2.0 ORDER OF PRECEDENCE

Any inconsistencies shall be resolved in accordance with the following descending order of precedence:

- (1) Negotiated Terms and Conditions
- (2) Terms and Conditions
- (3) Clauses Incorporated by Reference
- (4) Statement of Work or other description of Services or Supplies

3.0 INDEPENDENT CONTRACTOR

- A. Subcontractor shall act in performance of Subcontract as an independent contractor and not as an agent for Company or Government, maintaining complete control over its employees and all Lower-Tier Subcontractors. Nothing contained in Subcontract, or any Lower-Tier Subcontract(s), shall create any contractual relationship between any such Lower-Tier Subcontractor(s) and Government or Company. Subcontractor is solely responsible for actions of itself and its Lower-Tier Subcontractors, agents, and employees.
- B. Subcontractor shall not utilize or propose individuals for Work previously terminated for cause from Company.

4.0 ACCEPTANCE OF TERMS AND CONDITIONS

- A. Subcontractor, by signing Subcontract or delivering Supplies identified herein, agrees to comply with all terms and conditions and all specifications and other Subcontract documents incorporated by reference or attachment. Subcontractor shall be solely responsible for requesting instructions and interpretations and shall be solely liable for costs and expenses arising from Subcontractor's failure to do so. All rights and obligations shall survive final performance of Subcontract.
- B. Subcontract sets forth the entire agreement between Parties concerning the subject matter of Subcontract. To avoid any doubt, Subcontract supersedes all prior and contemporaneous negotiations, understandings, and agreements, whether oral or written, pertaining to the subject matter hereof, and supersedes and takes precedence over any conflicting or supplemental terms and conditions included in any Subcontractor proposal, quote, acknowledgement, or invoice, all of which are hereby objected to and expressly rejected.
- C. If Subcontract requires on-site work, Subcontractor will be required to meet the "On-Site Requirements" listed on Company website: SRS - SRNS General Provisions and Related Documents

5.0 SUBCONTRACTING

- A. Subcontractor is required to be registered in the System for Award Management (SAM) and maintain an active Unique Entity Identifier (UEI). Subcontractor shall maintain registration in SAM during Subcontract performance and through final payment of any subcontract, basic agreement, basic order agreement, or blanket purchasing agreement, in compliance with FAR 52.204-7 and FAR 42.12. In addition, Subcontractor Information Form (SIF) must be completed and submitted with Subcontractor's solicitation response.
- B. Fees for Site required training classes will be absorbed by Company. Subcontractor's attendance time will be compensated for the initial attendance. If Subcontractor's employee does not successfully pass the course, Subcontractor's attendance time for a second pass and beyond will not be reimbursed; however, the class fees will continue to be absorbed by Company. The same scenario applies for substance abuse testing.
- C. Subcontractor shall not subcontract all or substantially all Work without prior written electronic approval of Company. This provision shall not apply to purchases of standard commercial Supplies on which Subcontractor shall perform further work.
- D. Subcontractor shall select Lower-Tier Subcontractor(s) on a competitive basis to the maximum practicable

extent consistent with the objectives and requirements of Subcontract.

6.0 LOWER-TIER SUBCONTRACTORS

- A. The requirements of this Article shall be flowed down to all Lower-Tier Subcontractors.
- B. When the use of a Lower-Tiered Subcontractor is determined to be necessary, the Higher-Tiered Subcontractor shall flow down those terms and conditions applicable for the activities within Lower-Tiered Subcontractor's defined scope of work, in accordance with referenced codes, standards, material specifications, and any other requirements included within Subcontract.
- C. Higher-Tiered Subcontractors shall flow down all commercial terms and conditions, including Articles incorporated by reference, to Lower-Tiered Subcontractor(s), including verification Lower-Tiered Subcontractor(s) has been appropriately qualified to perform activities required to satisfy Subcontract. Higher-Tiered Subcontractor shall maintain objective evidence of the successful flow down of the referenced requirements and provide such evidence to Company upon request. This flow down is also required at all levels if Lower-Tiered Subcontractor(s) deems it necessary to subcontract further its parts of Subcontract.

7.0 AUTHORIZED REPRESENTATIVES AND NOTICE

Unless otherwise specified, all notices and communications in accordance with or related to Subcontract shall be between authorized representatives designated in writing by Parties. Notices shall be in writing and may be served either personally on the authorized representative of the receiving Party, by email, courier or express delivery, or certified mail to the address shown on the face of Subcontract or such address as directed by notice.

8.0 CHANGES

Company reserves the right to make changes within the general scope of Subcontract by issuance of a unilateral change order or by bilateral modification to Subcontract. Such changes may include, without limitation, changes in (1) description of Supplies; (2) quantities of Supplies ordered; (3) method of shipment or packaging, and (4) time or place of delivery, inspection, and/or acceptance. Subcontractor shall promptly comply with any such change made by Company. If any change affects the cost of or the time required for performance, an equitable adjustment to the price and/or delivery requirements and other affected provisions of Subcontract shall be made by Parties in a bilateral modification to Subcontract. For any change, whether directed or constructive, Subcontractor must assert any request for equitable adjustment under this Article in writing, together with such supporting information as Company may require, electronically and within thirty days from the date of Subcontractor's first knowledge of the change, or Subcontractor's right to assert such request for equitable adjustment shall be waived.

9.0 PRICING OF ADJUSTMENTS

When costs are a factor in any determination of Subcontract price adjustment pursuant to Changes article or any other provisions of Subcontract, such costs shall be in accordance with the contract cost principles and procedures in FAR 31 as supplemented or modified by DEAR 931, in effect on the date of Subcontract.

10.0 PUBLICITY

- A. Subcontractor shall not publicly disclose information concerning any aspect of Supplies or Services relating to Subcontract without prior written electronic approval of Procurement Representative unless specifically required by law.
- B. The interest of Company or Government in Subcontract may not be used in advertising or publicity without advance written approval of Procurement Representative.
- C. Requirements of this article, including this paragraph, shall be flowed down to Lower-Tier Subcontract(s).

11.0 ASSIGNMENT FOR THE BENEFIT OF GOVERNMENT

- A. Assignment by Company. Subcontract may be unilaterally assigned by Company to Government or Government's designee, with subsequent written electronic notice of such assignment to Subcontractor. Following such transfer and assignment, Company shall have no further responsibilities hereunder.
- B. Assignment by Subcontractor. Unless permitted in paragraph C of this article, Subcontractor shall not assign Subcontract, including any rights or obligations thereunder, wholly or in part, voluntarily, by operation of law, or otherwise without the prior written electronic consent of Company. Any assignment of Subcontract in violation of the foregoing shall, at the unilateral option of Company, be void. Subcontractor shall submit the documentation prescribed in FAR 42.12 when requesting Company's acceptance of Subcontractor's successor in interest or to recognize Subcontractor's change of name.
- C. Assignment of Rights to be Paid. Subcontractor may assign rights to be paid, amounts due, or to become due to a bank, trust company, or other financing institution, including a Federal lending agency, if Procurement Representative is promptly furnished written notice and a signed copy of such assignment, provided any assignment of monies shall be subject to (1) proper setoffs in favor of Company and (2) any deductions provided for in Subcontract.
- D. Funding. Unless at the unilateral discretion of Company, Company shall make all payments under Subcontract from Government funds advanced and agreed to be advanced by Government, and not from its own funds. In almost all circumstances, funds recovered by Company from Subcontractor are Government funds.
- E. Right to Recovery. If Company seeks recovery from Subcontractor, Subcontractor agrees it shall not plead, assert, or raise, in any manner, a defense Company has no right to recover (1) because Company, itself, rather than Government, has suffered no damages on account of the cost-reimbursable nature of Company's Prime, or (2) because Government has accepted the project or task performed under Subcontract.

12.0 APPROVALS

Approval by Company of designs, work drawings, specifications, reports, or any other data submitted by Subcontractor hereunder shall not affect or relieve Subcontractor from any responsibility to furnish said Supplies in full conformance with requirements of Subcontract.

13.0 DISPUTES

- A. Subcontractor and Company agree to make good-faith efforts to settle any dispute or Claim arising under Subcontract through discussion and negotiation. If such efforts fail to result in a mutually agreeable resolution, Parties shall consider the use of Alternative Dispute Resolution (ADR). Whether mediation or binding arbitration is voluntarily agreed to, or court ordered, the site of the proceedings shall be Aiken, South Carolina; Parties shall share the cost of obtaining mediator or arbiter, and each Party shall bear its discretionary costs.
- B. "Claim," as used in this Article, means a written demand or written assertion by one Party seeking, as a matter of right, payment of money in a sum certain, adjustment or interpretation of Subcontract terms, or other relief arising from or relating to Subcontract, or its breach. However, a written demand or written assertion by Subcontractor seeking the payment of money is not a Claim until certified if certification is required by paragraph (D) below. A request for payment (e.g., voucher, invoice, or other routine request for payment, a termination settlement proposal, or a request for adjustment or equitable adjustment) not in dispute when submitted is not a Claim. An initially undisputed request for payment may be converted to a Claim by Subcontractor by complying with the submission and applicable certification requirements in paragraphs (C) and (D) below.
- C. A Claim by Subcontractor shall be made in writing, citing this Article, and submitted to Procurement Representative with a request for Final Decision.

Certification

I certify under penalty of law: this Claim is made in good faith; the supporting data is accurate and complete to the best of my knowledge and belief; the amount requested accurately reflects Subcontract adjustment for which Subcontractor believes Company is liable; and I am duly authorized to certify Claim on behalf of [[Subcontractor or Lower-Tier Subcontractor, as appropriate]].

I further acknowledge Company is a prime contractor to Government, and this Claim, if accepted by Company, will be paid for with Government funds and therefore be paid by Government through a letter of credit arrangement with Company, and a false or fraudulent claim may subject me and/or Subcontractor to penalties, including, but not limited to, those under the False Claims Act, 31 U.S.C. 3729-3733.

- D. Subcontractor and any Lower-Tier Subcontractor(s) whose portion of Claim exceeds \$50,000 shall certify each portion of Claim; provided however, if Subcontractor cannot certify Lower-Tier Subcontractor's portion of Subcontractor's Claim, Subcontractor shall explain in writing why it cannot certify Lower-Tier Subcontractor's portion.
- (1) Company shall not be liable for, and shall not pay, any Claim originated by Subcontractor if Claim exceeds \$50,000 unless Subcontractor's Claim is accompanied by the below certification from Subcontractor.
 - (2) Company shall not be liable for, and shall not pay, any Claim of a Lower-Tier Subcontractor to Subcontractor if Lower-Tier Subcontractor Claim, without mark-ups by a Higher-Tier Subcontractor or Subcontractor, exceeds \$50,000 unless Lower-Tier Subcontractor Claim is accompanied by the below certification from the Lower-Tier Subcontractor originating Claim.
 - (3) The aggregate amount of both increased and decreased costs shall be used in determining when the dollar threshold requiring certification is met.
- E.
- (1) Claim from Subcontractor shall be deemed denied if Procurement Representative does not issue a written Final Decision (i) by the date Final Decision would be issued as notified by Procurement Representative to Subcontractor, or (ii) within sixty (60) calendar days after receipt of Claim if Procurement Representative did not notify Subcontractor of the date Final Decision would be issued. Procurement Representative may, but is not required to, issue a written Final Decision after Claim is deemed denied.
 - (2) Procurement Representative's Final Decision on any Subcontractor Claim shall be final and conclusive between Parties with no right of judicial review, provided however, Final Decision shall not be final and binding against either Party, and shall be given no evidentiary weight by the trier of fact, if Subcontractor files suit within ninety (90) calendar days of the written Final Decision in the appropriate court as provided for in paragraph (F) below.
 - (3) Subcontractor shall have no right to file suit prior to the date of the written Final Decision or sixty (60) calendar days from Procurement Representative's receipt of Claim, whichever occurs earlier.
- F.
- (1) State Agency. Where Subcontractor is a State agency, such as an educational institution, the applicable constitutional provisions or statutes governing sovereign immunity shall dictate the appropriate forum and law governing substantive issues.
 - (2) Seller not a State Agency.
 - (a) Any litigation shall be brought and prosecuted exclusively in Federal District Court, with venue in the United States Court for the District of South Carolina, Aiken Division.
 - (b) In the event requirements for jurisdiction in Federal District Court are not present, such litigation shall be brought in either Aiken, Barnwell, or Allendale County, South Carolina.
 - (3) Parties agree to trial by judge alone and hereby waive any right to demand a trial by jury.
 - (4) If a court awards interest of any kind, interest shall be simple interest at the applicable rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (Public Law 95-563). If a court awards prejudgment interest, interest shall accrue from no earlier than the date Claim is received by Procurement Representative.

- G. Subject to (F)(1), the resolution of all issues arising from or relating to Subcontract shall be governed to the maximum extent practicable by the common law of federal contracts; provided, however, (i) the “Christian Doctrine” shall not apply, meaning Government procurement clauses (e.g., FAR and the DEAR) or portions thereof not appearing in Subcontract shall not be read into Subcontract, and (ii) where the language of any article, provision, or term herein differs from the language of a Government procurement clause, provision, or term, the differing language of Subcontract shall control. Where the common law of federal contracts does not apply, then subject to (F)(1), resolution shall be governed by the laws of the State of South Carolina, without regard to its Conflicts of Laws rules.
- H. There shall be no interruption in the performance of Work, and Subcontractor shall proceed diligently with the performance of Subcontract pending final resolution of any dispute arising under or related to Subcontract between Parties or between Subcontractor and its Lower-Tier Subcontractor(s).
- I. Contractual remedies in this Article shall not be deemed to waive, postpone the running of, extend, or otherwise affect any statute of limitation applicable to any request for payment or Claim.

14.0 TERMINATION AT COMPANY’S OPTION

- A. Company shall have the right at any time, with or without cause, to terminate further performance of Work, by written notice to Subcontractor, specifying date of termination. On the date of such termination stated in said notice, Subcontractor shall discontinue performance of Work, and shall preserve Work in progress and completed work, pending Company’s instructions, and shall turn over such Work in accordance with Company’s instructions.
- B. If Subcontractor has fully and completely performed all obligations under Subcontract up to the date of termination, Subcontractor shall recover from Company as complete and full settlement for such termination: (a) for Work to be performed for a lump sum contract price under Subcontract, the actual costs of all such Work satisfactorily executed to the date of termination, plus overhead and profit on such costs based on the percentage agreed to in the original schedule of values. (b) actual cost incurred by Subcontractor to return Subcontractor’s field tools and equipment, if any, to its or its Lower-Tier Subcontractors’ premises and to turn over Work in progress and completed Work in accordance with Company’s instructions; plus, (c) actual substantiated cost necessarily incurred in effecting termination; less, (d) all amounts previously paid to Subcontractor for Work. This is more fully delineated in FAR 31.205-42, set forth in its entirety in Part 4.
- C. All claims under any of the foregoing provisions of this Article shall be supported by Subcontractor’s accounting records or other such documentation satisfactory in form and content to Company and verified by Company. In no event shall Subcontractor be entitled to any consequential damages, including but not limited to prospective profits, loss of future business, loss of production and impairment of credit, and any other such perspective damages because of the termination. All payments made pursuant to Termination at Company’s Option will be subject to audit. If Company elects to audit Subcontractor’s claims for termination for convenience costs, no payments will be made to Subcontractor, including any outstanding pre-termination costs, until the audit has been completed. The warranty obligations in Subcontract will survive the termination.

15.0 EXCUSABLE DELAYS

- A. Subcontractor shall not be liable to Company if its nonperformance is caused by an occurrence beyond the reasonable control of Subcontractor and without its fault or negligence, such as acts of God or the public enemy, acts of Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. However, if Subcontractor’s failure to perform Work is caused by the failure of its Lower-Tier Subcontractor(s) to perform or make progress, and if the cause of such failure was beyond the reasonable control of both Subcontractor and Lower-Tier Subcontractor(s) and without the fault or negligence of either, then Subcontractor shall not be deemed to be in default, unless the Supplies or Services were timely obtainable from other sources. Subcontractor shall notify Procurement Representative in writing as soon as possible after any excusable delay period begins and ends.

- B. Company shall not be liable to Subcontractor if Company's nonperformance is caused by an occurrence beyond the reasonable control of Company and without its fault or negligence, such as acts of God or the public enemy, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. Subcontractor's sole remedy shall be a schedule extension to Subcontract if the facts support the extension requested by Subcontractor. Procurement Representative shall notify Subcontractor in writing as soon as reasonably possible after an excusable delay period begins and ends.

16.0 DELIVERY AND PAYMENT

- A. Subcontractor shall work such hours, as may be necessary to meet Subcontract delivery dates, or any duly authorized extensions thereof, at no increase in price of Subcontract.
- B. Unless otherwise provided, terms of payment shall be Net-30 days from delivery of Supplies or completion of Services and shall be payable by Company upon receipt and acceptance of Supplies or completion of Services and receipt, by Company, of correct invoices.

Subcontractor shall electronically issue all invoices directly to Accounts Payable via SRNS-ACCTSPAY@srs.gov email account. Subcontractor shall include banking information on each invoice submitted to facilitate proper Electronic Funds Transfer (EFT). Subcontractor invoices shall include Subcontractor name; invoice date; Subcontract number; Subcontractor invoice number, account number, and/or any other identifying number agreed to by Subcontract; description (including, for example, Subcontract line/subline number); unit price and quantity of Supplies, Services rendered per specific line item and line item sub-total cost; subcontract name (where practicable), title and telephone number; other substantiating documentation or information required by Subcontract.

- C. Dates of payment shall, subject to contrary terms on the face hereof, be computed from Company's receipt of acceptable invoices. Drafts will not be honored. If there are invoice discrepancies, Company will reject invoices and relay to Subcontractor invoice deficiencies within ten (10) days of receipt of invoices. Such invoices will not be acted upon. Receipt of corrected invoices will re-initiate aging of invoices for payment purposes.
- D. Any offered discount shall be taken if payment is made within the discount period Subcontractor's invoice indicates. Credit and discount periods shall be computed from dates such invoices are payable to dates Company's check is mailed or, for EFT, specified payment dates. Unless freight and other charges are itemized, discounts will be taken on full invoice amounts.
- E. Unless otherwise provided in Subcontract, delivery shall not be made more than fifteen (15) days prior to delivery dates specified herein and Company may return earlier deliveries at Subcontractor's risk and expense. Subcontractor shall comply with delivery schedule provided in Subcontract.
- F. Unless otherwise specified in Subcontract, separate invoices shall be issued upon each delivery of Supplies or completion of Services and shall be payable by Company upon receipt and acceptance of Supplies or completion of Services and receipt, by Company, of correct invoices. Credit and discount periods shall be computed from dates such invoices are payable to dates Company's check is mailed or, for EFT, specified payment dates. Unless freight and other charges are itemized, discounts will be taken on full invoice amounts.
- G. Payment Withheld - Subcontractor Data. If Subcontract requires submittal of Subcontractor Data, and if such Subcontractor Data, or any part thereof, is not delivered within time specified by Subcontract, or is deficient upon delivery, Company may, until such Subcontractor Data is delivered, or deficiencies are corrected, without limiting any of its other rights or remedies, withhold payments not to exceed twenty percent (20%) of Subcontract's price to Subcontractor.
- H. Notwithstanding anything herein, Company shall be entitled, at any and all times, to set off against any amounts payable, at any time, by Company hereunder any amount owing from Subcontractor to Company under

Subcontract or other subcontracts with Subcontractor.

- I. For Supplies subject to inspection or testing as condition of acceptance, Company may, at its sole discretion, pay invoices prior to acceptance subject to repayment if Supplies are not accepted. Payment for Supplies, either wholly or in part, shall not be deemed or construed as acceptance.
- J. If Subcontractor becomes aware of duplicate invoice payments or Company has otherwise overpaid on invoice payments, Subcontractor shall immediately notify Company and request instructions for disposition of overpayments.

17.0 PROGRESS PAYMENTS

- A. If applied, this Article consists of additional paragraphs to Delivery and Payment Article. In the event of an inconsistency between these additional paragraphs and Delivery and Payment Article, additional paragraphs B-F below take precedence.
- B. Notwithstanding any provision of Subcontract, progress payments shall not exceed eighty percent (80%) on Work accomplished on Subcontract actions not definitized. Subcontract actions are any action resulting in a subcontract, as defined as "Contract" in FAR 2.1, including subcontract modifications for additional Supplies or Services, but not including subcontract modifications within the scope and under terms of Subcontract, such as Subcontract modifications issued pursuant to the Changes Article, or funding and other administrative changes.
- C. As Work proceeds, Company shall make progress payments monthly, or at more frequent intervals as determined by Company, on estimates of Work accomplished under Subcontract, as approved by Company. If requested by Company, Subcontractor shall furnish breakdown of the total Subcontract price demonstrating the amount included therein for each principal category of Work, in such detail as requested, to provide basis for Company determining progress payments.
- D. In preparation of estimates, Company may authorize Supplies delivered to the site and preparatory work done to be taken into consideration. Supplies delivered to Subcontractor at locations other than SRS may also be taken into consideration if (1) Consideration is specifically authorized by Subcontract; and (2) Subcontractor furnished satisfactory evidence of ownership to such Supplies and such Supplies will be used to perform Subcontract.
- E. Upon completion and acceptance of all Work and receipt of a properly executed invoice, Company shall make final payment of amount due to Subcontractor under Subcontract. If requested, Subcontractor shall release all claims against Company arising under Subcontract, other than claims Subcontractor specifically excepts, in stated amounts, from operation of the release.
- F. Supplies and Work covered by progress payments shall, at time of payment, become the sole property of Government, but this shall not be construed as (1) Relieving Subcontractor from its sole responsibility for all Supplies and Work upon which payments have been made or restoration of any damaged Work; or (2) Waiving rights to Company to require fulfillment of all terms of Subcontract.

18.0 PERFORMANCE-BASED (MILESTONE) PAYMENTS

A. Number of and Limitations on Performance-Based Payments

Subject to such other limitations and conditions as are specified in Subcontract and this article, the number of payments and limitations on payments shall be specified in Subcontract's description of the basis for payments.

B. Subcontractor Request for Performance-Based Payments

Subcontractor may submit applications for payment (OSR 1-166) of performance-based payments not more frequently than monthly, in a form and manner acceptable to Company. Unless otherwise authorized by

Company, performance-based payments, for any application for payment is being requested, shall be included in a single application, appropriately itemized and totaled. Subcontractor's application shall contain information in paragraph (L) and certifies, by submission of application, information detailed in in paragraph (M) of this Article.

C. Approval and Payment of Requests

Subcontractor shall not be entitled to approval of OSR 1-166 and/or payment for performance-based payment prior to successful accomplishment of event or performance criterion for which payment is requested. Company subcontract technical representatives (STR) or end users shall determine successful accomplishment of event or performance criterion in accordance with the terms of Subcontract to approve OSR 1-166. Company may, at any time, require Subcontractor to substantiate successful performance of any event or performance criterion which has been or is represented as being payable. Approvals by Company of OSR 1-166 for performance-based payment do not constitute acceptance by Company and do not excuse Subcontractor from performance of obligations under Subcontract.

D. Liquidation of Performance-Based Payments

Performance-based payments paid prior to payment for delivery of Supplies shall be liquidated by deducting a percentage or designated dollar amount from delivery payments. If performance-based payments are on delivery Supplies basis, liquidation amounts for each line item shall be the percent of delivery item price previously paid under performance-based payments or the designated dollar amount. If performance-based payments are on a whole Subcontract basis, liquidations shall be by either predesignated liquidation amounts or liquidation percentage.

If at any time the number of payments under Subcontract exceeds any limitation in Subcontract, Subcontractor shall repay Company the excess. Unless otherwise determined by Company, such excess shall be credited as a reduction in unliquidated performance-based payment balances after adjustment of invoice payments and balances for retroactive price adjustments.

E. Reduction or Suspension of Performance-Based Payments

Company may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under Subcontract, or take a combination of these actions after finding, upon substantial evidence, any of the following conditions:

- (1) Subcontractor failed to comply with any material requirement of Subcontract (including paragraphs (H) and (I) of this Article).
- (2) Performance of Subcontract is endangered by Subcontractor's
 - (a) Failure to make progress; or
 - (b) Unsatisfactory financial condition.
- (3) Subcontractor is delinquent in payment of any Lower-Tier Subcontractor(s) or other subcontractors under Subcontract in the ordinary course of business.

Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in Subcontract.
