1.0 DEFINITIONS

- A. "Company" or "the Company" means Savannah River Nuclear Solutions, LLC (SRNS), the Management and Operating Contractor for the U.S. DOE, Savannah River Site under Prime Contract DE-AC09-0SR22470.
- B. "Contracting Officer" shall mean Government official executing the Prime Contract No. DE-AC09-08SR22470 between the Company and DOE. The Contracting Officer is Government official who is authorized to execute, administer, and terminate the contract, and includes the authorized representatives thereof, when such individuals are acting within the limits of their authority as delegated by the Contracting Officer.
- C. "DEAR" means Department of Energy Acquisition Regulation.
- D. "DOE" shall mean the United States Department of Energy or any duly authorized representative thereof, including any successor or predecessor agency thereof, including the Contracting Officer.
- E. "FAR" means Federal Acquisition Regulation.
- F. "Government" means the United States of America and includes the U.S. DOE, the National Nuclear Security Administration (NNSA), and/or any duly authorized representative thereof.
- G. "Head of the agency" or "Secretary" shall mean the Secretary, the Under Secretary, and Assistant Secretary, or any other head or assistant head of the executive or military department or other Federal agency.
- H. "Lower-Tier Subcontract" shall mean a purchase order, subcontract, agreement, price agreement, basic ordering agreement, task order, or modification thereof between a higher-tiered Subcontractor and a lower-tiered Subcontractor.
- I. "Lower-Tier Subcontractor" shall mean a Subcontractor to furnish supplies or services for performance to a prime contractor or a Subcontractor.
- J. "Parties" means the Company and Subcontractor, together; individually to be referred to as "Party."
- K. "Procurement Representative" means the applicable Company individual(s) authorized to execute and/or administer Subcontracts for the Company.
- L. "Services" shall mean labor, direction of labor, production of technical information, consulting services or any other services furnished by Subcontractor under this Subcontract.
- M. "Subcontract" shall mean purchase order, order, subcontract, agreement, price agreement, basic ordering agreement, task order, or modification of any of the foregoing.
- N. "Subcontract Data" shall mean all information, data, and documentation to be provided by Subcontractor and its lower-tier Subcontractors of any tier under this Subcontract.
- O. "Subcontractor" shall also mean the person or organization entering Subcontract with the Company.
- P. "Supplies" shall mean items, goods, equipment, components, parts, and materials to be provided by Subcontractor and its lower-tier subcontract of any tier pursuant to this Subcontract.
- Q. "Work" means all the stated or implied activities to be performed by Subcontractor as required by the Subcontract, including the furnishing and supervision of all technical personnel and labor, and the supply of equipment, items, materials, and supplies necessary to perform this Subcontract.

2.0 ORDER OF PRECEDENCE

Any inconsistencies shall be resolved in accordance with the following descending order of precedence:

- (1) Negotiated Terms and Conditions

- (2) Terms and Conditions
- (3) Articles Incorporated by Reference
- (4) Statement of Work or other description of services or Supplies

3.0 INDEPENDENT CONTRACTOR

The Subcontractor shall perform all work pursuant to this Subcontract as an independent contractor. If any part of the work is subcontracted, Subcontractor shall be responsible for having that subcontracted work comply with the terms of this Subcontract. No act or order of the Company shall be construed to be an exercise of supervision or control of performance hereunder. No provision of this Subcontract and no action taken by the Company under this Subcontract shall be construed to make or constitute the Company the employer or joint employer of any of the employees of Subcontractor or any Subcontractor.

Subcontractor shall not utilize or propose individuals for Work previously terminated for cause from Company.

4.0 ACCEPTANCE OF TERMS AND CONDITIONS

- A. Subcontractor, by signing this Subcontract or delivering the items identified herein, agrees to comply with all the terms and conditions and all specifications and other documents that this Subcontract incorporated by reference or attachment. Subcontractor shall be solely responsible for requesting instructions and interpretations and shall be solely liable for costs and expenses arising from Subcontractor's failure to do so. All rights and obligations shall survive final performance of this Subcontract.
- B. Subcontract sets forth the entire agreement between Company and Subcontractor concerning the subject matter of this Subcontract. To avoid any doubt, this Subcontract supersedes all prior and contemporaneous negotiations, understandings, and agreements, whether oral or written, pertaining to the subject matter hereof, and it supersedes and takes precedence over any conflicting or supplemental terms and conditions included in any Subcontractor proposal, quote, acknowledgement, or invoice, all of which are hereby objected to and expressly rejected.
- C. If this subcontract requires on-site work, the subcontractor will be required to meet the "On-Site Requirements" listed on our website: SRS - SRNS General Provisions and Related Documents

5.0 SUBCONTRACTING

- A. Subcontractors are required to be registered in the System for Award Management (SAM) and maintain an active Unique Entity Identifier (UEI). Subcontractors shall maintain registration in SAM during subcontract performance and through final payment of any subcontract, basic agreement, basic order agreement, or blanket purchasing agreement, in compliance with FAR 52.204-7 and FAR 42.12. In addition, a Subcontractor Information Form (SIF) must be completed and submitted with the subcontractor's solicitation response.
- B. The fees for Site required training classes will be absorbed by the Company and the subcontractor's attendance time will be compensated for the initial attendance. If a subcontract employee does not successfully pass the course, the subcontractor's attendance time for a second pass and beyond will not be reimbursed; however, the class fees will continue to be absorbed by the Company. The same scenario applies for substance abuse testing.
- C. Subcontractor shall not subcontract all or substantially all of the work without the prior written electronic approval of the Company. This provision shall not apply to purchases of standard commercial articles or raw materials on which Subcontractor shall perform further work.

6.0 LOWER-TIER SUBCONTRACTORS

The requirements of this Article shall be flowed down to all Lower-Tier Subcontractors.

When the use of a lower-tiered Subcontractor is determined to be necessary, the higher-tiered Subcontractor shall flow down those terms and conditions applicable for the activities within its defined scope of work, in accordance with referenced Codes/Standards/Material Specifications and any other requirements included within this Subcontract.

The higher-tiered Subcontractor shall flow down all commercial Terms and Conditions, including articles incorporated by reference, to all lower-tiered Subcontractors, which includes verification that the lower-tiered Subcontractor has been appropriately qualified to perform the activities required to satisfy this procurement. The higher-tiered Subcontractor shall maintain objective evidence of the successful flow down of the referenced requirements and provide such evidence to the

Company upon request. This flow down is also required at all levels if the lower-tiered Subcontractor to the higher-tiered Subcontractor deems it necessary to Subcontract further its parts of this Contract.

7.0 AUTHORIZED REPRESENTATIVES AND NOTICE

Unless otherwise specified, all notices and communications in accordance with or related to this Subcontract shall be between authorized representatives designated in writing by the parties. Notices shall be in writing and may be served either personally on the authorized representative of the receiving Party, by email, facsimile, courier or express delivery, or certified mail to the facsimile number or address shown on the face of this Subcontract or such address as directed by notice.

8.0 CHANGES

The Company reserves the right to make changes within the general scope of this Subcontract by issuance of a unilateral change order, or by a bilateral modification to this Subcontract. Such changes may include, without limitation, changes in (1) the description of the items; (2) the quantities of items ordered; (3) the method of shipment or packaging, and (4) the time or place of delivery, inspection, and/or acceptance. The Subcontractor shall promptly comply with any such change made by the Company. If any change affects the cost of or the time required for performance, an equitable adjustment to the price and/or delivery requirements and other affected provisions of the Subcontract shall be made by the parties in a bilateral modification to this Subcontract. For any change, whether directed or constructive, Subcontractor must assert any request for equitable adjustment under this article in writing, together with such supporting information as The Company may require, electronically and within thirty days from the date of Subcontractor's first knowledge of the change, or Subcontractor's right to assert such request for equitable adjustment shall be waived.

9.0 ASSIGNMENT FOR THE BENEFIT OF DOE

- A. Assignment by Company. This Subcontract may be unilaterally assigned by the Company to DOE or DOE's designee, with subsequent written electronic notice of such assignment to Subcontractor. Following such transfer and assignment, the Company shall have no further responsibilities hereunder.
- B. Assignment by Subcontractor. Unless permitted in paragraph C of this Article, Subcontractor shall not assign Subcontract, including any rights or obligations thereunder, wholly or in part, voluntarily, by operation of law, or otherwise without the prior written electronic consent of the Company. Any assignment of Subcontract in violation of the foregoing shall, at the unilateral option of Company, be void. Subcontractor shall submit the documentation prescribed in FAR Subpart 42.12 when requesting Company acceptance of Subcontractor's successor in interest or to recognize Subcontractor's change of name.
- C. Assignment of Rights to be Paid. Subcontractor may assign rights to be paid amounts due or to become due to a bank, trust company, or other financing institution, including a Federal lending agency, if the Procurement Representative is promptly furnished written notice and a signed copy of such assignment, provided that any assignment of monies shall be subject to (1) proper setoffs in favor of Company and (2) any deductions provided for in this Subcontract.
- D. Funding. Unless at the unilateral discretion of Company, Company shall make all payments under this Subcontract from Government funds advanced and agreed to be advanced by DOE, and not from its own funds. In almost all circumstances, funds recovered by Company from Subcontractor are Government funds.
- E. Right to Recovery. If Company seeks recovery from Subcontractor, Subcontractor agrees it shall not plead, assert or raise in any manner a defense that Company has no right to recover (1) because Company, itself, rather than DOE, has suffered no damages on account of the cost-reimbursable nature of Company's Prime Contract with DOE, or (2) because DOE has accepted the project or task performed under this Subcontract.

10.0 APPROVALS

The approval by Company of designs, work drawings, specifications, reports, or any other data submitted by Subcontractor hereunder shall not affect or relieve Subcontractor from any responsibility to furnish said items in full conformance with the requirements of this Subcontract.

11.0 DISPUTES

- A. Subcontractor and Company agree to make good-faith efforts to settle any dispute or Claim that arises under this Subcontract through discussion and negotiation. If such efforts fail to result in a mutually agreeable resolution, the Parties

shall consider the use of Alternative Dispute Resolution (ADR). Whether mediation or binding arbitration is voluntarily agreed to or court ordered, the site of the proceedings shall be Aiken, South Carolina; the Parties shall share the cost of obtaining the mediator or arbiter, and each Party shall bear its discretionary costs.

- B. "Claim," as used in this Article, means a written demand or written assertion by one of the contracting Parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of Subcontract terms, or other relief arising from or relating to this Subcontract, or its breach. However, a written demand or written assertion by Subcontractor seeking the payment of money is not a Claim until certified if certification is required by paragraph (d) below. A request for payment (e.g., a voucher, invoice, or other routine request for payment, a termination settlement proposal, or a request for an adjustment or equitable adjustment) that is not in dispute when submitted is not a Claim. An initially undisputed request for payment may be converted to a Claim by Subcontractor by complying with the submission and applicable certification requirements in paragraphs (c) and (d) below.
- C. A Claim by Subcontractor shall be made in writing, cite this Article, and be submitted to the Procurement Representative with a request for a Final Decision.

Certification

I certify under penalty of law that: this Claim is made in good faith; that the supporting data is accurate and complete to the best of my knowledge and belief; the amount requested accurately reflects the contract adjustment for which the Subcontractor believes Company is liable; and that I am duly authorized to certify the claim on behalf of [[the Subcontractor or Lower-Tier Subcontractor, as appropriate]].

I further acknowledge that Company is a prime contractor to the U.S. Department of Energy, and this claim, if accepted by Company, will be paid for with Government funds and therefore be paid by the Government through a letter of credit arrangement with Company, and that a false or fraudulent claim may subject me and/or the Subcontractor to penalties, including, but not limited to, those under the False Claims Act, 31 U.S.C. 3729-3733.

- D. Subcontractor and any Lower-Tier Subcontractors whose portion of the Claim exceeds \$50,000 shall certify its portion of the Claim; provided however, if Subcontractor cannot certify the Lower-Tier Subcontractor's portion of Subcontractor's Claim, Subcontractor shall explain in writing why it cannot certify that portion.
- (1) Company shall not be liable for, and shall not pay, any Claim originated by Subcontractor if that Claim exceeds \$50,000 unless Subcontractor's Claim is accompanied by the below certification from Subcontractor.
 - (2) Company shall not be liable for, and shall not pay, any Claim of a Lower-Tier Subcontractor to Subcontractor if that Claim, without mark-ups by a higher-tier subcontractor or Subcontractor, exceeds \$50,000 unless that Claim is accompanied by the below certification from the Lower-Tier Subcontractor that originated the Claim.
 - (3) The aggregate amount of both increased and decreased costs shall be used in determining when the dollar threshold requiring certification is met.
- E.
- (1) A Claim from Subcontractor shall be deemed denied if Procurement Representative does not issue a written Final Decision (i) by the date the Procurement Representative notified Subcontractor that the decision would be issued, or (ii) within 60 calendar days after receipt of the Claim if the Procurement Representative did not notify Subcontractor of a date by which the Final Decision would be issued. The Procurement Representative may, but is not required to, issue a written Final Decision after a Claim is deemed denied.
 - (2) The Procurement Representative's Final Decision on any Subcontractor Claim shall be final and conclusive between the Parties with no right of judicial review, provided however, that the Final Decision shall not be final and binding against either Party, and shall be given no evidentiary weight by the trier of fact, if Subcontractor files suit within 90 calendar days of the written Final Decision in the appropriate court as provided for in paragraph (f) below.
 - (3) Subcontractor shall have no right to file suit prior to the date of the written Final Decision or 60 calendar days from the Procurement Representative's receipt of the Claim, whichever occurs earlier.

F.

- (1) State Agency. Where Subcontractor is a State agency, such as an Educational Institution, the applicable constitutional provisions or statutes that govern sovereign immunity shall dictate the appropriate forum and law governing substantive issues.
- (2) Seller not a State Agency.
 - a. Any litigation shall be brought and prosecuted exclusively in Federal District Court, with venue in the United States Court for the District of South Carolina, Aiken Division.
 - b. In the event the requirements for jurisdiction in Federal District Court are not present, such litigation shall be brought in either Aiken, Barnwell, or Allendale County, South Carolina.
- (3) THE PARTIES AGREE TO TRIAL BY JUDGE ALONE AND HEREBY WAIVE ANY RIGHT TO DEMAND A TRIAL BY JURY.
- (4) If a court awards interest of any kind, interest shall be simple interest at the applicable rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (Public Law 95-563). If a court awards prejudgment interest, interest shall accrue from no earlier than the date a Claim is received by the Procurement Representative.

G. Subject to (f)(1), the resolution of all issues arising from or relating to this Subcontract shall be governed to the maximum extent practicable by the common law of federal contracts; provided, however, that (i) the "Christian Doctrine" shall not apply, meaning that Government procurement clauses (e.g., the FAR and the DEAR) or portions thereof not appearing in Subcontract shall not be read into this Subcontract, and (ii) where the language of any Article, provision or term herein differs from the language of a Government procurement clause, provision or term, the differing language of this Subcontract shall control. Where the common law of federal contracts does not apply, then subject to (f)(1), resolution shall be governed by the laws of the State of South Carolina, without regard to its Conflicts of Laws rules.

H. There shall be no interruption in the performance of the work, and Subcontractor shall proceed diligently with the performance of this Subcontract pending final resolution of any dispute arising under or related to this Subcontract between the Parties or between Subcontractor and its Lower-Tier Subcontractors.

I. The contractual remedies in this Article shall not be deemed to waive, postpone the running of, extend, or otherwise affect any statute of limitation applicable to any request for payment or Claim.

12.0 TERMINATION AT COMPANY'S OPTION

The Company shall have the right at any time, with or without cause, to terminate further performance of the work, by written notice to Subcontractor, specifying the date of termination. On the date of such termination stated in said notice, Subcontractor shall discontinue performance of the Work, and shall preserve Work in progress and completed work, pending the Company's instructions, and shall turn over such Work in accordance with the Company's instructions.

If Subcontractor has fully and completely performed all obligations under this Subcontract up to the date of termination, Subcontractor shall recover from the Company as complete and full settlement for such termination: (a) for Work to be performed for a lump sum Contract Price under this Subcontract, the actual costs of all such Work satisfactorily executed to the date of termination, plus overhead and profit on such costs based on the percentage agreed to in the original schedule of values. (b) actual cost incurred by Subcontractor to return Subcontractor's field tools and equipment, if any, to its or its suppliers' premises and to turn over work in progress and completed Work in accordance with the Company's instructions; plus, (c) actual substantiated cost necessarily incurred in effecting the termination; less, (d) all amounts previously paid to Subcontractor for the work. This is more fully delineated in FAR 31.205-42, which is set forth in its entirety in Part 4.

All claims under any of the foregoing provisions of this Section shall be supported by Subcontractor's accounting records or other such documentation satisfactory in form and content to the Company and verified by the Company. In no event shall Subcontractor be entitled to any consequential damages, including but not limited to prospective profits, loss of future business, loss of production and impairment of credit, and any other such perspective damages because of the termination. All payments made pursuant to Termination at Company's option will be subject to audit. If the Company elects to audit

Subcontractor's claims for termination for convenience costs, no payments will be made to Subcontractor, including any outstanding pre-termination costs, until the audit has been completed. The warranty obligations in this Subcontract will survive the termination.

13.0 TERMINATION FOR DEFAULT

The Company may terminate this Subcontract, in whole or in part, if Subcontractor: (1) fails to supply enough properly skilled workers or proper materials or equipment so as to endanger performance of this Subcontract; (2) fails to make payment to sub-tier subcontractors for materials or labor in accordance with the respective Subcontracts between the Subcontractor and the sub-tier subcontractors; (3) disregards applicable laws, ordinances, rules, regulations, directives, or orders, or instructions of the Company; (4) fails to adhere to the time specified in this Subcontract for performance of services or delivery of supplies or services.; or (5) otherwise fails to comply with any material terms of this Subcontract. The Company's right to terminate this Subcontract may be exercised if the Subcontractor does not cure such failure within ten (10) days after receipt of notice from the Company specifying the failure.

The Company may take possession and use any materials, tools, equipment, and the construction facilities and premises and finish the work by whatever method The Company deems expedient at Subcontractor's expense which includes any increased cost incurred that exceeds the Subcontract price.

Subcontractor will not be deemed to be in default for failure to perform caused by the failure of a sub-tier subcontractor if the failure was beyond the control of both Subcontractor and sub-tier subcontractor and without the fault or negligence of either.

The rights and remedies of The Company in this Article are in addition to any other rights and remedies provided by law or under this Subcontract.

14.0 EXCUSABLE DELAYS

- A. Subcontractor shall not be liable to Company if its nonperformance is caused by an occurrence beyond the reasonable control of the Subcontractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. However, if Subcontractor's failure to perform is caused by the failure of its Lower-Tier Subcontractor to perform or make progress, and if the cause of such failure was beyond the reasonable control of both Subcontractor and the Lower-Tier Subcontractor(s) and without the fault or negligence of either, then Subcontractor shall not be deemed to be in default, unless the supplies or services were timely obtainable from other sources. Subcontractor shall notify the Procurement Representative in writing as soon as possible after any excusable delay period begins and ends.
- B. Company shall not be liable to Subcontractor if Company's nonperformance is caused by an occurrence beyond the reasonable control of Company and without its fault or negligence, such as acts of God or the public enemy, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. Subcontractor's sole remedy shall be a schedule extension to this Subcontract if the facts support the extension requested by Subcontractor. The Procurement Representative shall notify Subcontractor in writing as soon as reasonably possible after an excusable delay period begins and ends.

15.0 PAYMENT BY COMPANY TO SUBCONTRACTOR

- A. Company shall make progress payments monthly as the work proceeds, or at more frequent intervals as determined by Company, on estimates approved by Company. Except as provided in paragraph B below, in making progress payments, Company shall retain 10 percent of the estimated payment until final completion and acceptance of the Subcontract work. However, if Company finds that satisfactory progress was achieved during any period for which a progress payment is to be made, Company may authorize such payment in full, without retaining a percentage. Also, on completion and acceptance of each unit or division for which the price is stated separately, Company may authorize full payment for that unit or division without retaining a percentage.
- B. When the work is substantially completed, Company shall retain an amount considered adequate for the protection of Company and the Government and, at Company's discretion, may release all or a portion of any excess amount.
- C. In further consideration of performance, the Subcontractor/Supplier shall receive title to all property to be dismantled or demolished that is not specifically designated as being retained by Company. Except as provided in paragraph D below the title shall vest in the Subcontractor/Supplier immediately upon Company's issuing the notice of award, or if a performance bond is to be furnished after award, upon the Company's issuance of a notice to proceed with the work. Company shall not be responsible for the condition of or any loss or damage to, the property.

- D. Upon written electronic notice to the Subcontractor/Supplier while the aforesaid property remains in the possession of the Subcontractor/Supplier, Company may reclaim title to any of the property if Company determines:
- (1) that the property does contain, or may contain, classified U.S. Government data (in any form), and/or technology sensitive to the national interest, or
 - (2) that the property is "Proliferation Sensitive Property", as defined herein.

Company and the Government are not liable to the Subcontractor/Supplier for any costs associated with the inadvertent inclusion of such property in the sale. If payment has been made for any such property, the payment shall be refunded to the Subcontractor/Supplier. Any reshipment costs involved will be the responsibility of Company. Once notified by Company of its intent to reclaim the aforesaid property, the Subcontractor/Supplier agrees to take all reasonable measures to safeguard the aforesaid property until reclaimed by Company.

- E. Upon completion and acceptance of all work and receipt of a properly executed invoice, Company shall make final payment of the amount due to the Subcontractor/Supplier under this Subcontract. If requested, the Subcontractor/Supplier shall release all claims against Company arising under this Subcontract, other than any claims the Subcontractor/Supplier specifically excepts, in stated amounts, from operation of the release.

- F. Overpayments.
If Subcontractor/Supplier becomes aware of a duplicate invoice payment or that Company has otherwise overpaid on an invoice payment, the Subcontractor/Supplier shall immediately notify Company and request instructions for disposition of the overpayment.

16.0 PAYMENT BY SUBCONTRACTOR TO COMPANY

- A. The Subcontractor shall receive title to all property to be dismantled, demolished, or removed under this Subcontract and not specifically designated in the Schedule as being retained by Company. Except as provided in paragraph C below, the title shall vest in the Subcontractor immediately upon Company's issuing the notice of award, or if a performance bond is to be furnished, upon Company's issuing a notice to proceed with the work. Company shall not be responsible for the condition of or any loss or damage to, the property.

- A. The Subcontractor shall promptly remove from the site all property acquired by the Subcontractor. Company shall not permit storage of property on the site beyond the completion date.

- B. Upon written electronic notice to the Subcontractor while the aforesaid property remains in the possession of the Subcontractor, Company may reclaim title to any of the property if Company determines:
- (1) that the property does contain, or may contain, classified U.S. Government data (in any form), and/or technology sensitive to the national interest, or
 - (2) that the property is "Proliferation Sensitive Property", as defined herein.

Company and the Government are not liable to the Subcontractor for any costs associated with the inadvertent inclusion of such property in the sale. If payment has been made for any such property, the payment shall be refunded to the Subcontractor. Any reshipment costs involved will be the responsibility of Company. Once notified by Company of its intent to reclaim the aforesaid property, the Subcontractor agrees to take all reasonable measures to safeguard the aforesaid property until reclaimed by Company.

- C. The Subcontractor shall perform the work within the time called for under this Subcontract, and before proceeding with the work, shall make full payment to Company, as provided for in the Schedule. Checks shall be made payable to the office designated in the Subcontract.

17.0 INCREMENTAL PAYMENT BY SUBCONTRACTOR TO COMPANY

- A. The Subcontractor shall make payment to Company in the amount and frequency specified in the Subcontract. Checks shall be made payable to the office designated in the Subcontract.
- B. Except as provided in paragraph C below, and upon Company's receipt of each increment of payment, the Subcontractor shall receive title to such property as Company determines to be fair and reasonable for that increment of payment. Upon receipt of the Subcontractor's final payment, all title that has not passed to the Subcontractor shall vest in the Subcontractor, unless specifically designated in the Schedule as being retained by Company. Company shall not be responsible for the condition of or any loss or damage to, the property.

- C. Upon written electronic notice to the Subcontractor while the aforesaid property remains in the possession of the Subcontractor, Company may reclaim title to any of the property if Company determines:
- (1) that the property does contain, or may contain, classified U.S. Government data (in any form), and/or technology sensitive to the national interest, or
 - (2) that the property is "Proliferation Sensitive Property", as defined herein.

Company and the Government are not liable to the Subcontractor for any costs associated with the inadvertent inclusion of such property in the sale. If payment has been made for any such property, the payment shall be refunded to the Subcontractor. Any reshipment costs involved will be the responsibility of Company. Once notified by Company of its intent to reclaim the aforesaid property, the Subcontractor agrees to take all reasonable measures to safeguard the aforesaid property until reclaimed by Company.

- D. The Subcontractor shall promptly remove from the site all property acquired by the Subcontractor. Company will not permit storage of property on the site beyond the completion date.

18.0 PAYMENT BY ELECTRONIC FUNDS TRANSFER

A. Methods of Payment.

- (1) All payments by Company under this Subcontract shall be made by Electronic Funds Transfer (EFT) except as provided in paragraph A.2 of this Article. As used in this Article, the term "EFT" refers to the funds transfer and may also include the payment information transfer.
- (2) In the event Company is unable to release one or more payments by EFT, Subcontractor agrees to either:
 - i. Accept payment by check or some other mutually agreeable method of payment; or
 - ii. Request Company to extend payment due dates until such time as Company makes payment by EFT.

B. Mandatory Submission of Subcontractor's EFT Information.

Subcontractor is required to provide Company with the information required to make payment by EFT. Subcontractor shall provide this information directly to the office designated in this Subcontract, on forms provided by Company, no later than 15 days after award. If not otherwise specified in this Subcontract, the payment office is the designated office for receipt of Subcontractor's EFT information. In the event that the EFT information changes, the Subcontractor shall be responsible for providing the updated information to the designated office.

C. Mechanisms for EFT Payment.

Company may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System.

D. Suspension of Payment.

- (1) Company is not required to make any payment under this Subcontract until after receipt, by the designated office, of the correct EFT payment information from Subcontractor. Until receipt of the correct EFT information, any invoice or Subcontract financing request shall be determined to be an incorrect invoice for the purpose of payment under this Subcontract.
- (2) If the EFT information changes after submission of correct EFT information, Company shall begin using the changed EFT information no later than 30 days after its receipt by the designated office. However, Subcontractor may request that no further payments be made until the updated EFT information is implemented by the payment office.

E. Payment Information.

On the day payment on Subcontractor's invoice is due, Company will issue instructions to its bank to transfer payment to Subcontractor and will also send a FAX to Subcontractor explaining the details to support the payment.

F. Liability for Uncompleted or Erroneous Transfers.

- (1) If an uncompleted or erroneous transfer occurs because Company used the Subcontractor's EFT information incorrectly, Company remains responsible for --
 - i. Making a correct payment; and
 - ii. Recovering any erroneously directed funds.

- (2) If an uncompleted or erroneous transfer occurs because Subcontractor's EFT information was incorrect, or was revised within 30 days of Company release of the EFT payment transaction instructions to the bank, and --
- i. If the funds are no longer under the control of the payment office, Company is considered to have made payment and the Subcontractor is responsible for recovery of any erroneously directed funds; or
 - ii. If the funds remain under the control of the payment office, Company shall not make payment and the provisions of paragraph D shall apply.

19.0 PROGRESS

Subcontractor shall give Company full information in advance as to its plans for performing each part of the Work. If at any time, Subcontractor's actual progress is inadequate to meet the requirements of this Subcontract, Company may so notify Subcontractor who shall thereupon take such steps as may be necessary to improve its progress. If within a reasonable period as determined by Company Subcontractor does not improve performance to meet the currently approved Subcontract schedule, Company may require an increase in Subcontractor's labor force, the number of shifts, overtime operations, additional days of Work per week and an increase in the amount of construction plant, all without additional cost to Company. Neither such notice nor Company's failure to issue such notice shall relieve Subcontractor of its obligation to achieve the quality of Work and rate of progress required by this Subcontract.

Failure of Subcontractor to comply with Company's instructions may be grounds for determination by Company that Subcontractor is not prosecuting the Work with such diligence as will assure completion within the times specified. Upon such determination, Company may terminate, in accordance with the applicable provisions of this Subcontract, Subcontractor's right to proceed with the performance of the Subcontract.

20.0 TAXES

To the extent possible, Subcontractor will use its best efforts to obtain services, materials and supplies furnished under this Subcontract that are tax exempt by sharing the exemption certificate. Subcontractor shall determine at the time of providing bids for this Subcontract and all subsequent modifications to this Subcontract if it is able to procure services, materials and supplies that are tax exempt. If the exemption certificate is not accepted, then the Subcontract price shall include all applicable Federal, State, and local taxes and duties.

21.0 COMPLIANCE WITH LAWS

- A. Subcontractor shall comply with all applicable federal, state, and local laws and ordinances and all pertinent lawful orders, rules, and regulations unless relief has been granted in writing by the appropriate regulatory agency. Except as otherwise directed by the Company, Subcontractor shall procure, without additional expense to the Company, all necessary permits and/or licenses.
- B. The requirements of this Article, including paragraph (b), shall be flowed down to all Lower-Tier Subcontractors

22.0 LIMITATION OF FUNDS

- A. Of the total price of this Subcontract, the sum of \$ _____ is presently available for payment and allotted to this Subcontract. It is anticipated that additional funds will be allocated to the Subcontract in accordance with the following schedule until the total price of the Subcontract is funded:
- B. The Subcontractor agrees to perform or have performed work on this Subcontract up to the point at which, if this Subcontract is terminated pursuant to the Termination For Convenience of Company article of this Subcontract, the total amount payable by Company (including amounts payable for Subcontracts and settlement costs) pursuant to the Termination For Convenience of Company article would, in the exercise of reasonable judgment by the Subcontractor, approximate the total amount at the time allotted to the Subcontract. The Subcontractor is not obligated to continue performance of the work beyond that point. Company is not obligated in any event to pay or reimburse the Subcontractor more than the amount from time to time allotted to the Subcontract, anything to the contrary in the Termination for Convenience of Company article notwithstanding.
- C.
- (1) It is contemplated that funds presently allotted to this Subcontract will cover the work to be performed until _____.
 - (2) If funds allotted are considered by the Subcontractor to be inadequate to cover the work to be performed until that date, or an agreed date substituted for it, the Subcontractor shall notify Company in writing when within the next 60 days the work will reach a point at which, if the Subcontract is terminated pursuant to the Termination For Convenience of Company article of the Subcontract, the total amount payable by Company (including amounts

payable for Subcontracts and settlement costs) pursuant to the Termination For Convenience of Company article will approximate 75 percent of the total amount then allotted to the Subcontract.

(3)

- i. The notice shall state the estimated date when the point referred to in subparagraph C 2 of this clause will be reached and the estimated amount of additional funds required to continue performance to the date specified in subparagraph C 1 of this clause, or an agreed date substituted for it.
- ii. The Subcontractor shall, sixty days in advance of the date specified in subparagraph C 1 of this clause, or an agreed date substituted for it, advise Company in writing as to the estimated amount of additional funds required for the timely performance of the Subcontract for a further period as may be specified in the Subcontract or otherwise agreed to by the parties.

(4) If, after the notification referred to in section C a (ii) of this clause, additional funds are not allotted by the date specified in subparagraph C 1 of this clause, or an agreed date substituted for it, Company shall, upon the Subcontractor's electronic request, terminate this Subcontract on that date or on the date set forth in the request, whichever is later, pursuant to the Termination for Convenience of Company article.

- D. When additional funds are allotted from time to time for continued performance of the work under this Subcontract, the parties shall agree on the applicable period of Subcontract performance to be covered by these funds. The provisions of paragraphs B and C of this clause shall apply to these additional allotted funds and the substituted date pertaining to them, and the Subcontract shall be modified accordingly.
- E. If, solely by reason of Company's failure to allot additional funds in amounts sufficient for the timely performance of this Subcontract, the Subcontractor incurs additional costs or is delayed in the performance of the work under this Subcontract, and if additional funds are allotted, an equitable adjustment shall be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the work to be performed.
- F. Company may at any time before termination, and, with the consent of the Subcontractor, after notice of termination, allot additional funds for this Subcontract.
- G. The provisions of this clause with respect to termination shall in no way be determined to limit the rights of Company under the default article of this Subcontract. This clause shall become inoperative upon the allotment of funds for the total price of the work under this Subcontract except for rights and obligations then existing under this clause.
- H. Nothing in this clause shall affect the right of Company to terminate this Subcontract pursuant to the Termination for Convenience of Company article of the Subcontract.

23.0 BANKRUPTCY

If the Subcontractor enters into any proceeding relating to bankruptcy, it shall give written notice via certified mail to the Company Procurement Representative within five (5) days of initiating the proceedings. The notification shall include the date on which the proceeding was filed, the identity and location of the court and a listing of the Company Subcontract Numbers for which final payment has not been made.

24.0 PUBLIC RELEASE OF INFORMATION

Information, data, photographs, sketches, advertising, announcements, denial, or confirmation of same, or items of a similar nature, relating to this Subcontract, which Subcontractor desires to release or publish, shall be submitted to Company for approval eight weeks prior to the desired release date. As part of the approval request, Subcontractor shall identify the specific media to be used as well as other pertinent details of the proposed release. All releases by Subcontractors must have the prior approval of Company. Subcontractor shall include all provisions of this article including this sentence in all Subcontracts or orders under this Subcontract. Company's approval shall not be unreasonably withheld.

25.0 RIGHTS TO PROPOSAL DATA

Except for the technical data contained on those pages of Subcontractor's proposal which are specifically identified in the Subcontract with specific reference to this article and asserted by Subcontractor as being proprietary data, it is agreed that, as a condition of the award of this Subcontract and notwithstanding the provisions of any notice appearing on the proposal or elsewhere, Company and the Government shall have the right to use, duplicate, disclose and have others do so for any purpose whatsoever, the technical data contained in the proposal upon which this Subcontract is based.

26.0 PATENTS AND COPYRIGHTS

- A. Subcontractor shall, at its own expense, defend any suit or proceeding brought against Company and/or its Subcontractors, mediate and immediate, so far as based on any allegation that any goods, material, equipment, device, item, method, or article (hereinafter referred to as "Product") or any part thereof furnished hereunder constitutes an infringement of any claim of any patent or violation of any copyright.
- B. In case the product or any part thereof furnished hereunder is held, in any suit or proceeding so defended to constitute infringement and its use is enjoined, Subcontractor shall, at its option and its own expense, in a timely manner either (i) procure for Company and its Subcontractors, mediate and immediate, the right to continue using product or part thereof, or (ii) replace it with a substantially equivalent non-infringing product, or (iii) modify it so it becomes non-infringing but is substantially functionally equivalent.

27.0 REPORTING OF ROYALTIES

If any royalty payments are directly involved in this Subcontract or are reflected in the Subcontract price, Subcontractor agrees to report in writing to Company during the performance of this Subcontract and prior to its completion or final settlement the amount of any royalties or other payments paid or to be paid by it directly to others in connection with the performance of this Subcontract together with the names and addresses of licensors to whom such payments are made and either the patent numbers involved or such other information as will permit identification of the patents or other basis on which the royalties are to be paid. The approval of DOE or Company of any individual payments or royalties shall not preclude the Government or Company at any time from contesting the enforceability, validity, or scope of, or title to, any patent under which a royalty or payment is made. This Article shall be included in all Subcontracts that are expected to exceed \$25,000.

28.0 WORKMANSHIP AND MATERIALS

- A. Unless this Subcontract specifies otherwise, the Subcontractor represents that all workmanship will be first class and the supplies and components, including any former Government property identified in this Subcontract are new, including recycled (not used or reconditioned) in conformance with industry standards and are not of such age or so deteriorated as to impair their usefulness or safety. The Subcontractor shall not provide material or equipment that contains material that is known to be suspect or counterfeit (see paragraph E below). If the Subcontractor believes that furnishing used or reconditioned supplies or components will be in the Government's interest, the Subcontractor shall notify the Company Procurement Representative in writing. The Subcontractor's notice shall include a proposal for consideration by Company that states the reason for the request to use reconditioned or used supplies or components.
- B. Where items are referred to in the specifications as "equal to" any particular standard, Company shall decide the question of equality.
- C. If required elsewhere in this Subcontract, Subcontractor shall submit for approval samples of, or test results on, any materials proposed to be incorporated in the Work before making any commitment for the purchase of such materials. Such approval shall not relieve Subcontractor of any of its obligations hereunder.
- D. All work under this Subcontract shall be performed in a skillful and workmanlike manner. The Subcontractor agrees to utilize only experienced, responsible, and capable employees, to include Lower-tier Subcontractors, in the performance of the work. Company may require that the Subcontractor remove from the job, employees to include Lower-tier Subcontractors, who endanger persons or property, or whose continued employment under this Subcontract is inconsistent with the interests of security or safety at the Savannah River Site (SRS).
- E. Suspect or Counterfeit Parts
 - (1) Subcontractors shall supply products at Savannah River Site (SRS) that are not and do not contain suspect/counterfeit parts. A suspect item is an item in which there is an indication by visual inspection, testing, or other information that it may not conform to established government or industry accepted specifications or national consensus standards. A suspect/counterfeit item is any item that is a copy or substitute without legal right or authority to do so, or one whose material, performance, characteristics, or identity does not appear to be authentic and is verified to be either counterfeit or fraudulent. Failure by the Subcontractor to document material substitution or identify that an item has been refurbished or remanufactured is considered to be fraud, and the item then becomes suspect/counterfeit.
 - (2) If it is determined that a suspect/counterfeit part has been supplied, Company will impound the items pending a decision on disposition. The Subcontractor may be required to replace such items with items acceptable to Company and shall be liable for all costs relating to the impoundment, removal, and replacement. Company may also notify the local

Department of Energy Office of Inspector General and reserves the right to withhold payment for the items pending results of the investigation.

29.0 WARRANTY

- A. Subcontractor warrants that the Supplies shall be free from defects in material and workmanship, of the most suitable grade of their respective kinds for the purpose and comply with all requirements set forth in this Subcontract, until one year after first placed into service by Company, or three years after acceptance, whichever first occurs. Subcontractor shall correct any nonconformity with this warranty at its sole expense, as directed by Company, by promptly: (i) repairing or replacing the nonconforming Supplies specified (and correcting any plans, specifications, or drawings affected); (ii) furnishing Company any materials, parts, and instructions necessary to correct or have corrected the nonconformity, or (iii) paying to Company a portion of the Subcontract price as is equitable under the circumstances.
- B. Subcontractor warrants that the Services shall reflect the industry standards of professional knowledge and judgment, shall be free from defects in workmanship, and shall be in compliance with all requirements of this Subcontract, until one (1) year from the completion of the Services. Subcontractor shall correct any nonconformity with this warranty at its sole expense, as directed by Company, by promptly (i) re-performing the nonconforming Services or (ii) paying to Company a portion of the Subcontract price as is equitable under the circumstances.
- C. If Subcontractor fails to perform its obligations promptly under this article, Company may perform, or have performed such obligations and Subcontractor shall pay Company all charges occasioned thereby.
- D. The warranty with respect to corrected Supplies or Services shall be subject to the same terms as the warranty provided for in paragraphs A and B of this article. The warranty for other than corrected or replaced Supplies or Services shall continue until the expiration of such period and a period equal to the time elapsed between the discovery of the nonconformity and its correction.
- E. Unless installation is an element of the Work, Subcontractor shall not be obligated under this article for the costs of removal or reinstallation of any Supplies furnished or items Serviced hereunder from the location of their installation, or for the costs of removal or reinstallation of structural parts or items not furnished by Subcontractor hereunder. Subcontractor shall in any event bear all packing, packaging, and shipping costs from the place of delivery to the Subcontractor's plant and return to the place of delivery and shall bear all risk of loss or damage for the items upon which Services have been performed or Supplies while in transit.
- F. Unless decontamination is an element of the Work, in the event that Subcontractor's costs in correcting any nonconformity under this article are increased solely because the Supplies furnished or items Serviced hereunder must be decontaminated to the level specified in the definition of "radiation area" in 10 CFR 20.202, this Subcontract price shall be equitably adjusted to reflect such additional costs after prompt written electronic notification thereof by Subcontractor to Company.
- G. The provision of this article shall apply notwithstanding inspection, acceptance, or any other provision of this Subcontract, and shall not limit any other of Company's rights and remedies.
- H. Latent Defects. In the event the Subcontractor becomes aware of any latent defect(s) in any item(s) furnished under this Subcontract, the Subcontractor shall promptly notify the Company Procurement Representative. This notice shall provide at a minimum the following information:
- (1) full description of the item(s);
 - (2) manufacturer, model and/or part number;
 - (3) complete description of the latent defect
 - (4) impact of the defect on the operation of the item(s);
 - (5) action(s) to be taken by Company relative to return, re-fit, repair, etc.;
 - (6) date of purchase by Company; and,
 - (7) applicable Company Subcontract number.

30.0 INSPECTION OF SUPPLIES AND SERVICES

A. Definitions

- (1) "Services" as used in this article includes services performed, workmanship, and material furnished or utilized in the performance of services.
- (2) "Supplies" as used in this article, includes but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.

B. Subcontractor shall provide and maintain an inspection system acceptable to Company covering Services and/or Supplies and shall tender to Company for acceptance only Supplies that have been inspected in accordance with the inspection system and have been found by Subcontractor to be in conformity with Subcontract requirements. As part of the system, Subcontractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to Company and the Government during Subcontract performance and for as long afterwards as this Subcontract requires. Company and the Government may perform reviews and evaluations reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the Work. The right of review, whether exercised or not, does not relieve Subcontractor of its obligations under this Subcontract.

C. Company and the Government have the right to inspect and test all Supplies and Services called for by this Subcontract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. Company and the Government shall perform inspections and tests in a manner that will not unduly delay the Work. Company and the Government assume no contractual obligation to perform any inspection and test for the benefit of Subcontractor, unless specifically set forth elsewhere in this Subcontract.

D. If Company or the Government performs an inspection or test on the premises, or remotely/virtually, of Subcontractor, Subcontractor shall furnish and shall require Subcontractors to furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in this Subcontract, Company shall bear the expense of Company and Government inspections or tests made at other than the Subcontractor's premises; provided, that in case of rejection, Company and the Government shall not be liable for any reduction in the value of inspection or test samples.

E.

- (1) When Supplies or Services are not ready at the time specified by Subcontractor for inspection or test, Company may charge to Subcontractor the additional cost to Company related to the inspection or test.
- (2) Company may also charge Subcontractor for any additional cost of inspection or test when prior rejection makes re-inspection or retest necessary.

F. Company has the right either to reject or to require correction of nonconforming Supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with Subcontract requirements. Company may reject nonconforming Supplies with or without disposition instructions.

G. Subcontractor shall remove Supplies rejected or required to be corrected. However, Company may require correction in place, promptly after notice, by and at the expense of Subcontractor. Subcontractor shall not tender for acceptance corrected or rejected Supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.

H. If any of the Services do not conform to Subcontract requirements, Company may require Subcontractor to perform the Services again in conformity with Subcontract requirements, at no increase in Subcontract amount. When the defects in Services cannot be corrected by re-performance, Company may

- (1) Require Subcontractor to take necessary action to ensure that future performance conforms to Subcontract requirements and
- (2) Reduce the Subcontract price to reflect the reduced value of the Services performed.

I. If Subcontractor fails to remove, replace, or correct rejected Supplies promptly, that are required to be removed or to be replaced or corrected, or to re-perform nonconforming Services promptly in conformance with Subcontract requirements or to take the necessary action to ensure future performance of Services in conformity with Subcontract requirements, Company may

- (1) By Subcontract or otherwise, remove, replace, or correct the Supplies and perform the Services and charge the cost to Subcontractor;
 - (2) Terminate this Subcontract for default; or
 - (3) Require delivery and make an equitable price reduction.
- J.
- (1) If this Subcontract provides for the performance of quality assurance at source, whether performed on the supplier's premises or remote/virtually, and if requested by Company, the Subcontractor shall furnish advance notification of the time
 - i. When Subcontractor inspection or tests will be performed in accordance with the terms and conditions of this Subcontract and
 - ii. When the Supplies will be ready for Company inspection.
 - (2) The Company request shall specify the period and method of the advance notification and the Company representative to whom it shall be furnished. Requests shall not require more than two workdays of advance notification if the Company representative is in residence in the Subcontractor's plant, nor more than seven workdays in other instances.
- K. Company shall accept or reject Supplies as promptly as practicable after delivery, unless otherwise provided in this Subcontract. Company's failure to inspect and accept or reject the Supplies shall not relieve Subcontractor from responsibility, nor impose liability on Company, for nonconforming Supplies.
- L. Inspections and tests by Company and the Government do not relieve Subcontractor of responsibility for defects or other failures to meet Subcontract requirements. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in this Subcontract.
- M. If acceptance is not conclusive for any reason, Company, in addition to any other rights and remedies provided by law, or under other provisions of this Subcontract, shall have the right to require the Subcontractor
- (1) At no increase in Subcontract price, to correct or replace the defective or nonconforming Supplies at the original point of delivery or at Subcontractor's plant, at Company's election, and in accordance with a reasonable delivery schedule as may be agreed upon between Subcontractor and Company; provided that Company may require a reduction in Subcontract price if Subcontractor fails to meet such delivery schedule, or
 - (2) Within a reasonable time after receipt by Subcontractor of notice of defects or nonconformance, to repay such portion of this Subcontract as is equitable under the circumstances if Company elects not to require correction or replacement. When Supplies are returned to Subcontractor, Subcontractor shall bear the transportation cost from the original point of delivery to Subcontractor's plant and return to the original point when that point is not the Subcontractor's plant. If Subcontractor fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of ten days (or such longer period as Company may authorize electronically) after receipt of notice from Company specifying such failure, Company shall have the right by contract or other-wise to replace or correct such Supplies and charge to Subcontractor the cost occasioned thereby.

31.0 SUBCONTRACTOR'S'S INSPECTION REQUIREMENTS

- A. Subcontractor is responsible for performing, or having performed, all inspections and tests necessary to substantiate that the Supplies or Services furnished under this Subcontract conform to Subcontract requirements, including any applicable technical requirements for specified manufacturers' parts. This article takes precedence over any Company inspection and testing required in the specifications, except for specialized inspections or tests specified to be performed solely by Company.
- B. Should tests in addition to those required by this Subcontract be desired by Company, Subcontractor will be advised in ample time to permit such testing. Such additional tests will be at Company's expense.
- C. Subcontractor shall furnish samples as requested and shall provide reasonable assistance and cooperation necessary to permit tests to be performed on materials or Work in place including reasonable stoppage of Work during testing.

32.0 PERMITS AND LICENSES

Except as otherwise specified, Subcontractor shall procure and pay for all permits, licenses, and inspections, other than inspections performed by Company and shall furnish any bonds, security, or deposits required by the Government, state, territory, municipality, or other political subdivisions to permit performance of the Work hereunder. This includes but is not necessarily limited to identifying if such permits and licenses are required, compiling the information and data required for applications to obtain permits and licenses, filing of necessary applications for such permits and licenses, and providing any additional information or data required.

Where permits and licenses are furnished by Company or the Government, the Subcontractor shall provide all reasonable assistance requested, including the providing of any necessary information or data.

33.0 PERFORMANCE BOND

- A. The Subcontractor shall furnish a performance bond for the protection of Company and the Government in an amount equal to 100 percent of the value of this Subcontract (see 1.0 Definitions), and a payment bond in an amount equal to 50 percent of the value of this Subcontract.
- B. The Subcontractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Procurement Representative, within 10 days after Notice of Award, but in any event, before starting work.
- C. Company may require additional performance bond protection when the value of this Subcontract is increased. Company may secure additional protection by directing the Subcontractor to increase the penal amount of the existing bond or to obtain an additional bond.
- D. The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States.

34.0 WORK ON SRS, GOVERNMENT OR OTHER PREMISES

- A. As to the Work to be done or performed by Subcontractor on premises owned or controlled by SRS, the Government, or the premises of other SRS Subcontractors, Subcontractor assumes the entire responsibility and liability for losses, expenses, damages, demands, and claims in connection with or arising out of any injury including death, or damage to property, sustained in connection with or to have arisen out of the negligent acts or omissions of Subcontractor or its Subcontractors, agents, or employees. Subcontractor shall indemnify and hold harmless the Government and Company from and against any and all claims, demands, actions, causes of action including those brought by an employee of the Subcontractor or a State Industrial Insurance Subcontractor under a Workers/ Workmen's Compensation Act or statute, suits, damages, expenses including attorney fees and liabilities whatsoever resulting from or arising in any manner on account of or by reason of any injury to or death of any person or any damage to or loss of property attributable directly or indirectly to the negligent acts or omissions of Subcontractor or its Subcontractors, agents, or employees arising out of, or in any way connected with the performance of this Subcontract, whether or not caused in any way by some act or omission, negligence or otherwise, of Company or the Government; provided however, that the Subcontractor's duty to indemnify shall not arise if such injury, death, destruction or loss is caused by the negligence of Company or the Government. Nothing in the foregoing shall be construed to require Subcontractor to indemnify and save harmless the Government and Company from any liability arising out of or resulting from a nuclear incident. To the extent necessary to execute the foregoing indemnification and as permitted by law, Subcontractor specifically waives any and all immunity provided by any industrial insurance or Workers/ Workmen's Compensation Act or statute.
- B. When Subcontractor shall perform any part of the Work on the premises of SRS or the Government during the performance of this Subcontract, the Subcontractor shall have in force and effect, policies of insurance conforming to the terms set forth in Paragraph C of this Article.
- C. All personnel operating motor vehicles at SRS must have a valid driver's license, vehicle registration and proof of insurance (regardless of state of origin). Anyone not having these documents is subject to being denied access to SRS and, if in violation of a law, being cited for the violation.
 - (1) The Subcontractor shall procure and thereafter maintain at its own expense, the following insurance:
 - i. Workers' Compensation and Employer's Liability. Limits of Liability: Worker's Compensation: Statutory limits in the jurisdiction wherein the Work is to be performed. Employer's Liability: A minimum of \$1,000,000.

- ii. Comprehensive general liability including Bodily Injury and Property Damage. Limits of Liability: A minimum of \$1,000,000 Combined Single Limit. Endorsements: Company and the Government to be endorsed as Additional Insured. Contractual Liability including all coverage endorsed on the basic policy.
- iii. Automobile Liability including Bodily Injury and Property Damage including All Owned, Non-Owned and Hired. Limits of Liability: \$1,000,000 Combined Single Limit

- (2) Certificates of insurance evidencing that the requirements of this Article have been met shall be furnished to Company before work is commenced with respect to high hazardous performance under this Subcontract, (Ref. OSR 1-183). In addition, a copy of the policy endorsement for Comprehensive General Liability insurance (Ref. paragraph C. (1)(ii) above), naming Company and the Government as “Additional Insured”, shall be submitted with the certificate of insurance. Provisions shall be made for thirty days advance notice by mail to Company of change in or cancellation of such insurance. Certificates shall be issued by insurance carriers satisfactory to Company.

With respect to all other services, Statements of Certification of insurance evidencing that the requirements of this Article have been met shall be furnished to Company before work is commenced. In addition, a Statement of Endorsement for Comprehensive General Liability insurance (Ref. paragraph C. (1) (ii) above), naming Company and the Government as “Additional Insured”, shall be submitted with the certificate of insurance. Provisions shall be made for thirty days advance notice by mail to Company of change in or cancellation of such insurance. Certificates shall be issued by insurance carriers satisfactory to Company.

- (3) In the event the Subcontractor fails to furnish such Certifications or Statements of Certification of Insurance, as required in Paragraph 2 herein above, prior to commencement of work or to continue to maintain such insurance during the performance of the Subcontract, Company shall have the right to stop work and/or to withhold any payments or partial payments required to be made under this Subcontract; and shall have the right to continue withholding any or all of said payments so long as the Subcontractor has not complied with the requirements of this Article.
- (4) On Subcontracts involving blasting or other hazardous operations, the Subcontractor’s insurance shall specifically state that all blasting or such other hazardous operations are fully covered.

D. Subcontractor agrees to comply with and require its Subcontractors to comply with all applicable laws, rules, and regulations with respect to state industrial insurance or Workers/Workmen's Compensation, occupational disease, occupational safety, and health, or withholding and payment of social security and federal and state income taxes. Subcontractor further agrees to indemnify Company and the Government against, and to save and hold harmless Company and the Government from, any and all liability and expense with respect to claims against Company or the Government which may result from the failure or alleged failure of Subcontractor or of any of its Subcontractors to comply therewith.

E. When Subcontractor shall perform any part of the Work on the premises of SRS or other premises owned and/or operated by the Government during the performance of this Subcontract, the Subcontractor shall demonstrate a culture of respect, including having a written policy on Respect in the Workplace; and shall be made available upon request.

35.0 RIGHT OF FIRST REFUSAL OF EMPLOYMENT

The scope of work described herein as currently being performed by Procurement (Company/BSRI) employees and award of a Subcontract may displace these workers. Consistent with section 3161 of the National Defense Authorization Act (PL 102-484), if the Subcontractor needs to hire additional employees beyond those already part of its existing work force as of the date of this solicitation in order to satisfy the performance requirements set forth by the scope of work in this solicitation, the Subcontractor must first consider the employment of qualified displaced DOE contractor employees who meet the 3161 Job Attachment Test prior to using other avenues to fill that employment need. At the time of award of the Subcontract, the Procurement Representative shall make available to the Subcontractor a list of displaced employees with sufficient information to allow for contact. This requirement shall be included in the resultant Subcontract and be in effect from the date of award of the Subcontract.

36.0 COMPLIANCE WITH EMPLOYEE CONCERNS

- A. Subcontractors shall ensure Subcontractor’s employees are aware of the DOE-SRS and Company Employee Concerns Programs (ECP) and how to use the program by performing the following:
- (1) Ensure employees are provided with information on the DOE-SRS and Company ECP during initial orientation and annual training.

- (2) Ensure that posters identifying the DOE-SRS and Company ECP telephone "hotline" numbers are displayed in conspicuous locations throughout the worksite. Company will provide posters, as necessary.
 - (3) Inform Subcontractor employees of the availability of the DOE-SRS ECP in case of dissatisfaction or lack of confidence with other reporting systems.
 - (4) Ensure managers and supervisors are aware of the prohibition of any reprisal against employees who have or are believed to have raised or reported concerns.
- B. Subcontractors must immediately notify the STR/End User or the Procurement Representative of any employee concern involving:
- (1) A condition which constitutes an imminent threat to the health and safety of site personnel or to the general public.
 - (2) Circumstances which would cause adverse public reaction or receive local media attention.
 - (3) Allegations of reprisal.
- C. Subcontractors shall investigate any employee concern referred by the STR/End User and inform the STR/End User of investigation results within 7 days of receipt of concern. Inform the STR/End User in writing electronically if an extension to this 7-day timeframe is required, along with status of investigation to date and actions pending to closure. The investigation shall be conducted to the satisfaction of the Company Procurement Representative.

37.0 SUBCONTRACTOR'S WORK AREA

All Subcontractor Work areas on the Jobsite will be assigned by Company. Subcontractor shall confine its operations to the areas so assigned. Should Subcontractor find it necessary or advantageous to use any additional off-site area for any purpose whatsoever, Subcontractor shall, at its expense, provide and make its own arrangements for the use of such additional off-site areas.

38.0 SITE INVESTIGATION AND CONDITIONS AFFECTING THE WORK

- A. Subcontractor shall have the sole responsibility for satisfying itself concerning the nature and location of the Work and the general and local conditions, including but not limited to the following:
- (1) Transportation, access, disposal, handling, and storage of materials,
 - (2) Availability and quality of labor, water, electric power, and road conditions,
 - (3) Climatic conditions, tides, and seasons,
 - (4) River hydrology and river stages,
 - (5) Physical conditions at the Jobsite and the project area as a whole,
 - (6) Topography and ground surface conditions, and
 - (7) Equipment and facilities needed preliminary to and during the performance of the Work.
- B. The failure of Subcontractor to acquaint itself with any applicable conditions will not relieve Subcontractor of the responsibility for properly estimating either the difficulties or the cost of successfully performing Subcontractor's obligations under this Subcontract.
- C. Where Company, or the Government has made investigations of subsurface conditions in areas where Work is to be performed under this Subcontract, such investigations are made by Company and the Government for the purpose of study and design. If the records of such investigations are included in the Subcontract Documents, the interpretation of such records shall be the sole responsibility of Subcontractor. Neither Company, nor the Government assumes any responsibility whatsoever in respect to the sufficiency or accuracy of such investigations, the records thereof, or of the interpretations set forth and there is no warranty or guarantee, either express or implied, that the conditions indicated by such investigations or records thereof are representative of those existing throughout such areas, or any part thereof, or that unforeseen developments may not occur, or that materials other than or in proportions different from those indicated may not be encountered.

39.0 CLEANING UP

Subcontractor shall, at all times, keep its Work areas in a neat, clean, and safe condition.

- A. Upon completion of any portion of the Work, Subcontractor shall promptly remove from the Work area all its equipment, and surplus materials not to be used at or near the same location during later stages of the Work.
- B. Upon completion of the Work and prior to final payment, Subcontractor shall at its expense satisfactorily dispose of all rubbish, remove all plant, buildings, equipment, and materials belonging to Subcontractor; and return to a Company warehouse or Jobsite storage area all salvageable Company or the Government supplied materials. Subcontractor shall leave the premises in a neat, clean, and safe condition.
- C. In event of Subcontractor's failure to comply with the foregoing, Company will accomplish same at Subcontractor's expense.

40.0 SUBCONTRACTOR'S LIABILITY FOR FINES AND PENALTIES

- A. Subcontractor is liable to Company for fines and penalties assessed by any governmental entity against Company or DOE as a result of Subcontractor's failure to perform its work under the Subcontract in compliance with the requirements of the Subcontract.
- B. Subcontractor shall indemnify, defend, and hold harmless Company and DOE from and against any and all claims, demands, actions, causes of action, suits, damages, expenses, including attorney's fees, and liabilities whatsoever resulting from or arising in any manner on account of the assessment of said fines and penalties against Company or DOE.

53.0 FAR AND DEAR CLAUSES IN FULL TEXT

CONFIDENTIALITY OF INFORMATION

- A. To the extent that the work under this Contract requires that the Contractor be given access to confidential or proprietary business, technical, or financial information belonging to the Government or other companies, the Contractor shall, after receipt thereof, treat such information as confidential and agrees not to appropriate such information to its own use or to disclose such information to third parties unless specifically authorized by the CO in writing. The foregoing obligations, however, shall not apply to:
 - (1) Information which, at the time of receipt by the Contractor, is in public domain;
 - (2) Information which is published after receipt thereof by the Contractor or otherwise becomes part of the public domain through no fault of the Contractor;
 - (3) Information which the Contractor can demonstrate was in its possession at the time of receipt thereof and was not acquired directly or indirectly from the Government or other companies; or
 - (4) Information which the Contractor can demonstrate was received by it from a third party that did not require the Contractor to hold it in confidence.

- B. The Contractor shall obtain the written agreement, in a form satisfactory to the CO, of each employee permitted access, whereby the employee agrees that he will not discuss, divulge, or disclose any such information or data to any person or entity except those persons within the Contractor's organization directly concerned with the performance of the Contract.

- C. The Contractor agrees, if requested by the Government, to sign an agreement identical, in all material respects, to the terms and conditions of this clause, with each company supplying information to the Contractor under this Contract, and to supply a copy of such agreement to the CO.

- D. The Contractor agrees upon request by DOE, it will execute a DOE-approved agreement with any party whose facilities or proprietary data it is given access to or is furnished, restricting use and disclosure of the data or the information obtained from the facilities. Upon request by DOE, such an agreement shall also be signed by Contractor personnel.

- E. This clause shall flow down to all subcontracts.

- F. Technical data is addressed in Section I, DEAR 970.5227-2 – Rights in Data- Technology Transfer (DEC 2000) (DEVIATION).
