

Come on! Get on the bus!

Education Outreach Programs at the Savannah River Site invites you to experience a **VIRTUAL** field trip:
“Feathers in the Forest”.

Joining our team as ecologists, you will assess two different forests to determine which forest meets the habitat requirements of the endangered Red-cockaded Woodpecker (RCW).

Experience up-close SRS conservation efforts by the US Forest Service as they work to preserve the RCW’s home.

Roundtrip 20 minutes!
