3.0 CONDITION AND LOCATION OF PROPERTY

Unless otherwise specifically provided in Invitation for Bids, all property listed therein is offered for sale "as is" and "where is". The description of property is based on the best information available to Company. However, unless otherwise specifically provided in Invitation for Bids, Company makes no warranty, express, or implied, as to quantity, kind, character, quality, weight, size, or description of any of property, or its fitness for any use or purpose and except as provided in Articles No. 14 and 15 of Sales Agreement or other special conditions of Invitation for Bids. No request for adjustment in price or for rescission of the sale will be considered. This is not a sale by sample.

4.0 CONSIDERATION OF BIDS

- A. Only written bids signed by a person authorized to commit tendered in person or by mail will be considered.
- B. The Bidder agrees their bid will not be withdrawn within the period of time specified for Company's acceptance following the opening of bids (ninety (90) calendar days if no period is specified by Company or by the Bidder, but not less than ten (10) calendar days in any case). During such period, the bid will remain firm and irrevocable. Company reserves the right to reject any or all bids, including bids under which a Bidder could take unfair advantage of Company or other Bidders, to waive any technical defects in bids, and unless otherwise specified by Company or by Bidder, to accept any one Supply or group of Supplies in the bid, as may be in the best interest of Company. Unless otherwise provided in Invitation for Bids, bids may be submitted on any or all Supplies. However, unless Invitation for Bids otherwise states, a bid covering a specified unit must cover specific unit and total quantity of units designated.

5.0 FORMS OF BID DEPOSITS AND PAYMENTS

Unless otherwise provided in Invitation for Bids, bid deposits (when required by Invitation for Bids) and payments shall be in U.S. currency, or any form of credit instrument other than promissory note, made payable on demand in U.S. currency, provided uncertified personal or business checks must be first party instruments. Bids submitted after effective date specified in the written notification, referred to, and not accompanied by proper bid deposit (other than uncertified personal or business check) will be summarily rejected.

6.0 BID PRICE DETERMINATION

- A. When bids are solicited on a unit price basis, Bidders will insert their unit prices and total prices in the space provided for each item.
- B. If Bidder inserts a total price on the Supplies but fails to insert a unit price, Company will determine the unit price by dividing the total price by the quantity of the Supplies set out in Invitation for Bids. The unit price so determined shall be used for the purpose of bid evaluation, award, and all phases of Sales Agreement administration.

7.0 CHANGES

Company reserves the right to make changes within the general scope of Sales Agreement by issuance of unilateral change order or by bilateral modification to Sales Agreement. Such changes may include, without limitation, changes in (1) description of Supplies; (2) quantities of Supplies ordered; (3) method of shipment or packaging, and (4) time or place of delivery, inspection, and/or acceptance. Purchaser shall promptly comply with any such change made by Company. If any change affects cost of or time required for performance, an equitable adjustment to the price and/or delivery requirements and other affected provisions of Sales Agreement shall be made by Parties in bilateral modification to Sales Agreement. For any change, whether directed or constructive, Purchaser must assert any request for equitable adjustment under Article in writing, together with such supporting information as Company may require, electronically and within thirty days from the date of Purchaser's first knowledge of the change, or Purchaser's right to assert such request for equitable adjustment shall be waived.

8.0 PAYMENT

Purchaser agrees to pay for property awarded in accordance with prices represented in Purchaser's bid, subject to adjustments made pursuant to other provisions of Sales Agreement. Payment of full purchase price, after applying total bid deposit, if any, shall be made within thirty (30) days prior to receipt of property. If adjustments are made requiring additional payment, such payment shall be made immediately upon receiving notice of such adjustments. In absence of debts owed to selling agency, where total sum becomes due to Company from Purchaser on award date of Sales Agreement, and Invitation for Bid deposit is less than total amount deposited with bid, the difference will be promptly refunded. Deposits accompanying bids and not accepted will be properly refunded to respective bidder(s). Refund demands will not be made for any amount less than one dollar (\$1).

9.0 TITLE

Title to property sold hereunder shall vest in Purchaser as, and when, removal is affected, excepting only (A) and (B) below:

- A. Upon written notice to Purchaser while property remains in possession of Purchaser, Company may reclaim title to property sold hereunder if Company determines:
- 1) Property does contain, or may contain, classified U.S. Government data (in any form), and/or technology sensitive to the national interest, or
 - 2) Property is "Proliferation Sensitive Property", as defined in Article 41 of these terms and conditions.

Company and Government are not liable to Purchaser for any costs associated with inadvertent inclusion of such property in the sale. If payment has been made for any such property, payment shall be refunded to Purchaser. Any reshipment costs involved will be the responsibility of Company. Once notified by Company of its intent to reclaim property, Purchaser agrees to take all reasonable measures to safeguard aforesaid property until reclaimed by Company.

- B. Unless otherwise provided in Invitation for Bids, all motor vehicles and motor-propelled or motor-drawn equipment requiring licensing by a state motor vehicle regulatory agency, a certificate of release will be furnished by Company for each vehicle and piece of equipment.

10.0 DELIVERY, LOADING, AND REMOVAL OF PROPERTY

- A. Unless otherwise provided in Sales Agreement, Purchaser shall be entitled to obtain the property upon full payment with delivery being made only from the exact place where the property is located within the installation. Purchaser must make all arrangements necessary for packing, removal, and transportation of property. Company will not act as liaison in any fashion between Purchaser and their carrier, nor will Company recommend a specific common carrier. Loading will only be performed as set forth in Sales Agreement. Unless otherwise provided in Sales Agreement, loading will not be performed on Saturdays, Sundays, Company holidays, or any day the installation where the property is located is closed. Where it is provided Company will load, Company will make the initial placement of the property on conveyance(s) furnished by Purchaser and initial placement on Purchaser's conveyance shall be as determined by Company. Unless otherwise provided in Sales Agreement, Company will not block, chock, brace, lash, band, or in any other manner secure the cargo on such conveyance(s) furnished by Purchaser.
- B. Where it is provided in Sales Agreement Company does not load or Purchaser will load, Purchaser will make all the arrangements and perform all Work necessary to effect removal of the property. Purchaser will make all arrangements and perform all Work necessary to effect removal of the property. Purchaser shall remove the property at their expense within the period of time allowed in Sales Agreement. If Company determines the failure to remove the property within the period of time originally allowed arose out of causes beyond the control and without the fault or negligence of Purchaser, such determination shall be in writing, and a reasonable extension of time for removal shall be allowed. Such causes may include but are not restricted to acts of God or of public enemy, acts of Company in its contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and severe weather. If Purchaser is permitted to remove the property after the expiration of the time originally allowed for removal or any additional time allowed by Company pursuant to this clause, Company, without limiting any other right which it may have, may require Purchaser to pay a reasonable storage charge. Purchaser shall reimburse Company for any damage to Government property caused during the removal operations by Purchaser or his authorized representative.
- C. Items purchased under Sales Agreement will be released only to Purchaser or his authorized representative. The authorization from Purchaser to the custodian of the property will be at the property location before any delivery or

release will be made. When property is described as boxed, packed, crated, skidded, or in containers, Company does not warrant the property, as packaged, is suitable for shipment.

- D. Segregation culling or selection of property for the purpose of effecting partial or increment removals will not be permitted except as specifically authorized and prescribed by Company.

11.0 DEFAULT

If, after the award, Purchaser breaches Sales Agreement by failure to make payment within the time allowed by Sales Agreement as required by Article No. 7 of Sales Agreement, or by failure to remove the property as required by Article No. 9 of Sales Agreement, Company may send Purchaser a 15-day written notice of default (calculated from date of mailing), and upon Purchaser's failure to cure such default within the period (or such further period as Company may allow), Purchaser shall lose all right, title and interest they might otherwise have acquired in and to such property as to which a default has occurred. Purchaser agrees in the event he fails to pay for the property or remove the same within the prescribed period(s) of time, Company, at its election and upon notice of a default shall be entitled to retain (or collect) as liquidated damages a sum equal to the greater of (a) 20% of the purchase price of the defaulted item(s) or, (b) \$25 or, (c) purchase price of such item(s) if the purchase price is less than \$25. The amount to be charged if the minimum charge provided for in "b" above is applicable, shall be determined by total purchase price reflected in the award documents. The maximum sum which may be recovered by Company as damages for failure of Purchaser to pay for and remove the property shall be the formula amount. When Company exercises this election, it shall specifically notify Purchaser, either in its original notice of default (or in separate subsequent written notice), where upon expiration of the period prescribed for curing the default, the formula amount will be retained (or collected) by Company as liquidated damages. However, if the property was sold on a "per lot" basis and Purchaser removes a portion of the lot but fails to remove the balance, no portion of the purchase price will be refunded. If Purchaser otherwise fails in the performance of his obligations, Company may exercise such rights and may pursue such remedies as are provided by law or under Sales Agreement.

12.0 SETOFF OF REFUNDS

Purchaser agrees selling agency may use all or a portion of any bid deposit or refund due to satisfy, in whole or in part, any debts arising out of prior transactions with selling agency.

13.0 INTEREST

Notwithstanding any other provision of Sales Agreement, unless paid within thirty (30) calendar days from the date of first written demand, all amounts become payable by Purchaser to Company under Sales Agreement shall bear interest at the rate of 10% per annum from date of first written demand until paid. Irrespective of amount of indebtedness, a minimum interest charge of five dollars (\$5) shall be due to Company on any amount exceeding \$100 not paid within thirty (30) calendar days from the date of first written demand. Interest on debts of \$100 or less will not be collected if such debts are liquidated without resort to litigation.

14.0 ADJUSTMENT FOR VARIATION IN QUANTITY OR WEIGHT

Except for term Sales Agreements, when property is sold by a unit other than "weight", Company reserves the right to vary the quantity tendered or delivered to Purchaser by 50%. When the property is sold by "weight", Company reserves the right to vary the quantity tendered or delivered to Purchaser by 50%. Purchase price will be adjusted upwards or downwards in accordance with unit price and on basis of the quantity or weight actually delivered. Unless otherwise specifically provided in Sales Agreement, no adjustment for such variation will be made when property is sold on a "price for the lot" basis.

15.0 WEIGHTING, SWITCHING, AND SPOTTING

Where weighting is necessary to determine the exact purchase price, Purchaser shall arrange for and pay all expense of weighing the property (unless Company scales are available on premises). All switching and spotting charges shall be paid by Purchaser unless performed with Government-owned or Government-operated locomotives on Government property. When removal is by truck, weighing shall be under the supervision of Company and at its option on: (a) Government scales, (b) certified scales, or (c) other scales acceptable to both Parties. When removal is by rail, weighing shall be on railroad track scales, or other means acceptable to the railroad for freight purposes.

16.0 RISK OF LOSS

Unless otherwise provided in Sales Agreement, Company will be responsible for the care and protection of the property subsequent to it being available for inspection and prior to its removal. Any loss, damage, or destruction occurring during such period will be adjusted by Company to the extent it was not caused directly or indirectly by Purchaser, its agents, or employees. With respect to loss only, in the event the property is offered for sale by the "lot", no adjustment will be authorized under this provision unless Company is notified of the loss prior to removal from the installation of any portion of the lot with respect to which the loss is claimed.

17.0 LIMITATION ON LIABILITY

Except for reasonable packing, loading, and transportation costs when a return of property at Company cost is authorized, the measure of Company/Government liability in any case where liability of Purchaser has been established shall not exceed the refunded value of such portion of the purchase price as Company may have received.

18.0 ORAL STATEMENTS AND MODIFICATIONS

Any oral statement or representation by any representative of Company, changing or supplementing Invitation for Bids or Sales Agreement or any condition thereof, is unauthorized and shall confer no right upon Bidder or Purchaser.

19.0 COVENANT AGAINST CONTINGENT FEES

Purchaser warrants no person or agency has been employed or retained to solicit or secure Sales Agreement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial agencies maintained by Purchaser for the purpose of doing business. For breach of warranty, Company shall have the right to annul Sales Agreement without liability or, at its option, to recover from Purchaser the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth.

20.0 OFFICIALS NOT TO BENEFIT

No member or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of Sales Agreement or to any benefits arising therefrom unless it is made with a corporation for its general benefit.

21.0 CERTIFICATION OF INDEPENDENT PRICE DETERMINATION

- A. By submission of bid or proposal, Bidder certifies, and in the case of a joint bid or proposal each party thereto certifies as to its own organization, in connection with sale:
- 1) Prices in bid or proposal have been arrived at independently, without consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices, with any other Bidder or with any competitor.
 - 2) Unless otherwise required by law, the prices which have been quoted in this bid or proposal have not been knowingly disclosed by Bidder and will not knowingly be disclosed by Bidder prior to opening, in case of a bid, or prior to award, in case of a proposal, directly or indirectly to any other Bidder or offeror or to any competitor; and No attempt has been made or will be made by Bidder to induce any other person or firm to submit or not to submit a bid or proposal for the purpose of restricting competition.
- B. Each person signing bid or proposal certifies:
- 1) They are the person in Bidder's organization responsible within the organization for the decision as to the prices being bid or offered therein and they have not participated, and will not participate, in any action contrary to A (1) through A (3), above; or

- C. This certification is not applicable to a foreign Bidder submitting a bid for Sales Agreement which requires performance or delivery outside the United States, its possessions, and Puerto Rico.

- D. A bid will not be considered for award where A (1), A (3), or B, above, has been deleted or modified. Where A (2), above, has been deleted or modified, the bid will not be considered for award unless Bidder furnishes with the bid or proposal a signed statement which sets forth in detail the circumstances disclosure and the Head of the Selling Agency, or designee, determines such disclosure was not made for the purpose of restricting competition.

22.0 ASSIGNMENTS OF AGREEMENTS

Any Sales Agreement awarded under Invitation for Bids is subject to the provisions of 41 U.S.C. 15 which generally precludes assignment of such Sales Agreement.

23.0 CLAIMS LIABILITY

Purchaser agrees to save Company and Government harmless from any and all claims, demands, actions, debts, liabilities, judgments, costs, and attorneys' fees arising out of, claimed on account of, or in any manner predicated upon loss of or damage to property of and injuries to or the death of any and all persons whatsoever, in any manner caused or contributed to by Purchaser, its agents, servants or employees, while in, upon or about the sale or the property site on which the property sold or offered for sale is located, or while going to or departing from such areas; and to save Company and Government harmless from and on account of damages of any kind which Company and Government may suffer as the result of acts of Purchaser, its agents, servants, or employees while in or about the said sites.

24.0 WITHDRAWAL OF PROPERTY AFTER AWARD

Company reserves the right to withdraw for its use of any or all the property covered by Sales Agreement if a bona fide requirement for the property develops or exists prior to actual removal of the property from Company control. In the event of a withdrawal under this condition, Company shall be liable only for the refund of Sales Agreement price of the withdrawn property or such portion of Sales Agreement price as it may have received.

25.0 BIDDER'S WARRANTY OF CAPACITY

The Bidder warrants they are not:

- A. Under 18 years of age.

- C. Agent or immediate member of the household of the employee in B, above. For breach of warranty, Company shall have the right to annul Sales Agreement without liability.

26.0 TIE-IN AND ALL-OR-NONE BIDS

Except as otherwise specifically provided in Invitation for Bids, qualified, tie-in, all or none, or combination bids will not be accepted and will be rejected as non-responsive. This includes bids conditioned upon the acceptance or non-acceptance of bids on other Supplies, except as otherwise specifically provided in Invitation for Bids.

27.0 STORAGE CHARGES/LATE REMOVAL CHARGES

In accordance with Article 10 "Delivery, Loading and removal of Property" of Sales Agreement, if Purchaser is permitted to remove the property after the expiration of the period prescribed herein for the removal or after the expiration of such additional time as Company may have granted, Company will require Purchaser to pay for storage/liquidated damages for such late removal. Unless otherwise specifically provided for elsewhere in Sales Agreement, storage charges/liquidated damages for property stored indoors will be completed and assessed at the rate of six cents (\$.06) per hundred pounds or fraction thereof, or .132 per hundred kilogram or fraction thereof per line item for each day or fraction thereof (including day of removal) for quantities or weights of property which have not been timely removed. Storage rates or liquidated damages for outdoor storage will be fifty percent (50%) of indoor rates. Provided, however, with respect to term sales, Company will require Purchaser to pay storage charges or liquidated damages at the rate of 1/10th of 1% (.001) of the estimated total price for each day Purchaser is late in removing the property. In the event Sales Agreement term exceeds one year, total Sales Agreement price for the purpose of computing storage charges/liquidated damages under this clause shall be limited to

estimated Sales Agreement price for a one-year period. Five dollars (\$5) will be the minimum charge at each holding activity cited in Sales Agreement. Unless removal is required on such days, storage charges/liquidated damages will not be assessed for Saturdays, Sundays, Company holidays, or any day the installation at which the property is located is closed. The estimated weights when given in Supplies descriptions will be used in computing storage charges/liquidated damages. In the event the property is sold by weight, adjustment for storage charges/liquidated damages will be made in accordance with the actual weight delivered. In all instances where storage charges/ liquidated damages are assessed, payment must be made by Purchaser prior to the removal of the property unless otherwise authorized by Company. In no event will storage charges/liquidated damages exceed 20% of Sales Agreement price of the delayed property, except in those instances where 20% of Sales Agreement price is less than the minimum storage charge/liquidated damages in which case the minimum charge will be assessed.

28.0 GUARANTEED DESCRIPTIONS

Notwithstanding any other provisions contained in Sales Agreement to the contrary, and subject to the limitations and conditions set out in subparagraphs A and B below, Company guarantees to the original Purchaser of the property the property delivered or offered for delivery under any Sales Agreement resulting from Invitation for Bids will be as described in Invitation for Bids.

- A. If a misdescription is determined to exist prior to removal of the property from Company control, the sole and exclusive remedy available to Purchaser will be a refund of the purchase price of the property to which such misdescription exists, or such portion thereof as Company may have received.
- B. If a misdescription is determined to exist after removal of the property from Company control, then Company will make an adjustment in the purchase price paid for the property commensurate with the market value of the property actually received, provided, however:
- 1) No adjustment will be made for shortages of property offered for sale by the "lot", and
 - 2) No adjustment will be made unless Purchaser notifies Company in writing within thirty (30) calendar days from date of removal of the property, which the property is misdescribed. Purchaser will hold the property sufficiently intact to permit identification by Company, provided Company does not warrant or guarantee any of the following:
 - i. Supplies description contains all specific characteristics or performance data pertaining to the Supplies described.
 - ii. Stated condition of the property, the total cost of the property, the estimated total weight, the estimated shipping dimensions, suggested uses of the property and the property's fitness for any use or purpose.
 - iii. Estimates of the "weight" of the property offered for sale by the "unit" or by the "lot"
 - iv. Estimates of the number of units of property offered for sale by "weight".
 - v. In the event Company uses a manufacturer's part, reference number, or a Federal Stock Number in addition to detailed descriptive data in the Supplies description, the descriptive data applicable to such part, reference number, or Federal Stock Number is not guaranteed if it is inconsistent with the detailed descriptive data applicable to the Supplies description.
 - vi. To the extent property is described solely by noun nomenclature, manufacturer's part, reference number, or Federal Stock Number, the descriptive data applicable to the Federal Stock Number is not guaranteed if it is inconsistent with the descriptive data applicable to the manufacturer's part or reference number.
 - vii. In no event will the term "or interchangeable" following a manufacturer's part or reference number be construed to guarantee the property described consists of the part reference number in whole or in part. Only functional interchangeability with the part or reference number is guaranteed.
- C. Notwithstanding any of the exceptions stated in subparagraphs B(2)(i) through (vii) above, Company will accept return of any property determined to have been misdescribed, to a location specified by Company at Purchaser's expense, and refund to Purchaser the purchase price or such portion Company may have received, provided timely notice of the misdescription has been furnished to Company in accordance with the requirements of subparagraph B(2) above.
- D. The foregoing guarantee is in lieu of all other guarantees, express or implied, and all other obligations on the part of Company to deliver or offer for delivery property as described in Sales Agreement and shall not entitle Purchaser to any payment of loss of profits or any other money damages, special, direct, indirect, or consequential; nor shall any recovery or refund of any kind against Company under this provision be greater than the purchase price of the specific material found to have been misdescribed.

29.0 DEMURRAGE AND OTHER STANDBY COSTS

Purchaser shall hold Company harmless from any or all such demands, suits, actions, or claims of whatsoever nature arising from or out of the purchase of material. As a safety precaution, Purchaser should also warn the future possessor or user of property it might be capable of emitting ionized radiation.

31.0 ACCEPTABLE FORMS OF BID DEPOSITS AND PAYMENTS

- A. Unless otherwise provided in Invitation for Bids, bid deposits (when required by Invitation for Bids) and payments shall be in U.S. currency or cashier's check, certified check, bank draft, postal money order, travelers check, or telegraphic money order made payable in U.S. dollars to the Treasurer of the United States.
- B. A check which is certified for payment for a limited period of time must be valid for at least twenty (20) days after the date specified for the bid opening, if the check is submitted as a bid deposit, and for at least twenty (20) days after the date the check is received by Company if the check is offered as payment on account. Bank draft (i.e., checks drawn by one bank on another) need not be certified.

32.0 DISPOSAL

- A. Purchaser shall recycle, reclaim, reuse, or dispose of material as defined in Work at the particular facility or facilities, referred to in Sales Agreement. Seller shall utilize those general storage, treatment recycling, reclamation, reuse, and disposal methods specified in Sales Agreement. Company shall be solely responsible for determining the specific times and techniques for storage, processing, treatment recycling, reclamation, reuse, and disposal of the material.
