No act or order of Company shall be construed to be an exercise of supervision or control of performance hereunder. Subcontractor shall not utilize or propose individuals for Work previously terminated for cause from Company.

4.0 ACCEPTANCE OF TERMS AND CONDITIONS

- A. Subcontractor, by signing Subcontract or delivering Supplies identified herein, agrees to comply with all terms and conditions and all specifications and other Subcontract documents incorporated by reference or attachment. Subcontractor shall be solely responsible for requesting instructions and interpretations and shall be solely liable for costs and expenses arising from Subcontractor's failure to do so. All rights and obligations shall survive final performance of Subcontract.
- B. Subcontract sets forth the entire agreement between Parties concerning the subject matter of Subcontract. The same scenario applies for substance abuse testing.
- C. Subcontractor shall not subcontract all or substantially all Work without prior written electronic approval of Company. This provision shall not apply to purchases of standard commercial Supplies on which Subcontractor shall perform further Work

6.0 LOWER-TIER SUBCONTRACTORS

The requirements of this Article shall be flowed down to all Lower-Tier Subcontractors.

When the use of a Lower-Tiered Subcontractor is determined to be necessary, Higher-Tiered Subcontractor shall flow down those terms and conditions applicable for the activities within Lower-Tiered Subcontractor's defined scope of Work, in accordance with referenced codes/standards/material Specifications, and any other requirements included within Subcontract.

Higher-Tiered Subcontractors shall flow down all commercial terms and conditions, including Articles incorporated by reference, to Lower-Tiered Subcontractor(s), including verification Lower-Tiered Subcontractor(s) has been appropriately qualified to perform activities required to satisfy this Subcontract. Higher-Tiered Subcontractor shall maintain objective evidence of the successful flow down of the referenced requirements and provide such evidence to Company upon request. This flow down is also required at all levels if Lower-Tiered Subcontractor to Higher-Tiered Subcontractor(s) deems it necessary to Subcontract further its parts of this Subcontract.

7.0 AUTHORIZED REPRESENTATIVES AND NOTICE

Unless otherwise specified, all notices and communications in accordance with or related to Subcontract shall be between authorized representatives designated in writing by Parties. Notices shall be in writing and may be served either personally on the authorized representative of the receiving Party, by email, courier or express delivery, or certified mail to the address shown on the face of Subcontract or such address as directed by notice

8.0 CHANGES

Company reserves the right to make changes within the general scope of Subcontract by issuance of unilateral change order or by bilateral modification to Subcontract. Such changes may include, without limitation, changes in (1) description of Supplies; (2) quantities of Supplies ordered; (3) method of shipment or packaging, and (4) time or place of delivery, inspection, and/or acceptance. Subcontractor shall promptly comply with any such change made by Company. If any change affects cost of or time required for performance, an equitable adjustment to the price and/or delivery requirements and other affected provisions of Subcontract shall be made by Parties in bilateral modification to Subcontract. For any change, whether directed or constructive, Subcontractor must assert any request for equitable adjustment under this Article in writing, together with such supporting information as Company may require, electronically and within thirty (30) days from date of Subcontractor's first knowledge of the change, or Subcontractor's right to assert such request for equitable adjustment shall be waived.

9.0 ASSIGNMENT FOR THE BENEFIT OF GOVERNMENT

- A. Assignment by Company. Subcontract may be unilaterally assigned by Company to Government or Government's designee, with subsequent written electronic notice of such assignment to Subcontractor. Following such transfer and assignment, Company shall have no further responsibilities hereunder.
- B. Assignment by Subcontractor. Unless permitted in paragraph C of this Article, Subcontractor shall not assign Subcontract, including any rights or obligations thereunder, wholly or in part, voluntarily, by operational of law, or otherwise without the prior written electronic consent of Company. Any assignment of Subcontract in violation of the foregoing shall, at the unilateral option of Company, be void. Subcontractor shall submit the documentation prescribed in in FAR 42.12 when requesting Company's acceptance of Subcontractor's successor in interest or to recognize Subcontractor's change of name.
- C. Assignment of Rights to be Paid. - D. Funding. Unless at the unilateral discretion of Company, Company shall make all payments under Subcontract from Government funds advanced and agreed to be advanced by Government, and not from its own funds. In almost all circumstances, funds recovered by Company from Subcontractor are Government funds.
- E. Right to Recovery. If Company seeks recovery from Subcontractor, Subcontractor agrees it shall not plead, assert, or raise, in any manner, a defense in which Company has no right to recover (1) because Company, itself, rather than Government, has suffered no damages on account of the cost-reimbursable nature of Company's Prime Contract with Government, or (2) because Government has accepted the project or task performed under Subcontract.

10.0 APPROVALS

The approval by Company of designs, Work drawings, specifications, reports, or any other data submitted by Subcontractor hereunder shall not affect or relieve Subcontractor from any responsibility to furnish said Supplies in full conformance with the requirements of Subcontract.

11.0 DISPUTES

- A. Subcontractor and Company agree to make good-faith efforts to settle any dispute or Claim arising under Subcontract through discussion and negotiation. If such efforts fail to result in a mutually agreeable resolution, Parties shall consider the use of Alternative Dispute Resolution (ADR). Whether mediation or binding arbitration is voluntarily agreed to or court ordered, the site of the proceedings shall be Aiken, South Carolina; Parties shall share the cost of obtaining mediator or arbiter, and each Party shall bear its discretionary costs.
- B. "Claim," as used in this Article, means a written demand or written assertion by one Party seeking, as a matter of right, payment of money in a sum certain, adjustment or interpretation of Subcontract terms, or other relief arising from or relating to Subcontract, or its breach. However, a written demand or written assertion by Subcontractor seeking the payment of money is not a Claim until certified if certification is required by paragraph (D) below. A request for payment (e.g., voucher, invoice, or other routine request for payment, a termination settlement proposal, or a request for adjustment or equitable adjustment) not in dispute when submitted is not a Claim. An initially undisputed request for payment may be converted to a Claim by Subcontractor by complying with the submission and applicable certification requirements in paragraphs (C) and (D) below.
- C. A Claim by Subcontractor shall be made in writing, citing this Article, and submitted to Procurement Representative with a request for Final Decision.

Certification

I certify under penalty of law: this Claim is made in good faith; the supporting data is accurate and complete to the best of my knowledge and belief; the amount requested accurately reflects Subcontract adjustment for which Subcontractor believes Company is liable; and I am duly authorized to certify Claim on behalf of [[Subcontractor or Lower-Tier Subcontractor, as appropriate]].

I further acknowledge Company is a prime contractor to Government, and this Claim, if accepted by Company, will be paid for with Government funds and therefore be paid by Government through a letter of credit arrangement with Company, and a false or fraudulent claim may subject me and/or Subcontractor to penalties, including, but not limited to, those under the False Claims Act, 31 U.S.C. 3729-3733.

- D. Subcontractor and any Lower-Tier Subcontractor(s) whose portion of Claim exceeds \$50,000 shall certify each portion of Claim; provided however, if Subcontractor cannot certify Lower-Tier Subcontractor's portion of Subcontractor's Claim, Subcontractor shall explain in writing why it cannot certify Lower-Tier Subcontractor's portion.

- (1) Company shall not be liable for, and shall not pay, any Claim originated by Subcontractor if Claim exceeds \$50,000 unless Subcontractor's Claim is accompanied by the below certification from

Subcontractor.

- (2) Company shall not be liable for, and shall not pay, any Claim of a Lower-Tier Subcontractor to Subcontractor if Lower-Tier Subcontractor Claim, without mark-ups by a Higher-Tier Subcontractor or Subcontractor, exceeds \$50,000 unless Lower-Tier Subcontractor Claim is accompanied by the below certification from Lower-Tier Subcontractor originating Claim.
- (3) The aggregate amount of both increased and decreased costs shall be used in determining when the dollar threshold requiring certification is met.

E.

- (1) Claim from Subcontractor shall be deemed denied if Procurement Representative does not issue a written Final Decision (i) by the date Final Decision would be issued as notified by Procurement Representative to Subcontractor, or (ii) within sixty (60) calendar days after receipt of Claim if Procurement Representative did not notify Subcontractor of the date Final Decision would be issued. Procurement Representative may, but is not required to, issue a written Final Decision after Claim is deemed denied.
- (2) Procurement Representative's Final Decision on any Subcontractor Claim shall be final and conclusive between Parties with no right of judicial review, provided however, Final Decision shall not be final and binding against either Party, and shall be given no evidentiary weight by the trier of fact, if Subcontractor files suit within ninety (90) calendar days of the written Final Decision in the appropriate court as provided for in paragraph (F) below.
- (3) Subcontractor shall have no right to file suit prior to the date of the written Final Decision or sixty (60) calendar days from Procurement Representative's receipt of Claim, whichever occurs earlier.

F.

- (1) State Agency. Where Subcontractor is a State agency, such as an educational institution, the applicable constitutional provisions or statutes governing sovereign immunity shall dictate the appropriate forum and law governing substantive issues.
- (2) Seller not a State Agency.
 - a. Any litigation shall be brought and prosecuted exclusively in Federal District Court, with venue in the United States Court for the District of South Carolina, Aiken Division.
 - b. In the event requirements for jurisdiction in Federal District Court are not present, such litigation shall be brought in either Aiken, Barnwell, or Allendale County, South Carolina.
- (3) Parties agree to trial by judge alone and hereby waive any right to demand a trial by jury.
- (4) If a court awards interest of any kind, interest shall be simple interest at the applicable rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (Public Law 95-563). If a court awards prejudgment interest, interest shall accrue from no earlier than the date Claim is received by Procurement Representative.

G. Subject to (F)(1), the resolution of all issues arising from or relating to Subcontract shall be governed to the maximum extent practicable by the common law of federal contracts; provided, however, (i) the "Christian Doctrine" shall not apply, meaning Government procurement clauses (e.g., FAR and DEAR) or portions thereof not appearing in Subcontract shall not be read into Subcontract, and (ii) where the language of any article, provision, or term herein differs from the language of a Government procurement clause, provision, or term, the differing language of Subcontract shall control. Where the common law of federal contracts does not apply, then subject to (F)(1), resolution shall be governed by the laws of the State of South Carolina, without regard to its Conflicts of Laws rules.

H. There shall be no interruption in the performance of Work, and Subcontractor shall proceed diligently with the performance of Subcontract pending final resolution of any dispute arising under or related to Subcontract between Parties or between Subcontractor and its Lower-Tier Subcontractor(s).

- I. Contractual remedies in this Article shall not be deemed to waive, postpone the running of, extend, or otherwise affect any statute of limitation applicable to any request for payment or Claim.

12.0 TERMINATION AT COMPANY'S OPTION

Company shall have the right at any time, with or without cause, to terminate further performance of Work, by written notice to Subcontractor, specifying date of termination. On the date of such termination stated in said notice, Subcontractor shall discontinue performance of Work, and shall preserve Work in progress and completed Work, pending Company's instructions, and shall turn over such Work in accordance with Company's instructions.

If Subcontractor has fully and completely performed all obligations under Subcontract up to the date of termination, Subcontractor shall recover from Company as complete and full settlement for such termination: (a) for Work to be performed for a lump sum contract price under Subcontract, the actual costs of all such Work satisfactorily executed to the date of termination, plus overhead and profit on such costs based on the percentage agreed to in the original schedule of values. (b) actual cost incurred by Subcontractor to return Subcontractor's field tools and equipment, if any, to its or its Lower-Tier Subcontractor's premises and to turn over Work in progress and completed Work in accordance with Company's instructions; plus, (c) actual substantiated cost necessarily incurred in effecting the termination; less, (d) all amounts previously paid to Subcontractor for the Work. This is more fully delineated in FAR 31.205-42, set forth in its entirety in Part 4.

All claims under any of the foregoing provisions of this Article shall be supported by Subcontractor's accounting records or other such documentation satisfactory in form and content to Company and verified by Company. In no event shall Subcontractor be entitled to any consequential damages, including but not limited to prospective profits, loss of future business, loss of production and impairment of credit, and any other such perspective damages because of the termination. All payments made pursuant to Termination at Company's Option will be subject to audit. If Company elects to audit Subcontractor's claims for termination for convenience costs, no payments will be made to Subcontractor, including any outstanding pre-termination costs, until the audit has been completed. The warranty obligations in Subcontract will survive the termination

13.0 TERMINATION FOR DEFAULT

Company may terminate Subcontract, in whole or in part, if Subcontractor: (1) fails to supply enough properly skilled workers or proper Supplies or equipment so as to endanger performance of Subcontract; (2) fails to make payment to Lower-Tier Subcontractors for Supplies or labor in accordance with the respective Subcontracts between Subcontractor and Lower-Tier Subcontractors; (3) disregards applicable laws, ordinances, rules, regulations, directives, or orders, or instructions of Company; (4) fails to adhere to the time specified in Subcontract for performance of Services or delivery of Supplies or Services; or (5) otherwise fails to comply with any Supplies terms of Subcontract. Company's right to terminate Subcontract may be exercised if Subcontractor does not cure such failure within ten (10) days after receipt of notice from Company specifying the failure.

Company may take possession and use any Supplies, tools, equipment, and the construction facilities and premises and finish the Work by whatever method Company deems expedient at Subcontractor's expense which includes any increased cost incurred which exceeds Subcontract price.

Subcontractor will not be deemed to be in default for failure to perform caused by the failure of a Lower-Tier Subcontractors if the failure was beyond the control of both Subcontractor and Lower-Tier Subcontractors and without the fault or negligence of either.

The rights and remedies of Company in this Article are in addition to any other rights and remedies provided by law or under Subcontract

14.0 EXCUSABLE DELAYS

- A. Subcontractor shall not be liable to Company if its nonperformance is caused by an occurrence beyond the reasonable control of Subcontractor and without its fault or negligence, such as acts of God or the public enemy, acts of Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine

restrictions, strikes, unusually severe weather, and delays of common carriers. However, if Subcontractor's failure to perform Work is caused by the failure of its Lower-Tier Subcontractor(s) to perform or make progress, and if the cause of such failure was beyond the reasonable control of both Subcontractor and Lower-Tier Subcontractor(s) and without the fault or negligence of either, then Subcontractor shall not be deemed to be in default, unless Supplies or Services were timely obtainable from other sources. Subcontractor shall notify Procurement Representative in writing as soon as possible after any excusable delay period begins and ends.

- B. Company shall not be liable to Subcontractor if Company's nonperformance is caused by an occurrence beyond the reasonable control of Company and without its fault or negligence, such as acts of God or the public enemy, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. Subcontractor's sole remedy shall be a schedule extension to Subcontract if the facts support the extension requested by Subcontractor. Procurement Representative shall notify Subcontractor in writing as soon as reasonably possible after an excusable delay period begins and ends.

15.0 PAYMENT BY COMPANY TO SUBCONTRACTOR

- A. Company shall make progress payments monthly as the Work proceeds, or at more frequent intervals as determined by Company, on estimates approved by Company. Except as provided in paragraph B below, in making progress payments, Company shall retain ten (10) percent of the estimated payment until final completion and acceptance of Subcontract Work. However, if Company finds satisfactory progress was achieved during any period for which a progress payment is to be made, Company may authorize such payment in full, without retaining a percentage. Also, on completion and acceptance of each unit or division for which the price is stated separately, Company may authorize full payment for each of the unit or division without retaining a percentage.
- B. When the Work is substantially completed, Company shall retain an amount considered adequate for protection of Company and Government and, at Company's discretion, may release all or a portion of any excess amount.
- C. In further consideration of performance, Subcontractor/Supplier shall receive title to all property to be dismantled or demolished for what is not specifically designated as being retained by Company. Except as provided in paragraph D below the title shall vest in Subcontractor/Supplier immediately upon Company's issuing the notice of award, or if a performance bond is to be furnished after award, upon Company's issuance of a notice to proceed with the Work. Company shall not be responsible for the condition of or any loss or damage to, the property.
- D. Upon written electronic notice to Subcontractor/Supplier while the aforesaid property remains in the possession of Subcontractor/Supplier, Company may reclaim title to any of the property if Company determines:
 - (1) The property does contain, or may contain, classified U.S. Government data (in any form), and/or technology sensitive to the national interest, or
 - (2) The property is "Proliferation Sensitive Property", as defined herein.

Company and Government are not liable to Subcontractor/Supplier for any costs associated with the inadvertent inclusion of such property in the sale. If payment has been made for any such property, the payment shall be refunded to Subcontractor/Supplier. Any reshipment costs involved will be the responsibility of Company. Once notified by Company of its intent to reclaim the aforesaid property, Subcontractor/Supplier agrees to take all reasonable measures to safeguard the aforesaid property until reclaimed by Company.

- E. Upon completion and acceptance of all Work and receipt of a properly executed invoice, Company shall make final payment of the amount due to Subcontractor/Supplier under Subcontract. If requested, Subcontractor/Supplier shall release all claims against Company arising under Subcontract, other than any claims Subcontractor/Supplier specifically excepts, in stated amounts, from operation of the release.

F. Overpayments.

If Subcontractor/Supplier becomes aware of a duplicate invoice payment or Company has otherwise overpaid on an invoice payment, Subcontractor/Supplier shall immediately notify Company and request instructions for disposition of the overpayment.

16.0 PAYMENT BY SUBCONTRACTOR TO COMPANY

A. Subcontractor shall receive title to all property to be dismantled, demolished, or removed under Subcontract and not specifically designated in the Schedule as being retained by Company. Except as provided in paragraph C below, the title shall vest in Subcontractor immediately upon Company's issuing the notice of award, or if a performance bond is to be furnished, upon Company's issuing a notice to proceed with the Work. Company shall not be responsible for the condition of or any loss or damage to, the property.

B. Subcontractor shall promptly remove from the site all property acquired by Subcontractor. Company shall not permit storage of property on the site beyond completion date.

C. Upon written electronic notice to Subcontractor while aforesaid property remains in the possession of Subcontractor, Company may reclaim title to any of the property if Company determines:

- (1) The property does contain, or may contain, classified U.S. Government data (in any form), and/or technology sensitive to the national interest, or
- (2) The property is "Proliferation Sensitive Property", as defined herein.

Company and Government are not liable to Subcontractor for any costs associated with the inadvertent inclusion of such property in the sale. If payment has been made for any such property, payment shall be refunded to Subcontractor. Any reshipment costs involved will be the responsibility of Company. Once notified by Company of its intent to reclaim the aforesaid property, Subcontractor agrees to take all reasonable measures to safeguard the aforesaid property until reclaimed by Company.

D. Subcontractor shall perform Work within the time called for under Subcontract, and before proceeding with Work, shall make full payment to Company, as provided for in the Schedule. Checks shall be made payable to the office designated in Subcontract.

17.0 INCREMENTAL PAYMENT BY SUBCONTRACTOR TO COMPANY

A. Subcontractor shall make payment to Company in the amount and frequency specified in Subcontract. Checks shall be made payable to the office designated in Subcontract.

B. Except as provided in paragraph C below, and upon Company's receipt of each increment of payment, Subcontractor shall receive title to such property as Company determines to be fair and reasonable for the determined increment of payment. Upon receipt of Subcontractor's final payment, all title which has not passed to Subcontractor shall vest in Subcontractor, unless specifically designated in the Schedule as being retained by Company. Company shall not be responsible for the condition of or any loss or damage to, the property.

C. Upon written electronic notice to Subcontractor while the aforesaid property remains in the possession of Subcontractor, Company may reclaim title to any of the property if Company determines:

- (1) The property does contain, or may contain, classified U.S. Government data (in any form), and/or technology sensitive to the national interest, or
- (2) The property is "Proliferation Sensitive Property", as defined herein.

Company and Government are not liable to Subcontractor for any costs associated with the inadvertent inclusion of such property in the sale. If payment has been made for any such property, the payment shall be

refunded to Subcontractor. Any reshipment costs involved will be the responsibility of Company. Once notified by Company of intent to reclaim aforesaid property, Subcontractor agrees to take all reasonable measures to safeguard aforesaid property until reclaimed by Company.

- D. Subcontractor shall promptly remove from the site all property acquired by Subcontractor. Company will not permit storage of property on the site beyond the completion date.

18.0 PAYMENT BY ELECTRONIC FUNDS TRANSFER

A. Methods of Payment.

- (1) Payments by Company under Subcontract shall be made by Electronic Funds Transfer (EFT) except as provided in paragraph A(2) of this Article. As used in this Article, the term "EFT" refers to the funds transfer and may also include the payment information transfer.
- (2) In the event Company is unable to release one or more payments by EFT, Subcontractor agrees to either:
 - i. Accept payment by check or some other mutually agreeable method of payment; or
 - ii. Request Company to extend payment due dates until such time as Company makes payment by EFT.

B. Mandatory Submission of Subcontractor's EFT Information.

Subcontractor is required to provide Company with the information required to make payment by EFT. Subcontractor shall provide this information directly to the office designated in Subcontract, on forms provided by Company, no later than fifteen (15) days after award. If not otherwise specified in Subcontract, the payment office is the designated office for receipt of Subcontractor's EFT information. In the event the EFT information changes, Subcontractor shall be responsible for providing the updated information to the designated office.

C. Mechanisms for EFT Payment.

Company may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System.

D. Suspension of Payment.

- (1) Company is not required to make any payment under Subcontract until after receipt, by the designated office, of the correct EFT payment information from Subcontractor. Until receipt of the correct EFT information, any invoice or Subcontract financing request shall be determined to be an incorrect invoice for the purpose of payment under Subcontract.
- (2) If the EFT information changes after submission of correct EFT information, Company shall begin using the changed EFT information no later than thirty (30) days after its receipt by the designated office. However, Subcontractor may request no further payments be made until the updated EFT information is implemented by the payment office.

E. Payment Information.

On the day payment on Subcontractor's invoice is due, Company will issue instructions to its bank to transfer payment to Subcontractor and will also send a FAX to Subcontractor explaining the details to support the payment.

F. Liability for Uncompleted or Erroneous Transfers.

- (1) If an uncompleted or erroneous transfer occurs because Company used Subcontractor's EFT information incorrectly, Company remains responsible for –
