcontractor's failure to do so. All rights and obligations shall survive final performance of this Subcontract.
- B. Subcontract sets forth the entire agreement between Company and Subcontractor concerning the subject matter of this Subcontract. To avoid any doubt, this Subcontract supersedes all prior and contemporaneous negotiations, understandings, and agreements, whether oral or written, pertaining to the subject matter hereof, and it supersedes and takes precedence over any conflicting or supplemental terms and conditions included in any Subcontractor proposal, quote, acknowledgement, or invoice, all of which are hereby objected to and expressly rejected.
- C. If this subcontract requires on-site work, the subcontractor will be required to meet the "On-Site Requirements" listed on our website: SRS - SRNS General Provisions and Related Documents.

5.0 AUTHORIZED REPRESENTATIVES AND NOTICE

Unless otherwise specified, all notices and communications in accordance with or related to this Subcontract shall be between authorized representatives designated in writing by the parties. Notices shall be in writing and may be served either personally on the authorized representative of the receiving Party, by email, facsimile, courier or express delivery, or certified mail to the facsimile number or address shown on the face of this Subcontract or such address as directed by notice.

6.0 INDEPENDENT CONTRACTOR

Subcontractor shall act in performance of this Subcontract as an independent contractor and not as an agent for Company or the Government, maintaining complete control over its employees and all lower-tier Subcontractors.

Nothing contained in this Subcontract, or any lower-tier Subcontract shall create any contractual relationship between any such lower-tier Subcontractor and the Government or Company. Subcontractor is solely responsible for the actions of itself and its lower-tier Subcontractors, Agents, and Employees.

Subcontractor shall not utilize or propose individuals for Work previously terminated for cause from Company.

7.0 LOWER-TIER SUBCONTRACTORS

The requirements of this Article shall be flowed down to all lower-tier Subcontractors.

When the use of a lower-tier Subcontractor is determined to be necessary, the higher-tier Subcontractor shall flow down those terms and conditions applicable for the activities within its defined scope of work, in accordance with referenced Codes/Standards/Material Specifications and any other requirements included within this Subcontract.

The higher-tier Subcontractor shall flow down all commercial Terms and Conditions, including articles incorporated by reference, to all lower-tier Subcontractors, which includes verification that the lower-tier Subcontractor has been appropriately qualified to perform the activities required to satisfy this procurement. The higher-tier Subcontractor shall maintain objective evidence of the successful flow down of the referenced requirements and provide such evidence to the Company upon request. This flow down is also required at all levels if the lower-tier Subcontractor to the higher-tier Subcontractor deems it necessary to Subcontract further its parts of this Contract.

8.0 CHANGES

The Company reserves the right to make changes within the general scope of this Subcontract by issuance of a unilateral change order, or by a bilateral modification to this Subcontract. Such changes may include, without limitation, changes in (1) the description of the items; (2) the quantities of items ordered; (3) the method of shipment or packaging, and (4) the time or place of delivery, inspection, and/or acceptance. The Subcontractor shall promptly comply with any such change made by the Company. If any change affects the cost of or the time required for performance, an equitable adjustment to the price and/or delivery requirements and other affected provisions of the Subcontract shall be made by the parties in a bilateral modification to this Subcontract. For any change, whether directed or constructive, Subcontractor must assert any request for equitable adjustment under this article in writing, together with such supporting information as the Company may require, electronically and within thirty days from the date of Subcontractor's first knowledge of the change, or Subcontractor's right to assert such request for equitable adjustment shall be waived.

9.0 PUBLICITY

- A. Subcontractor shall not publicly disclose information concerning any aspect of the materials or services relating to this Subcontract without the prior written electronic approval of the Procurement Representative unless specifically required by law.
- B. The interest of Company or DOE in this Subcontract may not be used in advertising or publicity without advance written approval of the Procurement Representative.
- C. The requirements of this Article, including paragraph (c), shall be flowed down to all lower-tier Subcontracts.

10.0 DISPUTES

- A. Subcontractor and Company agree to make good-faith efforts to settle any dispute or Claim that arises under this Subcontract through discussion and negotiation. If such efforts fail to result in a mutually agreeable resolution, the Parties shall consider the use of Alternative Dispute Resolution (ADR). Whether mediation or binding arbitration is voluntarily agreed to, or court ordered, the site of the proceedings shall be Aiken, South Carolina; the Parties shall share the cost of obtaining the mediator or arbiter, and each Party shall bear its discretionary costs.
- B. "Claim," as used in this Article, means a written demand or written assertion by one of the contracting Parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of Subcontract terms, or other relief arising from or relating to this Subcontract, or its breach. However, a written demand or written assertion by Subcontractor seeking the payment of money is not a Claim until certified, if

certification is required by paragraph (d) below. A request for payment (e.g., a voucher, invoice, or other routine request for payment, a termination settlement proposal, or a request for an adjustment or equitable adjustment) that is not in dispute when submitted is not a Claim. An initially undisputed request for payment may be converted to a Claim by Subcontractor by complying with the submission and applicable certification requirements in paragraphs (c) and (d) below.

- C. A Claim by Subcontractor shall be made in writing, cite this Article, and be submitted to the Procurement Representative with a request for a Final Decision.
- D. Subcontractor and any lower-tier Subcontractors whose portion of the Claim exceeds \$50,000 shall certify its portion of the Claim; provided however, if Subcontractor cannot certify the lower-tier Subcontractor's portion of Subcontractor's Claim, Subcontractor shall explain in writing why it cannot certify that portion.
 - (1) Company shall not be liable for, and shall not pay, any Claim originated by Subcontractor if that Claim exceeds \$50,000 unless Subcontractor's Claim is accompanied by the below certification from Subcontractor.
 - (2) Company shall not be liable for, and shall not pay, any Claim of a lower-tier Subcontractor to Subcontractor if that Claim, without mark-ups by a higher-tier subcontractor or Subcontractor, exceeds \$50,000 unless that Claim is accompanied by the below certification from the lower-tier Subcontractor that originated the Claim.
 - (3) The aggregate amount of both increased and decreased costs shall be used in determining when the dollar threshold requiring certification is met.

11.0 CERTIFICATION

I certify under penalty of law that: this Claim is made in good faith; that the supporting data is accurate and complete to the best of my knowledge and belief; the amount requested accurately reflects the contract adjustment for which the Subcontractor believes Company is liable; and that I am duly authorized to certify the claim on behalf of [[the Subcontractor or lower-tier Subcontractor, as appropriate]].

I further acknowledge that Company is a prime contractor to the U.S. Department of Energy, and this claim, if accepted by Company, will be paid for with Government funds and therefore be paid by the Government through a letter of credit arrangement with Company, and that a false or fraudulent claim may subject me and/or the Subcontractor to penalties, including, but not limited to, those under the False Claims Act, 31 U.S.C. 3729-3733.

- (1) A Claim from Subcontractor shall be deemed denied if Procurement Representative does not issue a written Final Decision (i) by the date the Procurement Representative notified Subcontractor that the decision would be issued, or (ii) within 60 calendar days after receipt of the Claim if the Procurement Representative did not notify Subcontractor of a date by which the Final Decision would be issued. The Procurement Representative may, but is not required to, issue a written Final Decision after a Claim is deemed denied.
- (2) The Procurement Representative's Final Decision on any Subcontractor Claim shall be final and conclusive between the Parties with no right of judicial review, provided however, that the Final Decision shall not be final and binding against either Party, and shall be given no evidentiary weight by the trier of fact, if Subcontractor files suit within 90 calendar days of the written Final Decision in the appropriate court as provided for in paragraph (f) below.
- (3) Subcontractor shall have no right to file suit prior to the date of the written Final Decision or 60 calendar days from the Procurement Representative's receipt of the Claim, whichever occurs earlier.
- (4) State Agency. Where Subcontractor is a State agency, such as an Educational Institution, the applicable constitutional provisions or statutes that govern sovereign immunity shall dictate the appropriate forum and law governing substantive issues.
- (5) Seller not a State Agency.

- a. Any litigation shall be brought and prosecuted exclusively in Federal District Court, with venue in the United States Court for the District of South Carolina, Aiken Division.
 - b. In the event the requirements for jurisdiction in Federal District Court are not present, such litigation shall be brought in either Aiken, Barnwell, or Allendale County, South Carolina.
- (6) The parties agree to trial by judge alone and hereby waive any right to demand a trial by jury.
 - (7) If a court awards interest of any kind, interest shall be simple interest at the applicable rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (Public Law 95-563). If a court awards prejudgment interest, interest shall accrue from no earlier than the date a Claim is received by the Procurement Representative. Subject to (f)(1), the resolution of all issues arising from or relating to this Subcontract shall be governed to the maximum extent practicable by the common law of federal contracts; provided, however, that (i) the "Christian Doctrine" shall not apply, meaning that Government procurement clauses (e.g., the FAR and the DEAR) or portions thereof not appearing in Subcontract shall not be read into this Subcontract, and (ii) where the language of any Article, provision or term herein differs from the language of a Government procurement clause, provision or term, the differing language of this Subcontract shall control. Where the common law of federal contracts does not apply, then subject to (f)(1), resolution shall be governed by the laws of the State of South Carolina, without regard to its Conflicts of Laws rules.
 - (8) There shall be no interruption in the performance of the work, and Subcontractor shall proceed diligently with the performance of this Subcontract pending final resolution of any dispute arising under or related to this Subcontract between the Parties or between Subcontractor and its lower-tier Subcontractors.
 - (9) The contractual remedies in this Article shall not be deemed to waive, postpone the running of, extend, or otherwise affect any statute of limitation applicable to any request for payment or Claim.

12.0 TERMINATION FOR DEFAULT

The Company may terminate this Subcontract, in whole or in part, if Subcontractor: (1) fails to supply enough properly skilled workers or proper materials or equipment so as to endanger performance of this Subcontract; (2) fails to make payment to sub-tier subcontractors for materials or labor in accordance with the respective Subcontracts between the Subcontractor and the sub-tier subcontractors; (3) disregards applicable laws, ordinances, rules, regulations, directives, or orders, or instructions of the Company; (4) fails to adhere to the time specified in this Subcontract for performance of services or delivery of supplies or services.; or (5) otherwise fails to comply with any material terms of this Subcontract. The Company's right to terminate this Subcontract may be exercised if the Subcontractor does not cure such failure within ten (10) days after receipt of notice from the Company specifying the failure.

The Company may take possession and use any materials, tools, equipment, and the construction facilities and premises and finish the work by whatever method The Company deems expedient at Subcontractor's expense which includes any increased cost incurred that exceeds the Subcontract price.

Subcontractor will not be deemed to be in default for failure to perform caused by the failure of a sub-tier subcontractor if the failure was beyond the control of both Subcontractor and sub-tier subcontractor and without the fault or negligence of either.

The rights and remedies of The Company in this clause are in addition to any other rights and remedies provided by law or under this Subcontract.

13.0 TERMINATION AT COMPANY'S OPTION

The Company shall have the right at any time, with or without cause, to terminate further performance of the work, by written notice to Subcontractor, specifying the date of termination. On the date of such termination stated in said

notice, Subcontractor shall discontinue performance of the work, and shall preserve work in progress and completed work, pending Company's instructions, and shall turn over such work in accordance with Company's instructions.

If Subcontractor has fully and completely performed all obligations under this Subcontract up to the date of termination, Subcontractor shall recover from Company as complete and full settlement for such termination: (a) for work to be performed for a lump sum Contract Price under this Subcontract, the actual costs of all such work satisfactorily executed to the date of termination, plus overhead and profit on such costs based on the percentage agreed to in the original schedule of values. (b) actual cost incurred by Subcontractor to return Subcontractor's field tools and equipment, if any, to its or its suppliers' premises and to turn over work in progress and completed work in accordance with Company's instructions; plus, (c) actual substantiated cost necessarily incurred in effecting the termination; less, (d) all amounts previously paid to Subcontractor for the work. This is more fully delineated in FAR 31.205-42, which is set forth in its entirety in Part 4.

All claims under any of the foregoing terms and conditions of this Section shall be supported by Subcontractor's accounting records or other such documentation satisfactory in form and content to Company and verified by Company. In no event shall Subcontractor be entitled to any consequential damages, including but not limited to prospective profits, loss of future business, loss of production and impairment of credit, and any other such perspective damages because of the termination. All payments made pursuant to Termination at Company's option will be subject to audit. If Company elects to audit Subcontractor's claims for termination for convenience costs, no payments will be made to Subcontractor, including any outstanding pre-termination costs, until the audit has been completed. The warranty obligations in this Subcontract will survive the termination.

14.0 EXCUSABLE DELAYS

Subcontractor shall not be liable to Company if its nonperformance is caused by an occurrence beyond the reasonable control of the Subcontractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. However, if Subcontractor's failure to perform is caused by the failure of its lower-tier Subcontractor to perform or make progress, and if the cause of such failure was beyond the reasonable control of both Subcontractor and the lower-tier Subcontractor(s) and without the fault or negligence of either, then Subcontractor shall not be deemed to be in default, unless the supplies or services were timely obtainable from other sources. Subcontractor shall notify the Procurement Representative in writing as soon as possible after any excusable delay period begins and ends.

Company shall not be liable to Subcontractor if Company's nonperformance is caused by an occurrence beyond the reasonable control of Company and without its fault or negligence, such as acts of God or the public enemy, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. Subcontractor's sole remedy shall be a schedule extension to this Subcontract if the facts support the extension requested by Subcontractor. The Procurement Representative shall notify Subcontractor in writing as soon as reasonably possible after an excusable delay period begins and ends.

15.0 PAYMENT BY ELECTRONIC FUNDS TRANSFER

A. Methods of Payment

- (1) Payments by Company under this Subcontract shall be made by EFT except as provided in paragraph A.2 of this article. As used in this article, the term "EFT" refers to funds transfer and may also include payment information transfer.
- (2) In the event Company is unable to release one or more payments by EFT, Subcontractor agrees to either:
 - (a) Accept payments by check or some other mutually agreeable method of payment; or
 - (b) Request Company extend payment due dates until such time as Company makes payment by EFT.

16.0 PAYMENT

- A. Unless otherwise provided, terms of payment shall be Net-30 days from delivery of Supplies or completion of Services and shall be payable by Company upon receipt and acceptance of Supplies or completion of Services and receipt, by Company, of correct invoices.
- B. Subcontractor shall issue electronically all invoices directly to Accounts Payable via SRNS-ACCTSPAY@srs.gov email account. Subcontractor shall include banking information on each invoice submitted to facilitate proper Electronic Funds Transfer (EFT). Subcontractor invoices shall include Subcontractor name; invoice date; this Subcontract number; Subcontractor invoice number, account number, and/or any other identifying number agreed to by this Subcontract; description (including, for example, subcontract line/subline number); unit price and quantity of Supplies, Services rendered per specific line item and line item sub-total cost; subcontract name (where practicable), title and telephone number; other substantiating documentation or information required by this Subcontract.
- C. Any offered discount shall be taken if payment is made within the discount period the Subcontractor's invoice indicates. Credit and discount periods shall be computed from dates such invoices are payable to dates Company's check is mailed or, for EFT, specified payment dates. Unless freight and other charges are itemized, discounts will be taken on full invoice amounts.
- D. The dates of payment shall, subject to contrary terms on the face hereof, be computed from Company's receipt of acceptable invoices. Drafts will not be honored. If there are invoice discrepancies, Company will reject invoices and relay to Subcontractor invoice deficiencies within ten (10) days of receipt of invoices. Such invoices will not be acted upon. Receipt of corrected invoices will re-initiate aging of invoices for payment purposes.
- E. For Supplies subject to inspection or testing as condition of acceptance, Company may, in its sole discretion, pay invoices prior to acceptance subject to repayment if Supplies are not accepted. Payment for Supplies, either wholly or in part, shall not be deemed or construed as acceptance.
- F. If Subcontractor becomes aware of duplicate invoice payments or Company has otherwise overpaid on invoice payments, Subcontractor shall immediately notify Company and request instructions for disposition of overpayments.

17.0 COMPLIANCE WITH LAWS

- A. Subcontractor shall comply with all applicable federal, state, and local laws and ordinances and all pertinent lawful orders, rules, and regulations unless relief has been granted in writing by the appropriate regulatory agency. Except as otherwise directed by the Company, Subcontractor shall procure, without additional expense to the Company, all necessary permits and/or licenses.
- B. The requirements of this Article, including paragraph (b), shall be flowed down to all Lower-Tier Subcontractors.

18.0 BANKRUPTCY

If the Subcontractor enters into any proceeding relating to bankruptcy, it shall give written notice via certified mail to the Company's Procurement Representative responsible for administering this Subcontract within five (5) calendar days of initiation of the proceedings. The notification shall include the date on which the proceeding was filed, the identity and location of the court and a listing of the Company's Subcontract numbers for which final payment has not been made.

19.0 TAXES

To the extent possible, Subcontractor will use its best efforts to obtain services, materials and supplies furnished under this Subcontract that are tax exempt by sharing the exemption certificate that is an [[Reference to SRNS certificate from SC]]. Subcontractor shall determine at the time of providing bids for this Subcontract and all subsequent modifications to this Subcontract if it is able to procure services, materials and supplies that are tax exempt. If the

exemption certificate is not accepted, then the Subcontract price shall include all applicable Federal, State, and local taxes and duties.

20.0 WARRANTY

Subcontractor warrants that it will perform the Work in a professional and workmanlike manner and that all Work shall be free of material errors and defects. If the Company identifies a non-conformity, the Company shall notify Subcontractor of the same and Subcontractor shall promptly correct such error or defect at no additional cost to the Company.

Further, Subcontractor warrants that the Work provided hereunder shall not infringe any other party's intellectual property rights or interests.

Subcontractor warrants any and all Work performed and/or items furnished shall comply with all requirements of the Occupational Safety and Health Act of 1970, as the same may be amended from time to time and including all regulations adopted pursuant to such Act, and shall comply with all requirements of any applicable health or safety statute or regulation of any state or local government agency having jurisdiction in the location to which items are to be shipped or Work is to be performed pursuant to this Subcontract.

Subcontractor warrants every chemical substance delivered under this Subcontract shall, at the time of sale, transfer, or delivery, be on the list of chemical substances compiled and published by the Administrator of the Environmental Protection Agency pursuant to Section 8(b) of the Toxic Substances Control Act (Public Law 94-469).

Subcontractor warrants any and all Work performed and/or items furnished shall comply with all requirements of the Occupational Safety and Health Act of 1970, as the same may be amended from time to time and including all regulations adopted pursuant to such Act, and shall comply with all requirements of any applicable health or safety statute or regulation of any state or local government agency having jurisdiction in the location to which items are to be shipped or Work is to be performed pursuant to this Subcontract.

Subcontractor warrants every chemical substance delivered under this Subcontract shall, at the time of sale, transfer, or delivery, be on the list of chemical substances compiled and published by the Administrator of the Environmental Protection Agency pursuant to Section 8(b) of the Toxic Substances Control Act (Public Law 94-469).

Subcontractor warrants all items provided to Company are genuine and meet the requirements of 18 U.S.C. 2320 Trafficking in counterfeit goods or services, as more fully described the Statement of Work. The Subcontractor's warranty also extends to labels and or trademark logos affixed or designed to be affixed to items supplied or delivered to Company. In addition, falsification of information or documentation may constitute criminal conduct; Company may reject or retain such information at no cost, and identify, segregate, and report such information to Government officials.

21.0 INSPECTION/ACCEPTANCE

Unless otherwise specified in this Subcontract, Subcontractor shall be responsible for all quality assurance measures necessary to ensure that only items and services conforming to the requirements of this Subcontract are tendered to Company for acceptance. This shall include such testing, in process inspections and other verification measures as are customary in the industry to ensure that parts, components, and materials furnished by lower-tier Subcontractors of Subcontractor and incorporated into end items furnished to Company are not counterfeit or of suspect quality.

Notwithstanding Subcontractor's responsibility for all quality assurance measures as described in paragraph (a) above, Company has the right to conduct process inspections if this Subcontract is for services. If conducted, such inspections shall be performed in a manner that will not unduly delay the work, and Subcontractor shall provide all reasonable facilities and assistance for the safe and convenient performance of such inspections without additional charges.

Company reserves the right to inspect and test all items and services that have been tendered for acceptance. Company has the right to reject nonconforming items and services with or without disposition instructions from Subcontractor; the right to require their correction, replacement, reperformance; the right to accept nonconforming items or services and reduce the Subcontract amount to reflect the reduced value of the nonconformance(s); or the right to terminate this

Subcontract. Company exercises its post-acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the conditions of the item or services unless the change is due to the defect in the item or service.

Company shall not be obligated to inspect the items or services, and neither the inspection nor the lack of inspection by Company shall relieve Subcontractor of its responsibility for providing the items or services in accordance with the terms of the Subcontract. The inspection or use of or payment for item under the Subcontract, either wholly or in part, shall not be construed as acceptance.

22.0 SUSPECT/COUNTERFEIT PARTS

The Subcontractor shall compensate Company, its agent and third parties, specifically including Government, for any financial loss, injury, or property damage resulting directly or indirectly materials that are suspect or counterfeit, materials that have been provided under false pretenses and material or items that are altered, deteriorated or the use of which results in failure of other components.

Types of materials, parts and components known to have been misrepresented, include, but are not limited to, fasteners, hoisting rigging, and lifting equipment, cranes, valves, pipe fittings, electrical components, and structural items.

23.0 DEFECT IDENTIFICATION AND REPORTING

In the event the Subcontractor becomes aware of any latent defect(s) in any item(s) furnished under this Subcontract, the Subcontractor shall promptly notify the Company Procurement Representative. This notice shall provide at a minimum the following information:

- Name and address of the person making the notification,
- Nature of the defect and any substantial safety hazard that could result, if known
- full description of the item(s),
- manufacturer, model and/or part number,
- complete description of the latent defect,
- impact of the defect on the operation of the item(s),
- action(s) to be taken by the Company relative to return, re-fit, repair, etc.,
- date of purchase by the Company, and
- applicable company agreement Subcontract number.
- Actions that have been taken or are being planned to correct the defective item(s) or service(s), including designation of the organization responsible for implementing the corrective actions and schedule for completion.
- Additional pertinent information

In the event the report submitted is only preliminary, a written follow-up report shall be made each forty-eight (48) hours thereafter until a final written report can be made. The final written report shall be submitted to Company as soon as possible, in light of the defect's magnitude, but in no event shall it be provided later than thirty (30) days following discovery of the defect. The final written report should be comprehensive in terms of addressing the defect(s) and any remedial actions required to overcome the fact that the defective item(s) and/or service(s) were provided.

The responsibility for identifying and reporting a defective item or service shall extend to all levels and individuals of the Subcontractor. The Subcontractor shall include this Article in all lower-tier Subcontracts entered into under this Subcontract.

24.0 GOVERNMENT PROPERTY AND RISK OF LOSS

A. Unless otherwise provided in the Subcontract, title to the items purchased under this Subcontract shall pass directly to the Government upon, and the risk of loss or damage to the items shall remain with the Subcontractor until and shall pass to the Company upon:

- (1) If F.O.B. Shipping point Completion of delivery to the carrier and any loading by the Subcontractor.
- (2) If F.O.B. Destination: Completion of delivery or commencement of unloading by the Company at the delivery point.

B. However; (1) if the Subcontract provides for formal acceptance of any items by the Company, then title to such items shall pass directly to the Government upon such formal acceptance; and (2) the title and risk of loss or damage to items that are nonconforming shall remain with the Subcontractor until acceptance of the items by the Company as conforming.

25.0 SUSPENSION

The Company may, for any reason, direct the Subcontractor to suspend performance of any part of or all of the performance of this Subcontract for an indefinite period of time. If any such suspension significantly delays the progress of or causes the Subcontractor additional direct expenses in the performance of the Subcontract, not due to the fault or negligence of the Subcontractor, the compensation to the Subcontractor shall be adjusted by a modification to this Subcontract on the basis of the additional direct expenses of the Subcontractor to perform the Subcontract and the time of performance of the Subcontract shall be extended by the actual duration of the suspension. Any claim by the Subcontractor for compensation of a schedule extension must be supported by an appropriate document asserted within ten (10) days from the date a Subcontract is given to the Subcontractor to resume the performance of the Subcontract.

26.0 WORK ON SRS, GOVERNMENT OR OTHER PREMISES/INSURANCE REQUIREMENTS

- A. As to the work to be done or performed by Subcontractor on premises owned or controlled by SRS, the Government, or the premises of other SRS Subcontractors, Subcontractor assumes the entire responsibility and liability for losses, expenses, damages, demands, and claims in connection with or arising out of any injury including death, or damage to property, sustained in connection with or to have arisen out of the negligent acts or omissions of Subcontractor or its Subcontractor's, agents, or employees. Subcontractor shall indemnify and hold harmless the Government and the Company from and against any and all claims, demands, actions, causes of action including those brought by an employee of the Subcontractor or a State Industrial Insurance Subcontractor under a Workers/ Workmen's Compensation Act or statute, suits, damages, expenses including attorney fees and liabilities whatsoever resulting from or arising in any manner on account of or by reason of any injury to or death of any person or any damage to or loss of property attributable directly or indirectly to the negligent acts or omissions of Subcontractor or its Subcontractor's, agents, or employees arising out of, or in any way connected with the performance of this Subcontract, whether or not caused in any way by some act or omission, negligence or otherwise, of the Company or the Government; provided however, that the Subcontractor's duty to indemnify shall not arise if such injury, death, destruction or loss is caused by the negligence of the Company or the Government. Nothing in the foregoing shall be construed to require Subcontractor to indemnify and save harmless the Government and the Company from any liability arising out of or resulting from a nuclear incident. To the extent necessary to execute the foregoing indemnification and as permitted by law, Subcontractor specifically waives any and all immunity provided by any industrial insurance or Workers/Workmen's Compensation Act or statute.
- B. When Subcontractor shall perform any part of the work on the premises, or remotely/virtually of the SRS or the Government during the performance of this Order, the Subcontractor shall have in force and effect, policies of insurance conforming to the terms set forth in Paragraph C of this Article.
- C. All personnel operating motor vehicles at SRS must have a valid driver's license, vehicle registration and proof of insurance (regardless of state of origin). Anyone not having these documents is subject to being denied access to SRS and, if in violation of a law, being cited for the violation.
- (1) The Subcontractor shall procure and thereafter maintain at its own expense, the following insurance:
 - Workers' Compensation and Employer's Liability.
 - Limits of Liability: Worker's Compensation: Statutory limits in the jurisdiction wherein the Work is to be performed.
Employer's Liability: A minimum of \$1,000,000.

- (i) Comprehensive general liability including Bodily Injury and Property Damage.
 - Limits of Liability: A minimum of \$1,000,000 Combined Single Limit.
 - Endorsements: SRNS and the Government to be endorsed as Additional Insured.
 - Contractual Liability including all coverage endorsed on the basic policy.
- (ii) Automobile Liability including Bodily Injury and Property Damage including All Owned, Non-Owned and Hired.
 - Limits of Liability: \$1,000,000 Combined Single Limit
- (iii) For Subcontracts involving blasting or other hazardous operations, the Subcontractor's insurance shall specifically state that all blasting or such other hazardous operations are fully covered.

- (2) Certificates of insurance evidencing that the requirements of this Article have been met shall be furnished to the Company before work is commenced under this Subcontract, (Ref. OSR 1-183). In addition, a copy of the policy endorsement for Comprehensive General Liability insurance (Ref. paragraph C. (1)(ii) above), naming SRNS and the Government as "Additional Insured", shall be submitted with the certificate of insurance. Provisions shall be made for thirty days' advance notice by mail to the Company's Procurement Representative of change in or cancellation of such insurance. Certificates shall be issued by insurance carriers satisfactory to the Company.
- (3) In the event the Subcontractor fails to furnish such Certifications of Insurance, as required in Paragraph 2 herein above, prior to commencement of work or to continue to maintain such insurance during the performance of the Subcontract, the Company shall have the right to stop work and/or to withhold any payments or partial payments required to be made under this Subcontract; and shall have the right to continue withholding any or all of said payments so long as the Subcontractor has not complied with the requirements of this Article.

D. Subcontractor agrees to comply with and require its Subcontractors to comply with all applicable laws, rules, and regulations with respect to state industrial insurance or Workers/Workmen's Compensation, occupational disease, occupational safety, and health, or withholding and payment of social security and federal and state income taxes. Subcontractor further agrees to indemnify the Company and the Government against, and to save and hold harmless the Company and the Government from, any and all liability and expense with respect to claims against the Company or the Government which may result from the failure or alleged failure of Subcontractor or of any of its Subcontractors to comply there with.

E. Additional requirements for insurance specific to work or other special regulations are, but may not be limited to:

Subcontracts with work involving high or medium hazard activities (identified on a OSR 1-183, Subcontract Safety Checklist) shall require a letter from each subcontractor's workers compensation insurance carrier certifying the Experience Modification Rate provided on a subcontractor's Environmental, Safety, and Health Evaluation Worksheet is accurate Subcontracts with work involving the protection of air, water, land, and other natural and cultural resources may require additional insurance requirements contingent upon guidance obtained from the Environmental Permitting and Compliance Organization. At the approval of the Director of SCM and DOE, Procurement Representatives shall require subcontractors to carrying insurance ranging from \$2 to \$5 million.

This insurance article shall be added to these specific subcontracts as direct, "In addition to the coverage required by the terms and conditions, Subcontractor shall procure and maintain, at its expense, Contractors' Pollution Liability Insurance or Environmental Impairment Insurance in limits not less than [[INSERT: \$2-5 million]] for each claim."

Subcontracts with work for medical services shall include the requirement for valid and current medical malpractice insurance in the amount of \$1 million per occurrence and shall require a copy of certificates of insurance to be submitted to procurement representatives prior to the commencement of work, as well as a copy of the written policy endorsement naming SRNS and the Government as additionally insured under the policy.

F. Medical results will be provided to Subcontractor personnel. The Company will provide on-site Medical Surveillance program or 3rd party designee, based on the Work scope hazards. Subcontractor's corporate occupational medicine program must be compliant with all other 10 CFR 851 requirements.

- G. The Company will be responsible for an exit medical evaluation, when required, for Subcontractor personnel with known occupational illnesses, injuries, and/or documented or presumed exposure and when required by OSHA regulations. All diagnostic /monitoring exams and return to work (after an absence of 24 work hours) exams are to be provided through Subcontractor.
- H. Site Reporting Requirements
Subcontractor personnel shall immediately notify the Procurement Representative of any event or condition that may require reporting to DOE. Subcontractor shall cooperate with any Company or DOE critique, analysis, or investigation and complete necessary reports for such events and/or conditions. Events and/or conditions requiring reporting to DOE are defined in DOE Manual 231.1-2 and can include, but not limited to:
- a. Operational emergencies,
 - b. Occupational injury or illness (including exposures to hazardous substances in excess of allowable limits) and near misses,
 - c. Any on-the-job injury where Subcontractor personnel is taken offsite for something other than observation. The notification requirement applies to any Subcontractor personnel going offsite for prompt medical treatment of any type. The mode of transportation (ambulance, personal vehicle, etc.) is not pertinent; any offsite transfers must be reported immediately,
 - d. any violation of Lockout/Tagout controls where there are no credible barriers left between the worker, and the energy source regardless of an injury occurrence,
 - e. Fires/explosions,
 - f. Hazardous energy control failures
 - g. Operations shutdown directed by management for safety reasons,
 - h. Environmental release of radioactive materials,
 - i. hazardous substances, regulated pollutants, oil spills, etc.,
 - j. Violation of Federal Motor Carrier Safety Regulations or Hazardous Material Regulations,
 - k. Loss damage, theft, or destruction to Government property (including damage to ecological resources like wetlands, critical habitats, historical/archeological sites, etc.),
 - l. Spread of radioactive contamination or loss of control of radioactive materials,
 - m. Personnel radioactive contaminations or exposures, and
 - n. Violations of procedures.
- I. Immediate notification is required of such events to ensure the Company meets its commitment for thirty (30) minute notification to appropriate DOE authorities. Subcontractor personnel shall preserve conditions surrounding or associated with events or conditions for continued investigation unless such actions interfere with establishing a safe condition. Subcontractor personnel shall not conceal nor destroy any information concerning noncompliance or potential noncompliance with the environment, safety, and health requirements of this Subcontract.
- J. Subcontractor shall perform any part of the Work on the premises of the Company or other premises owned and/or operated by the Government during the performance of this Subcontract, Subcontractor shall demonstrate a culture of respect, including having a written policy on respect in the workplace; and shall be made available upon request.
- K. The Subcontractor shall obtain the approval of the Company, in writing, electronically, prior to any visit to a DOE or the Company facility by any Foreign National or Dual Citizen in connection with Work being performed under

this Subcontract. Visits are normally for the purpose of technical discussions, orientation, observation of projects or equipment, training, Subcontract service Work, including delivery of materials, or for courtesy purposes. The term “access” also includes officially sponsored attendance at a DOE or the Company event off-site from the DOE/the Company facility but does not include off-site events and activities open to the general public. Subcontractors should be aware that required forms and documents necessary for approval of visits by Foreign Nationals should be submitted to the Company Procurement Representative at least four (4) to six (6) weeks prior to the visit. Forms can be obtained from the Company Procurement Representative.

- L. In addition, the Subcontractor shall obtain the approval of the Company Procurement Representative, in writing, electronically, prior to the employment of, or participation by, any Foreign National or Dual Citizen in the performance of Work under this Subcontract, to include any lower-tier Subcontract, at off-site locations.

27.0 SUBCONTRACTOR’S LIABILITY FOR FINES AND PENALTIES

Subcontractor is liable to the Company for all fines and penalties assessed by any governmental entity against the Company or DOE as a result of Subcontractor’s failure to perform its Work under this Subcontract in compliance with the requirements of this Subcontract.

28.0 UNCLASSIFIED CONTROLLED NUCLEAR INFORMATION (UCNI)

- A. Subcontractor shall ensure access to Unclassified Controlled Nuclear Information (UCNI) is provided to only those individuals authorized for routing or special access (see DOE Order 471.1B). Subcontractor may provide access to material or data containing UCNI utilized in the performance of Subcontractor only to Subcontractor employees who are citizens of the United States and possess a need-to-know UCNI to perform official duties or other Subcontractor authorized activities.
- B. Subcontractor shall ensure matters identified as UCNI is protected in accordance with the instructions contained in DOE Order 471.1B. Any material or data containing UCNI, which is stored on computer systems, must be protected, and the protective measures and/or policies must be specified in a Computer Protection Plan approved by the Company’s Computer Security organization. Adherence to the Plan is required during the performance of this Subcontract.
 - (1) Subcontractor shall implement all recommended requirements contained in NIST SP 800-171. If the Subcontractor is not NIST SP 800-171 compliant prior to Subcontract award, Subcontractor shall provide an NIST SP 800-171 Implementation Plan, complete with milestones, to ensure full compliance is achieved within 180 days.
- C. Material or data containing UCNI shall be disposed of in a manner as described DOE Order 471.1B. At a minimum, UCNI matter must be destroyed by using strip cut shredders that result in particles of no more than ¼-inch-wide and 2-inch-long strips. Documents containing UCNI may also be disposed of in the same manner that is authorized for Subcontractor disposition of other classified material or data. If the above disposal methods are not available to the Subcontractor, the Subcontractor may return the UCNI matter to the Subcontractor’s Technical Representative (STR) for disposition, with the prior approval of the STR.
- D. Subcontractor shall report to the Company’s Security Office and Procurement Representative any incidents involving the unauthorized disclosure of UCNI.
- E. If Work under this Subcontractor results in the generation of unclassified documents that contain UCNI, Subcontractor shall have enough trained UCNI review personnel to ensure the prompt and proper review of generated material or data to provide for the identification, marking, and proper handling of material or data determined to contain UCNI. Subcontractor Reviewing Officials shall apply or authorize the application of UCNI markings to any unclassified matter that contains UCNI, in accordance with the instructions contained in DOE Manual 471.1-1, Chapter I Part C.
- F. If Subcontractor has a formally designated Classification Officer, the Classification Officer: (1) Serves as a Reviewing Official for information under their cognizance; (2) Trains and designates other Reviewing Officials in

their organization, subordinate organizations, and lower-tier Subcontractor and maintains a current list of all Reviewing Officials; and (3) may overrule UCNI determinations made by Reviewing Officials under their cognizance.

- G. If Subcontractor has no formally designated Classification Officer, Subcontractor shall submit a request for the designation of Reviewing Officials to the local Government Classification Officer in accordance with the instructions contained in DOE Manual 471.1-1, Chapter I, and Part B. C.

29.0 COUNTERINTELLIGENCE

The Subcontractor shall take all reasonable precautions in the Work under this Subcontract to protect the Company/DOE programs, facilities, technology, personnel, unclassified sensitive information and classified matter from foreign intelligence threats and activities conducted for governmental or industrial purposes, in accordance with DOE Order 475-1, Counterintelligence Program; Executive Order 12333, U.S. Intelligence Activities; and other pertinent national and Departmental Counterintelligence requirements.

The Subcontractor shall comply with requirements established by the DOE-SR Counterintelligence Officer. The DOE-SR Counterintelligence Officer will be responsible for conducting defensive Counterintelligence briefings and debriefings of Subcontractor employees traveling to foreign countries or interacting with foreign nationals. The Subcontractor shall be responsible for requesting defensive Counterintelligence briefings and debriefings of Subcontractor employees who have traveled to foreign countries or interacted with foreign nationals. The Subcontractor shall coordinate Counterintelligence Awareness training activities with the Company Procurement Representative. The Subcontractor shall immediately report targeting, suspicious activity and other Counterintelligence concerns to the Company Procurement Representative and provide assistance to other elements of the U.S. Intelligence Community as stated in the aforementioned Executive Order, the DOE Counterintelligence Order, and other pertinent national and Departmental Counterintelligence requirements.

30.0 COMPLIANCE WITH EMPLOYEE CONCERNS

- A. Subcontractors shall ensure Subcontractor employees are aware of the DOE-SRS and the Company Employee Concerns Programs (ECP) and how to use the program by performing the following:
- (1) Ensure employees are provided with information on the DOE-SRS and the Company ECPs during initial orientation and annual training.
 - (2) Ensure that posters identifying the DOE-SRS and the Company ECP telephone “hotline” numbers are displayed in conspicuous locations throughout the worksite. the Company will provide posters, as necessary.
 - (3) Inform employees and Subcontractor employees of the availability of the DOE-SRS ECP in case of dissatisfaction or lack of confidence with other reporting systems.
 - (4) Ensure managers and supervisors are aware of the prohibition of any reprisal against employees who have or are believed to have raised or reported concerns.
- B. Subcontractors must immediately notify the STR/End User or the Procurement Representative of any employee concern involving:
- (1) A condition which constitutes an imminent threat to the health and safety of site personnel or to the general public.
 - (2) Circumstances which would cause adverse public reaction or receive local media attention.
 - (3) Allegations of reprisal.

C. Subcontractor shall investigate any employee concern referred to by the STR/End User and inform the STR/End User of investigation results within 7 days of receipt of concern. Inform the STR/End User in writing if an extension to this 7-day time frame is required, along with status of investigation to date and actions pending closure. The investigation shall be conducted to the satisfaction of the Company Procurement Representative.

31.0 INDEMNIFICATION AND LIABILITY

Subcontractor shall indemnify, defend and hold the Company and its customer harmless from and against any and all damages, losses, liabilities and expenses (including reasonable attorneys' fees) arising out of or relating to any claims, causes of action, lawsuits or other proceedings, regardless of legal theory, that result, in whole or in part, from Subcontractors, or any of their lower-tier Subcontractors, employees, agents or representatives: (i) intentional misconduct, negligence, or fraud, (ii) breach of any representation, warranty or covenant made herein, (iii) products or services including, without limitation, any claims that such products or services infringe any United States patent, copyright, trademark, trade secret or any other proprietary right of any third party, (iv) unauthorized disclosure of information, by any of its directors, officers, employees, agents, Subcontractors, lower-tier Subcontractors or permitted assigns.

This Subcontract is subject to the Buy American Act – Supplies and Trade Agreements clauses as stated in the Article titled “Clauses Incorporated by Reference.” Subcontractor is solely responsible for compliance with such clause and agrees to indemnify and hold harmless Company from any and all direct, indirect or consequential expenses or other damages relating to or arising out of the failure of Subcontractor or its Lower-Tier Subcontractors to comply with said clauses.

Subcontractor shall indemnify, defend and hold harmless Company and Government and their respective officers, employees and agents against liability, including all damages and costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this Subcontract, provided Subcontractor is reasonably notified of such claims and proceedings by Company and/or Government.

Subcontractor is liable to the Company for all fines and penalties assessed by any governmental entity against the Company or DOE as a result of Subcontractor's failure to perform its Work under this Subcontract in compliance with the requirements of this Subcontract.

32.0 COMPLIANCE WITH DIESEL EMISSION REDUCTION ACT (DERA)

All diesel-powered equipment bought on-site for ARRA work is required to burn ultra-low sulfur diesel fuel (≤ 15 ppm). Fuel certification will be available for inspection upon request.

All pre-1996 model year non-road diesel engine equipment brought on-site for ARRA work shall be retrofitted with EPA verified control equipment. Equipment certification will be submitted prior to commencement of Work.

SRS is implementing South Carolina State Transport Police (SCSTP) maximum idling regulation SCCL§56-35-10. All “self-propelled diesel motor vehicles licensed for use on a public roadway to transport passengers or property when the vehicle has a gross vehicle weight rating or gross combination weight rating of ten thousand and one pounds or more” shall be shut down if the idling period will exceed 10 consecutive minutes. Additional guidance on maximum idling time can be obtained at <http://www.scstp.org>

33.0 INSPECTION EXCEPTION FOR THORIATED TUNGSTEN ELECTRODES

SRS has determined that thoriated tungsten electrodes will no longer be used in the manual Gas Tungsten Arc Welding (GTAW) process at SRS. This applies to the manual GTAW process only. For automatic GTAW the use of thoriated tungsten is allowed due to the dedicated grinding area and control of the process.

34.0 FOREIGN NATIONALS

The term “Foreign National” is defined to be a person who was born outside the jurisdiction of the United States, is a citizen of a foreign government and has not been naturalized under U.S. law. As used in this Article, the term “Dual Citizen” is defined as an individual who is a citizen of more than one country.

In addition, the Subcontractor shall obtain the approval of the Company Procurement Representative, in writing, electronically, prior to the employment of, or participation by, any Foreign National or Dual Citizen in the performance of work under this Subcontract or any lower-tier Subcontract at off-site locations.

35.0 EXPORT CONTROL

Subcontractor agrees to comply with all applicable U.S. export control laws and regulations, specifically including, but not limited to, the requirements of the International Traffic in Arms Regulation (ITAR) and the Export Administration Regulations (EAR) and including the requirement for obtaining any export license or Subcontract, if applicable. Subcontractor agrees that it will not transfer any export-controlled item, data, or services, to include transfer to foreign persons employed by or associated with, or under contract to Subcontractor or Lower-Tier Subcontractors, without the authority of an export license, Subcontract, or applicable exemption or exception.

Subcontractor will immediately notify Company if Subcontractor is, or becomes, listed in any Denied Parties List or if Subcontractor’s export privileges are otherwise denied, suspended, or revoked in whole or in part by Government. Should Subcontractor’s Work include any salvage pursuant to which there may be export controlled items, data or services, Subcontractor shall submit an Export End User Certification; such certification will be provided to Subcontractor on request to Procurement Representative.

36.0 GENERAL CONDITIONS OF EQUIPMENT RENTAL

Rental Payments

Upon the submission of proper invoices or vouchers, the Company shall pay, as full compensation for use of the Equipment, rent at rates set forth in the Subcontract to which these General Conditions are attached. Payments will be made at the end of each month or at the end of the rental, whichever occurs first, for rental accrued during the previous rental period.

Rental Rates

The actual length of the rental period will establish the Base Rental rate (for example, if the Lessor's proposal included a daily, weekly, and monthly rate, and the actual rental period was three da-s - the daily rate would apply; if the actual rental period was ten da-s - the weekly rate would apply; and if the actual rental period was 40 da-s - the monthly rate would apply). The Base Rental Period shall be as in column 1 below. For portions of a rental period beyond one or more full Base Periods, rental shall be calculated by the fractional period multiplied by the Base Rental rate. The Fractional Periods are specified in Column 2 below. Base Rental rates contemplate the following maximum use: D-y - 8 hrs. (or as stipulated at time of rental); We-k - 40 hours; and Mon-h - 176 hrs. For each hour that the Equipment is in use in excess of the applicable contemplated operation, there shall be paid as rental a sum equal to the Base Rental rate multiplied by the overtime rate in Column 3 below.

Should the total rental calculated on the applicable Base Rental rate, exclusive of overtime, exceed the proposed rate for the next longer rental term the lesser rental shall be paid.

	Column 1	Column 2	Column 3
<u>Rental Term</u>	<u>Base Rent Period</u>	<u>Fractional Period</u>	<u>Overtime Rate</u>
Monthly	1 calendar month	.0455 x months = rate/day	.0057x months = rate/hour
Weekly	7 consecutive days	.20 x weeks = rate/day	.025 x weeks = rate/hour

Daily	24 consecutive hours	.125 x days = rate/hour	.125 x days = rate/hour
Hourly	1 per hour	1 hour	1 hour

Condition of Equipment

When delivered to job site, the Equipment shall be in condition to render efficient, economical, and continuous service and its condition shall comply fully with all applicable Federal and State statutes and any regulations issued there under. Each item of Equipment shall be inspected, tested, and inventoried by Lessor and the Company at job site upon arrival and immediately prior to return shipment. A joint written electronic report shall be made, and copies filed with each of the parties. Lessor shall accept S'NS's report in the event the Lessor fails to participate in such inspections. Such inspections and reports shall fix and determine the rights and obligations of the parties with reference to the condition of the Equipment.

If the Company determines that any equipment furnished does not comply with this Subcontract, the Company shall promptly inform the Lessor in writing. If the Lessor fails to replace the equipment or correct the defects as required by the Company, the Company may

By contract or otherwise, correct the defect or arrange for the lease of similar equipment and shall charge or set off against the Lessor any excess costs occasioned thereby, or

Terminate the Subcontract under the Termination for Cause article of this Subcontract.

The Company shall make repairs or, at its option, shall reimburse Lessor for repairs due to damage caused by exceeding manufacturer's rated capacities. All other repairs attributable to equipment failure shall be Lessor's responsibility. Should Equipment become inoperative because of necessary repairs which are the Lessor's responsibility, rental period will discontinue upon S'NS's notification to the Lessor of such conditions, and rental period will resume only when Equipment is placed in a condition as required under this subparagraph 3. the Company will notify Lessor prior to making repairs for the account of the Lessor. Unless otherwise specified in the Subcontract, the Company will furnish all fuel and lubricants and all operators and mechanics for necessary operation, use, and servicing of the Equipment.

Equipment, when returned to Lessor, shall be in as good condition as when delivered to the job site, usual and ordinary wear and tear excepted.

Rental Period

The period for which rental is payable for an item of Equipment shall begin on the date Equipment is delivered to the job site, except that if the Company gives a definite required delivery date to the Lessor prior to shipment, the Rental Period shall not start until such date. However, rent shall accrue only for the period that the equipment is in the possession of the Company. The Rental Period shall end when the equipment is delivered for shipment to the point of origin or such other return point as may be designated by Lessor, such delivery to be evidenced by a Bill of Lading or other similar evidence covering shipment. If Lessor fails to notify the Company of destination prior to time Equipment is ready for return shipment, no rental time shall accrue until such notification is given to the Company and Equipment is loaded for Shipment.

If Equipment is not in required condition, as determined by the Company, when it arrives at the job site, the Rental Period shall not begin until it shall, at the expense of Lessor, have been placed in proper condition.

If the inspection report made immediately prior to return shipment establishes that the Equipment is not in condition required of the Company under the fourth paragraph of paragraph C of these conditions, the Company shall do all things necessary to place it in such condition and the Rental Period shall not terminate prior to placing the Equipment is such condition.

Unless otherwise stated in the Subcontract, the Company makes no representation or guarantee as to the length of the Rental Period or the amount of rental, which will accrue, for any Equipment, it being the intent that the Equipment may

be rented for as long as the Company requires. The rental of any Equipment which does not perform to the Company's satisfaction may be terminated upon notice by the Company to Lessor.

Transportation Costs

If stated in the Subcontract, transportation will be paid by the Company F.O.B. original point of shipment and return transportation F.O.B. to original point of shipment or equivalent mileage. Transportation of Equipment shall be accomplished by the most economical means and there shall be paid the actual cost of such transportation. No transportation charges will be paid by the Company for any Equipment which the Company determines is not in the condition required by paragraph C.

Loading, Unloading & Transport of Self-Propelled Medium or Heavy Construction Equipment.

Lessor shall ensure that any activity involving the loading, unloading, and transport of self-propelled medium or heavy construction equipment on the SRS (i.e., upon delivery and pickup by the Lessor) is performed in a manner that provides for the safety of all personnel involved in the process. Prior to performing any such activities, the Lessor shall read and complete the Company "Self-Propelled Equipment Loading, Unloading and Transport Safety Review Checklist" and provide a copy to the Company Portable Equipment Commodity Management Center (PECMC) representative on delivery of the equipment to SRS and also before equipment is loaded for return to the Lessor. A Copy of the checklist can be found on the SRS Home Page or can be provided by the Company Procurement Representative on request.

Liability Provisions

By acceptance of the Subcontract to which these Conditions apply, Lessor agrees that

Lessor assumes and hereby relieves the Company of any and all liability for any loss or damage to the Equipment rented to the Company occurring during the period from the date of shipment to the Company to the date of return to Lessor as the result of any cause other than the sole fault or negligence of the Company, and

The Company's liability under this provision shall be limited to the fair market value of the Equipment taking into consideration its age and condition immediately prior to said loss or damage.

Recapture Provisions

If this provision is invoked by the Company, a recapture valuation mutually agreeable to the Company and Lessor shall be established and stated in the Subcontract

Lessor certifies that there are no encumbrances of any nature, legal or equitable, held by any person against the Equipment rented hereunder, unless so stated in the Subcontract.

At any time during or at the end of the rental period of the Equipment, the Company may purchase the Equipment by paying to Lessor the difference between such valuation and total rental paid, plus a charge to cover interest at a rate specified in this Subcontract for the unpaid balance of the equipment valuation for each month or fraction thereof that such Equipment has been under rental to the Company. Title to such Equipment shall then vest in the Company and Lessor shall deliver to the Company such instruments of title as the Company may require, free of any and all liens and encumbrances.

Equipment Operated and Maintained

The following provisions shall be applicable if Equipment is rented on the basis of operation and maintenance by the Lessor:

All rental rates stipulated in this Subcontract include all charges for operation and maintenance of the Equipment by Lessor.

Lessor has qualified or will promptly qualify and will make all payments under the terms of the unemployment compensation laws of the state in which the Equipment will be operated. In addition, Lessor will, at Lessor's expense,

carry insurance in minimum limits as specified in the Article titled “Work on Company, Government or other Premises,” included in these Terms and Conditions.

Lessor shall obtain Company’s prior approval before employing any Subcontractors. Each Subcontractor must also carry insurance as specified in subparagraph (2), supra. Lessor shall carry Contractor's Protective Public Liability, Bodily Injury, and Protective Property Damage insurance of the same minimum limits.

Lessor shall be responsible for all persons engaged to operate or maintain the Equipment or to perform any other Work Lessor is obligated to perform under this Subcontract. None of said persons shall constitute employees of the Company.

In the operation of the Equipment, Lessor shall comply with all Federal, State, and local regulations and with all safety regulations in effect on the Company site. In addition, Lessor shall;

Comply with recognized safety practices for the type of Work being performed including the furnishing of necessary safety equipment

Conduct and protect operations in such a manner as to avoid exposing others to injury.

Lessor shall ensure that all equipment operators have appropriate qualifications and experience for operating the specified equipment, to include any applicable State, Federal or local licenses or certifications.

Notices

Any notice to be given hereunder shall be mailed to the party to be notified, at the address set forth in the Subcontract, by registered mail, and shall be determined to be given when so mailed.

DOE O 221.1B - Reporting Fraud, Waste, and Abuse to the Office of Inspector General (9/27/2016) (applies to

37.0 PACKAGING AND SHIPPING INSTRUCTIONS – IDENTIFICATION REQUIREMENTS

The following requirements apply to all Company Subcontracts. Read and implement these instructions before shipment. Failure to do so may result in payment delays or return of material.

- A. Items should be packaged in sturdy containers to prevent damage during shipment, and to withstand multiple handling.
- B. Subcontractor shall limit the amount of packaging materials needed for reasonable protection of items during shipment. Subcontractor shall utilize environmentally favorable (i.e., biodegradable, recyclable, etc.) materials whenever and wherever practical.
- C. Items which can be palletized should be shipped on sturdy 4’ x 4’ wooden pallets which are not broken or missing boards and must be of appropriate strength and construction for the material it bears. Pallets must include at least 3 wooden 2” x 4” support runners. Material must not be stacked over 48” high. Palletized material on broken or weak pallets may be rejected.
- D. Subcontractor must clearly show the Subcontract and line item number(s) on the outside of every box. Failure to list the purchase order number and all necessary information on the outside of the package or container may result in the material being returned to the Subcontractor. Radiological and nuclear Subcontract numbers will begin with “RAD” and “NUC” respectively all shipments to the Company that have a Subcontract number that contains a “RAD” or “NUC” prefix must be shipped segregated from non-RAD/NUC materials. At no time should they be shipped palletized with non-RAD/NUC items. If the Subcontract is for radiological or nuclear material, confirm with the Procurement Representative an understanding of the above requirements before shipment.
- E. A packing list identifying each item in the box must be accessible on the outside of packages.
- F. The Packing list must describe quantities and material exactly as they are described on the Subcontract. (i.e., do not describe the material using a part number when the Subcontract describes the material by description.) The part

number on the packing list must match the part number on the Subcontract and the material in the box. Also, list the same number of units on the packing slip as listed on the Subcontract.

- G. Subcontractor must not over ship. Overages will be returned at Subcontractor's expense.
- H. Subcontractor must package and group together materials with the same Subcontract number. Packing lists must not include multiple Subcontract numbers for material shipped.

38.0 RECEIVING INSTRUCTIONS

- A. Unless stated differently in the Subcontract, the Company Receiving address is:

U.S Department of Energy (DOE)
c/o SRNS
Building 731-1N
Att. Receiving Operations PO# _____
Aiken, SC 29808

- B. Normal receiving hours for the Company delivery warehouse (Building 731-1N) are Monday through Thursday, 9AM-3PM, SRS local time. Delivery vehicles attempting to deliver the Company procured material or equipment outside of the normal receiving hours will be delayed or turned away unless prior arrangements have been made. No Friday deliveries will be accepted at the 731-1N receiving location.
- C. Safety and production related materials may require receipt inspection as specified in the Subcontract prior to receipt and acceptance. Failure to pass receipt inspection may result in material being returned to Subcontractor.
- D. Documentation submittals as specified in the Subcontract must be submitted in PDF format to QA-Electronic-Documents@srs.gov.

39.0 TRACEABILITY AND SHELF LIFE

Certain items may require certifications necessary to satisfy traceability requirements as stated in the Subcontract. Failure to supply the required certifications may result in material being returned to the Subcontractor.

If shelf life is a performance criterion for any specific item, the Subcontractor must provide documentation of compliance with the shelf life requirement in the Order and ship with the items.

40.0 SECURITY & ACCESS REQUIREMENTS

- A. All delivery personnel must be United States Citizens to gain access to the SRS. Delays and/or costs associated with the use of non U.S. citizen drivers will be borne by the Subcontractor.
- B. All delivery vehicles shall access SRS at the Aiken Barricade located on South Carolina State Highway 19, located approximately one mile south of SC Highway 278. Subcontractors are cautioned that delivery vehicles must be at the Aiken Barricade for site access during the receiving hours stated in Article 2.B above, unless prior arrangements have been made. Allowance must be made for badging of unbadged drivers as set forth in Article 4. C below.
- C. Unbadged delivery personnel. Unbadged drivers shall report to the Company Badging Office located in Building 703-46A at SRS Road 1, approximately two miles east of SC Highway 125 in Jackson, SC to obtain a temporary badge (Ref. General Provisions/Terms and Conditions article titled "Badging Requirements"). Following are the events and point of entry (POE) process that will occur for access onto the SRS:

- (1) Bill of Lading (including Subcontract number) shall be validated by the Company Representative at the Badging Office.
- (2) the Company Representative provides "Visitor/Subcontractor Safety Briefing"

- (3) the Company issues temporary badges (OSR 142).
- (4) After obtaining temporary badge (OSR 142) driver can proceed to the Aiken Barricade for site access.
- (5) Centerra Group, LLC (Centerra) perimeter guard performs security inspection. Delivery personnel must have access to all compartments of the delivery vehicle and allow security personnel to search the vehicle. Delivery personnel must maintain a valid driver's license, current registration, and proof of insurance at all times while on site at SRS and must be able to produce the aforementioned documentation upon request by Centerra.
- (6) Centerra calls for Area Escort (the Company Assigned Competent Person (ACP)) or provides escort to the delivery location.
- (7) ACP briefs driver on any applicable focused observation checklist(s) and obtains signature.
- (8) After delivery is completed, the assigned escort will escort Subcontractor back to Aiken Barricade

D. Photo Badged delivery personnel. Following are the events that will occur if delivery personnel have a current SRS photo badge.

- (1) Delivery vehicles can go directly to the Aiken Barricade for site access.
- (2) Centerra perimeter guard performs security inspection. Delivery personnel must have access to all compartments of the delivery vehicle and allow security personnel to search the vehicle. Delivery personnel must maintain a valid driver's license, current registration, and proof of insurance at all times while on site at SRS and must be able to produce the aforementioned documentation upon request by Centerra.
- (3) After clearance by Centerra, driver can proceed directly to delivery location. If escort is required, Centerra calls for Area Escort (the Company Assigned Competent Person (ACP)) or provides escort to the delivery location.
- (4) The Subcontractor shall ensure that any/all SRS-issued site security badges are returned to the Badge Office (703-46A) within 10 calendar days after badge expiration date (or Subcontract/Subcontractor employee termination date, whichever occurs first). Failure to do so may result in withholding of invoice payments until such time that the badge(s) is returned.

41.0 SPECIAL INSTRUCTIONS THAT APPLY TO DELIVERY OF SELF-PROPELLED MEDIUM OR HEAVY CONSTRUCTION EQUIPMENT

Prior to performing any activity involving the loading, unloading, and transporting of self-propelled medium or heavy construction equipment on the SRS, the Subcontractor shall read and complete the "Self-Propelled Equipment Loading, Unloading and Transport Safety Review Checklist", and provide a copy of the completed checklist to the Portable Equipment Commodity Management Center (PECMC) Representative on delivery of the equipment to SRS. A copy of the checklist can be found on the Company Internet Home Page at http://www.srs.gov/general/busiops/PMMD/SRNS_general_provisions.htm, or a copy can be provided by the Procurement Representative on request.

42.0 DELIVERY OF BULK MATERIALS (SAFETY REQUIREMENTS)

A. Subcontractors making material deliveries using their own vehicles/trucks to areas on site other than Central Receiving (731-1N), that involve the performance of manual work by the Subcontractor's delivery personnel, shall submit to the Company's Procurement Representative their latest revision of the Subcontractor's WPP – Worker's Protection Plan and a Certificate of Insurance which also includes an Endorsement Page. At a minimum the Subcontractor shall address in their WPP or on their Letterhead the following safety elements listed below. The

Safety documents submitted by the Subcontractor shall be reviewed and accepted by the Company's Health and Safety Programs before deliveries can be made to SRS. In addition, the Certificate of Insurance and the Endorsement page shall be on file before deliveries can be made to SRS.

Safety Elements

- (1) Acknowledgement that all drivers have been informed of the safety requirements to include expectations and controls to ensure compliance when working at the Company.
 - (2) Unloading Procedures that address specific precautions and personal protective equipment to include eye, foot, head, hand, face, and hearing protection.
 - (3) Fitness for Duty that addresses driver's health, substance abuse and the ability to perform assigned tasks free of impairments.
 - (4) Fall protection, prevention and precautions while climbing/working from a ladder or on elevated surfaces.
 - (5) Proper lifting techniques that address how to lift safely to avoid injuries.
 - (6) Heat stress that address signs/symptoms and prevention.
 - (7) Incident/injury protocol that address reporting to the Company Subcontract Technical Representative (STR)/End User, preserving the scene, follow-up, and medical treatment when appropriate and participating in the investigation when requested.
 - (8) Authority for driver/employees to call a "Time O-t - Stop Work" when unsafe conditions are observed and/or employee actions are likely to cause injury to themselves, other personnel, or cause damage to SRS property.
 - (9) Hazardous communications to include Safety Data Sheets (SDS) on each chemical, methods and training used to inform employees of the hazards and the precautionary methods.
 - (10) Motor vehicle/related equipment (i.e., forklift) safety to include vehicle maintenance, before use inspections, safe operation, and the use of safety devices such as mirrors, flagman and signals.
 - (11) Focused Observation Safety Checklists - Identify, complete, sign and submit Focus Observation Checklist(s) applicable to the Work that will be performed during the unloading operations. Focused Observation Checklists are available for review by downloading from the Company Internet Homepage at http://www.srs.gov/general/busiops/PMMD/the_Company_general_provisions.htm
 - (12) Statement of Injuries/Incidents - Include a summary of all injuries/incidents involving similar delivery tasks over the last three years to include brief description and corrective action plan to prevent recurrence.
 - (13) Point of Contact - Include a name of a point of contact (POC) - An individual that will be responsible for addressing injuries/incidents or safety issues that may arise.
- B. Third Party Carrier: Third party carrier is defined as a vehicle not owned by the Subcontractor and is Subcontracted by the Subcontractor to another entity for the delivery of the Subcontractor's product. If the Subcontractor intends to utilize a third party carrier for the delivery of their material to SRS, to a location other than 731-1N and the delivery has been determined to be manual by SRS safety, the Subcontractor shall:
- (1) Confirm in writing flow down of the Subcontractor's safety requirements and SRS requirements as defined in Article 8A of this document to the third party carrier. The Subcontractor will also confirm

in writing that the third party carrier meets or exceeds the safety performance of the Department of Transportation/Federal Motor Carrier Safety Association (DOT/FMCSA). The Subcontractor shall confirm in writing that the Subcontractor is satisfied with the third party carrier's safety performance. The Subcontractor may use the following template to provide the required information:

- (a) Template Example: Subcontractor Company letter to the Company Procurement Representative:
 - (i) We (Subcontractor) understand that driver safety, employee safety and the use of safe equipment remains top priority at the SRS. As such, any carrier(s) that the Subcontractor uses must share the same management values.
 - (ii) We confirm that flow down of safety requirements identified in Article 9A of the Packaging, Shipping, and Receiving Instructions have been communicated and implemented by the selected carrier. A review of (third party carrier's name) safety performance indicates ____ (has or has not had a serious/non-compliance/incident cited by the DOT/FMCSA in the past three years based on the local or regional performance. As a result of this review, we are satisfied with (third party's name) safety performance.
- (b) Some examples of serious/non-compliance are:
 - (i) Fatalities
 - (ii) Crashes – where driver and/or company are cited
 - (iii) Faulty equipment such as leaks or poor vehicle maintenance.
- (2) Attach a copy of the third party carrier's unloading plan/procedure that identifies the hazards, precautions and required personal protective equipment. This document shall be reviewed and accepted by SRS's Health and Safety Program's representative before delivery can be authorized. Once this document has been accepted, the Company' Procurement Representative shall submit to the STR/End User; and have the responsibility to have informed the third-party carrier(s) of the associated hazards involving the materials that the carrier is delivering to SRS. The driver of the third-party carrier shall instruct the STR/End User of any potential hazards to site personnel near or in close proximity involving their Loading/unloading activities before work begins and the driver shall ensure appropriate controls and safeguards (within the driver's control) will be implemented to reduce the potential for injury.

43.0 ES&H REQUIREMENTS

DOE O 442 Differing Professional Opinions for Technical Issues Involving Environmental, Safety, and Health Technical Concerns (10/4/2016 Chg. 1)

DOE O 221.1B Reporting Fraud, Waste, and Abuse to the Office of Inspector General (9/27/2016) (applies to subcontracts with a value of \$5.5 million or more and with a period of performance of 120 days or longer)

44.0 NON-ES&H REQUIREMENTS

DOE O 221.2A Cooperation with the Office of Inspector General (2/25/2008)

DOE O 486.1A Foreign Government Sponsored or Affiliated Activities (9/4/2020) (applies to Research & Development or Demonstration subcontracts, at any tier, to the extent necessary to ensure the subcontractor's or lower-tier subcontractors' compliance with the requirements, where the subcontractor's or lower-tier subcontractors' work within the scope of the Subcontract is performed on or at a DOE/National Nuclear Security Administration (NNSA) site/facility, including DOE/NNSA/contractor leased space)

45.0 SUPPLEMENTAL DEFINITIONS FOR FAR AND DEAR CLAUSES INCORPORATED BY REFERENCE

- A. "Contract" means this Subcontract (except in instances when it is not applicable or appropriate) and includes changes and modifications to this Subcontract.

- B. “Contractor” means the party to whom this Subcontract is awarded (except in instances when it is not applicable or appropriate).
- C. “Government” means the Company (except in instances when it is not applicable or appropriate).
- D. “Contracting Officer” means the Procurement Representative of the Company.
- E. “Lower-tier Subcontractor” means any party entering into an agreement with the Subcontractor or any lower-tier Subcontractor for the furnishing of supplies or services required for performance of this Subcontract.

46.0 CLAUSES INCORPORATED BY REFERENCE

This Subcontract incorporates certain clauses by reference. These clauses apply as if they were incorporated in their entirety.

47.0 FAR AND DEAR CLAUSES INCORPORATED IN FULL TEXT

FAR 52.225-8 Duty Free Entry (FEB 2000)

Applicable to Supplies identified in the Schedule to be accorded duty-free entry will be imported into the customs territory of the United States; or other foreign supplies in excess of \$10,000 may be imported into the customs territory of the United States.

- A. *Definition.* “Customs territory of the United States” means the States, the District of Columbia, and Puerto Rico.
- B. Except as otherwise approved by the Company, the Subcontractor shall not include in the contract price any amount for duties on supplies specifically identified in the Schedule to be accorded duty-free entry.
- C. Except as provided in paragraph (D) of this clause or elsewhere in this subcontract, the following procedures apply to supplies not identified in the Schedule to be accorded duty-free entry:
 - (1) The Subcontractor shall notify the Procurement Representative (PR) in writing of any purchase of foreign supplies (including, without limitation, raw materials, components, and intermediate assemblies) in excess of \$10,000 that are to be imported into the customs territory of the United States for delivery to the Company under this contract, either as end products or for incorporation into end products. The Subcontractor shall furnish the notice to the PR at least 30 calendar days before the importation. The notice shall identify the:
 - (a) Foreign supplies;
 - (b) Estimated amount of duty; and
 - (c) Country of origin.

- (2) The PR will determine whether any of these supplies should be accorded duty-free entry and will notify the Subcontractor within 10 calendar days after receipt of the Subcontractor's notification.
 - (3) Except as otherwise approved by the PR, the contract price shall be reduced by (or the allowable cost shall not include) the amount of duty that would be payable if the supplies were not entered duty-free.
- D. The Subcontractor is not required to provide the notification under paragraph (C) of this clause for purchases of foreign supplies if:
- (1) The supplies are identical in nature to items purchased by the Subcontractor or any lower-tier Subcontractor in connection with its commercial business; and
 - (2) Segregation of these supplies to ensure use only on the Company subcontracts containing duty-free entry provisions is not economical or feasible.
- E. The Subcontractor shall claim duty-free entry only for supplies to be delivered to the Company under this subcontract, either as end products or incorporated into end products, and shall pay duty on supplies, or any portion of them, other than scrap, salvage, or competitive sale authorized by the PR, diverted to nongovernmental use.
- F. The Government will execute any required duty-free entry certificates for supplies to be accorded duty-free entry and will assist the Company and Subcontractor in obtaining duty-free entry for these supplies.
- G. Shipping documents for supplies to be accorded duty-free entry shall consign the shipments to the Company in care of the Subcontractor and shall include the:
- (1) Delivery address of the Subcontractor (or prime contracting agency, if appropriate);
 - (2) The Company Subcontract number and the Company Prime Contract number;
 - (3) Identification of carrier;
 - (4) Notation "UNITED STATES GOVERNMENT, _____ [DOE or NNSA] _____, Duty-free entry to be claimed pursuant to Item No(s) _____ [from Tariff Schedules] _____, Harmonized Tariff Schedules of the United States. Upon arrival of shipment at port of entry, District Director of Customs, please release shipment under 19 CFR Part 142 and notify the Company for execution of Customs Forms 7501 and 7501-A and any required duty-free entry certificates.";
 - (5) Gross weight in pounds (if freight is based on space tonnage, state cubic feet in addition to gross shipping weight); and
 - (6) Estimated value in United States dollars.
- H. The Subcontractor shall instruct the foreign Subcontractor to:
- (1) Consign the shipment as specified in paragraph (G) of this clause;
 - (2) Mark all packages with the words "UNITED STATES GOVERNMENT" and Savannah River Nuclear Solutions, LLC; and
 - (3) Include with the shipment at least two copies of the bill of lading (or other shipping document) for use by the District Director of Customs at the port of entry.
- I. The Subcontractor shall provide written notice to the cognizant contract administration office immediately after notification by the PR that duty-free entry will be accorded foreign supplies or, for duty-free supplies identified in the Subcontract, upon award by the Subcontractor to the overseas Subcontractor. The notice shall identify the:
- (1) Foreign supplies;

- (2) Country of origin;
- (3) The Company Subcontract number and the Company Prime Contract Number; and
- (4) Scheduled delivery date(s).

J. The Subcontractor shall include and flow down the substance of this clause to their lower-tier subcontractors.

H-7 CONFIDENTIALITY OF INFORMATION

- A. To the extent that the work under this Contract requires that the Contractor be given access to confidential or proprietary business, technical, or financial information belonging to the Government or other companies, the Contractor shall, after receipt thereof, treat such information as confidential and agrees not to appropriate such information to its own use or to disclose such information to third parties unless specifically authorized by the CO in writing. The foregoing obligations, however, shall not apply to:
- (1) Information which, at the time of receipt by the Contractor, is in public domain;
 - (2) Information which is published after receipt thereof by the Contractor or otherwise becomes part of the public domain through no fault of the Contractor;
 - (3) Information which the Contractor can demonstrate was in its possession at the time of receipt thereof and was not acquired directly or indirectly from the Government or other companies; or
 - (4) Information which the Contractor can demonstrate was received by it from a third party that did not require the Contractor to hold it in confidence.
- B. The Contractor shall obtain the written agreement, in a form satisfactory to the CO, of each employee permitted access, whereby the employee agrees that he will not discuss, divulge, or disclose any such information or data to any person or entity except those persons within the Contractor's organization directly concerned with the performance of the Contract.
- C. The Contractor agrees, if requested by the Government, to sign an agreement identical, in all material respects, to the provisions of this clause, with each company supplying information to the Contractor under this Contract, and to supply a copy of such agreement to the CO.
- D. The Contractor agrees that upon request by DOE, it will execute a DOE-approved agreement with any party whose facilities or proprietary data it is given access to or is furnished, restricting use and disclosure of the data or the information obtained from the facilities. Upon request by DOE, such an agreement shall also be signed by Contractor personnel.
- E. This clause shall flow down to all subcontracts.
- F. Technical data is addressed in Section I, DEAR 970.5227-2 – Rights in Data- Technology Transfer (DEC 2000) (DEVIATION).

48.0 WAIVER OF BENEFITS (STAFF AUGMENTATION SUBCONTRACTS ONLY)

Prior to performance, Subcontractor shall obtain signed acknowledgement an waiver of Company salary and benefits programs, in a form satisfactory to Company, from each Subcontractor employee and submit to Company whereby Subcontractor employees agree and understand they are an employee of Subcontractor and not of Company or the Government and Subcontractor employees receive all compensation (salary and benefits) from Subcontractor and are not eligible for any salary or benefits programs provided by Company, including but not limited to, base salaries, health and welfare plans, pension plans, and 401(k) investment

savings programs. Staff Augmentation Service Providers Waiver Acknowledgement Procurement Form (PF-245) is available on website.
